Angel Of Death The Story

The Angel of Death's personification as an evil creature wearing a black hood and carrying a scythe (the Grim Reaper of popular culture) originated from the Jewish Talmud's descriptions of an Angel of Death (Ma'akh ha-Mavet) that represents the demons associated with the fall of mankind (one consequence of which was death).

Learn About the Angel of Death

Angel of Death covers a lot of territory - history, science, and the early days of medicine and surgery. It's a fascinating tale with a long list of characters, some well known ones such as Edward Jenner and John Hunter, and many less well known (at least to me) such as Lady Mary Wortley Montagu.
