Arbitration Practice in Construction Contracts, 5th ...

out of construction contracts. The Arbitration Act 1996 was an attempt to set out our basic law of arbitration in a logical and easily read form, in the hope that by doing so this form of dispute resolution would be improved and promoted, both domestically and internationally. We also made a number of changes to the law as it previously stood.

Arbitration Practice in Construction Contracts - Douglas A ...

Arbitration clauses commonly appear in construction contracts; and, as noted by the court in Roland's Roofing, "Texas policy and federal policy favor arbitration." In practice, this means that generally any doubts concerning the scope of an arbitration agreement will be resolved in favor of arbitration. While the pros and cons of arbitration over litigation can be debated, arbitration is often touted as being less expensive than litigation, which is not always the case.

Subrogation Claims and Arbitration Clauses in Construction ...

Although arbitration agreements are typically included in the commercial contract to which they relate, it is possible for them to be set out in a separate document and incorporated into the commercial contract by reference (section 6(2), Arbitration Act).

(PDF) Arbitration in Construction Industry: An Overview

Construction contracts commonly call for arbitration as the parties' dispute-resolution procedure, especially on international projects. While often a wise choice for adjudicating international construction disputes, international arbitrations can raise many complex legal questions, including determining the procedural and substantive law governing the parties' disputes and how to apply that law to the disputes.

International Arbitration of Construction Contracts ...

Drafting Arbitration Clauses in Construction Contracts: Best Practices and Questions to Consider. Many construction lawyers who specialize in transactional work acknowledge that they do not spend much time considering or negotiating the arbitration clauses in construction contracts. Should an arbitration clause be just a boilerplate provision, taken "off the shelf," or should it be specifically negotiated and crafted for the particular construction project and to accommodate the parties
