Technology: Principles,

Diagnosis, and Service

File Type PDF

Automotive

Technology

. by James D.

Halderman. This book

is used for courses in

technical and trade

school. Therefore, you

can't really go wrong

with this one. It is way

more complex than the

previous ones, though,

but deeply covers all

areas of automotive

service. Topics are

divided into short

sections making it

easier for you to

understand and

memorize.
