Case Studies In Abnormal Behavior

Case Study: Benny. The following story comes from Benny, a 28-year-old living in the Metro Detroit area, USA. Read through the interview as he recounts his experiences dealing with addiction and recovery. Q: How long have you been in recovery? Benny: I have been in recovery for nine years. My sobriety date is April 21, 2010.

Case Studies: Substance-Abuse Disorders | Abnormal Psychology

Case studies are widely used in psychology and amongst the best known were the ones carried out by Sigmund Freud, including Anna O and Little Hans.. Freud (1909a, 1909b) conducted very detailed investigations into the private lives of his patients in an attempt to both understand and help them overcome their illnesses. Even today case histories are one of the main methods of investigation in ...
