Cat Commercial Diesel Engine Fluids Recommendations

Demanding conditions, applications and environments make Cat ® C9 Industrial Diesel Engines the perfect solution for your severe duty equipment. With decades of diesel engine innovation and expertise behind these engines, they deliver the low operating costs and legendary Cat reliability and durability that give you a powerful advantage.

C9 Industrial Diesel Engines | Cat | Caterpillar

You could look in the Cat C9 manual Page 159 and read the manufacturers method of filling with 30 quarts of oil, running the engine, sit for 20 minutes, check the dipstick and confirm or re-mark that as the add mark, then add 4 quarts and confirm or mark as full. That's 34 quarts. The Cat engine owners manual and I both think that's the right ...

Oil change Cat C9 - RV Forum

Cat fluids are formulated of high quality refined oil base stocks and additives of optimal chemistry and quantity to provide high performance in engines and machine components. Cat fluids are used for factory fill of Cat engines and components and are offered by Caterpillar dealers for servicefills and as aftermarket products.

Caterpillar On-Highway Diesel Engine Fluids Recommendations

There have not been any common problems with the oil pumps on the C9. The minimum engine oil pressure at 1800 rpm should be approximately 275 to 414 kPa (40 to 59 psi). Minimum engine oil pressure at low idle rpm (700 to 800 rpm) should be approximately 125 kPa (18 psi). These specs are on a hot engine. Cat does not give any specs on a cold engine.

I have a CAT C9 with a strange oil pressure problem. I ...

Where fluids meeting either Cat ECF-1-a, Cat ECF-2 or Cat ECF-3 are offered as an option in typical applications, in order to help ensure the maximum expected engine compartment performance and life, oil meeting the Cat ECF-3 specification must be used.) NOTICE Faulty engine coolant temperature regulators, or op-
