DrSophiaYin

A pet shower in the "pet room" or near the front door. A walk-in shower, half the height of the average shower, will make washing muddy paws quick and simple. Add a grooming table if you enjoy styling and blow-drying your pampered pooch. A recessed shelf to allow pet food bowls to be raised off the floor.

How to Create a Pet-Friendly Home

PET/CT studies were interpreted by simultaneous cooperation of a specialist in nuclear medicine and a radiologist: at first, it was explained why the featured patient was referred with the stated history. Thereafter the PET/CT findings were described for the diagnosis and differential diagnoses of the findings were given.
