Replace or Repair? Modern vehicles commonly feature a slew of complex, electronic modules controlling the driveline, braking/stability systems, security systems, climate control – heck there's even controllers working the wipers (auto rain detect) and automatic headlight levelling. As we all know, these control modules are prone to failure ...

Testing and repair the ABS-modules. ACtronics has developed its own test set-up to test ABS units. The Vision 6 test platform is used for unit testing. This system is able to fully simulate the operation in a car. In case of defects, a temporary solution (connect / gluing) is not chosen, but instead a more durable solution is carried out when ...

Overview Boxster. The Porsche Boxster is a mid-engine two-seater roadster. It was Porsche's first road vehicle to be originally designed as a roadster since the 914.The first-generation Boxster (the 986) was introduced in late 1996; it was powered by a 2.5-litre flat six-cylinder engine. The design was heavily influenced by the 1993 Boxster Concept.

Motorcycle Windshields & Windscreens - RevZilla

The Porsche 924 is a sports car produced by Audi in Neckarsulm, Germany, on behalf of Porsche from 1976 until 1988. A two-door, 2+2 coupé, the 924 replaced the 912E and 914 as the company's entry-level model. Although the 928 was designed first, the 924 was the first production road-going Porsche to use water cooling and a front-engine, rear-wheel-drive layout.
