Larry Pegram and the Foremost Ducati 1098 WINS Elkhart Lake Superbike race with a Fox Performance Engines Crankshaft Prepared by Ben Fox. I finally got to meet Larry in person at the World Superbike Race at Miller Motorsports in Utah. He's a great guy and been working pretty hard, so I could tell that a win was inevitable for him.

Ducati engine rebuild

Most motors that pass through the BSD Performance engine room are in for extensive tuning either pre or post-season. Occasionally accident damage has to be sorted and parts sourced prior to any further work and often – especially for one-make race series or Superstock bikes – an engine will require

But after some arm twisting (and a few good dinners and bottles of wine) he agreed and promised to build an engine befitting the project. To start with, Ducati roundcase GT and Sport motors use valve springs like most engines of the 70s and only the 750SS motors are spring-less, with desmodromics doing all the valve opening and closing work.
