Flash Boys

Flash Boys: A Wall Street Revolt is a book by the American writer Michael Lewis, published by W. W. Norton & Company on March 31, 2014.

Flash Boys - Wikipedia

Put simply (and in Flash Boys Michael Lewis explains this recurring phenomenon quite simply) a flash crash is how high frequency traders use computers, multiple exchanges and time to abuse the rules. Now that i've summarized that, let me back up a second and deconstruct the sentence. First, what are the rules?

Flash Boys: A Wall Street Revolt: Lewis, Michael ...

FLASH BOYS is about high frequency traders and the effect that they have on the stock market. Through sinister sounding things like "front running", "rebate arbitrage" and "dark pool arbitrage", which Lewis describes clearly for lay readers, high frequency traders have taken billions from ordinary investors and made the stock market an even more forbidding and unfair place than it already was.
