bundle of related projects, managed in a coordinated manner, to attain the benefits, which is available only when the projects are managed in groups.

There are many students who misconstrue project for the program, so here, in this article, we will explain the difference between project and program.

## **Difference Between**

## Access PDF From Projects To

### **Project and Program (with Comparison)**

The projects within a program share a goal. They are related to each other because of the shared program goal. If all the projects within the program are not successful, the final goal of a program is either not met or partially met. Each project in a program creates a unique product, service or a result.
