LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

### Health And Human Rights In

The right to health is one of a set of internationally agreed human rights standards, and is inseparable or 'indivisible' from these other rights. This means achieving the right to health is both central to, and dependent upon, the realisation of other human rights, to food, housing, work, education, information, and participation.

### Human rights and health - World Health Organization

In 1946, states recognised in the WHO Constitution that 'the enjoyment of the highest attainable standard of health is one of the fundamental rights of every human being'.<sup>34</sup> Subsequently, the right to health has been elaborated repeatedly in international and regional human rights treaties.<sup>35–43</sup> The International Covenant on Economic, Social and Cultural Rights (ICESCR) codifies the right to the highest attainable standard of physical and mental health,<sup>44</sup> which has been authoritatively ...

Human rights are not commodities. The transition from a right to a commodity lies at the heart of a system that perverts a right into an opportunity for corporate profit at the expense of those who suffer the most. Health insurance companies make money by denying claims for care while still collecting premiums. That's their business model.
