(December 2012 Good Reads interview, http://www.goodreads.com/interviews/show/828.John_Green). He cautions his readers not to take the novel too literally however, stating that he doesn't "want people conflating Esther with Hazel (they're very different), and it's extremely important to me that I not claim to be telling Esther's story. Esther's story belongs to Esther and to her family." (John Green's tumblr, August 2, 2012 <http://fishingboatproceeds.tumblr.com/post/28557373623/everybody-was-told-to-make-a-funny-face-but-i>). Esther's story is told in the 2014 posthumous memoir *This Star Won't Go Out : the Life and Words of Esther Grace Earl*.

The Art of War is an enduring classic that holds a special place in the culture and history of East Asia. An ancient Chinese text on the philosophy and politics of warfare and military strategy, the treatise was written in 6th century B.C. by a warrior-philosopher now famous all over the world as Sun Tzu. Sun Tzu's teachings remain as relevant to leaders and strategists today as they were to rulers and military generals in ancient times. Divided into thirteen chapters and written succinctly, The Art of War is a must-read for anybody who works in a competitive environment.

The bestselling self-published phenomenon addressing our urgent need for self-love in the world today. Now expanded with new reader oriented lessons, and a powerful and transformative personal story of the practice in action.

Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”), and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game.
