

Andhra Pradesh Karnataka

Evolution of Dalit Movement in South India, is a first kind of work, covering Dalit Movement in south India. This book will answer the many questions and misconceptions about the caste system in India in general and to eradicate it the efforts put in by social reformers and stalwarts with their the organizations in particular. It is a unique work, where reader will find the consolidated history of Dalit Movement of all four southern states i.e. Karnataka, Andhra Pradesh, Tamilnadu and Kerala. It a excellent source material for students and researchers of Political Science, History, Sociology, Human Rights and also for general public who have quest for knowledge.

India is rich in its oral tradition. Its antiquity defies historical inquiry. Indian folklore offers diversity in the forms of expression while retaining the unity of theme, i.e. Dharma., The forms may be changing periodically to suit the times. The purpose of these popular art forms has been the same in a way as the classical arts. They provide education through entertainment. Andhra Desa, comprising roughly the present state of Andhra Pradesh, is very significant in its folk tradition in variety of forms. Numerous producing and service castes so far maintained their own sub castes of bards to retain their collective memory of the community and family histories besides propagating the Puranic knowledge and stories from great epics. The dependent sub-castes who have been so far preserving these arts and ancient knowledge are speedily disappearing due to lack of patronage and changing life-style. In this context, this book, the result of a painstaking research involving lot of field work may serve as a tribute to those unselfish barefoot narrators and preservers of history of bygone ages.

Part I - China's rapid economic growth and its implications for agriculture and food security in China and the rest of the world; Part II - Indian agriculture and scenario for 2020.
