A chakra is a spinning vortex of energy created within us by the interpenetration of consciousness and the physical body. From the base of your spine to the top of your head, there are seven major chakras, and when you read *The Truth About Chakras* you'll understand that they can effect incredible life transformation and healing. Feminine Empowerment Path of the Goddess: At the dawn of religion, God was a Woman. The Divine Feminine is known by innumerable names and symbol-rich manifestations across the world's cultures. Throughout the ages the Goddess has been honored and worshiped as the Virgin Mary, Isis, Inanna, Asherah, Diana, Kuan Yin, Kali, Oshun, Athena, Pele, Sarasvati, Demeter, and White Buffalo Calf Woman, to mention just a few. Many conceptions of the Goddess are mysterious and seemingly paradoxical. Yet at its source, the Divine Feminine is one. *I Am (With) Her* takes you on a fascinating and, at times, surprising journey into the enduring essence of the Divine Feminine. Inside this book you will learn:

- How the Goddess path offers an empowering message and inspiration
- The importance of re-establishing a healthy balance and integration of both the "masculine" and the "feminine" archetypes
- That the notion of God as archetypal "Sky-Father" is fairly recent in Western culture
- Why the wisdom of the Goddess/Sacred Feminine has been ignored, distorted, and oppressed for centuries
- How archetypes, mythic narratives, and qualities of Goddesses are alive within you and how they reveal intimate truths about yourself and others
- How Goddesses can serve as empowering guides in your personal and professional life
- Why especially black

Goddesses/dark-skinned Mothers (e.g., Kali or Black Madonna) are a powerful symbol and catalyst for change in our times, both individually and collectively • And much, much more!

"We are created in rhythm, kept alive in rhythm, evolve through rhythm. Tides, breath, and blood flow in rhythm. We are born into a universe of currents, and our heart is the great conductor of the body, orchestrating our flow." The mystical foundations of all the world's spiritual paths meet in a single, sacred place: the heart of the seeker. We have reached a time when scientific understanding mirrors the teachings of the great wisdom traditions in revealing our energetic heart as the light of consciousness, the fire of love, a field of intelligence.

Tending the Heart Fire, the first book by pioneering yogini Shiva Rea, is an invitation to embody our extraordinary potential at this turning point in time, to reconnect your life to the rhythms of your body and the natural world—to live in flow with the pulse of life. Weaving together wisdom from the great world traditions—including yoga, Ayurveda, Tantra, and modern science—Shiva presents an essential resource for becoming a firekeeper of the sacred heart.

This diverse treasury is filled with meditations, life guidance, seasonal rituals, and daily practices, including:

- Insights for harmonizing with the sacred junctures of time—the daily, weekly, lunar, and solar cycles of manifestation and renewal
- Aligning with the seasons—how to adapt your diet, exercise, and yoga rhythms throughout the annual cycle
- Ways to honor the great sacred holidays, rites, and festivals
- Awakening of sahaja—the natural flow at the origins and source of yoga asana and sacred embodiment at the heart of yoga and Tantra
- Skills for tending your inner fire in every aspect of life and healing imbalances that can support a renewable energy lifestyle
- A visual teaching with over a hundred full-color images, including reference charts, diagrams, illustrations, and ancient poetry for inspiration

The legacy of the Heart Fire is more than eight hundred thousand years old—and in our modern world, we need more than ever to consciously reconnect to the radiant field that transcends time, space, and culture. "The direct awakening of the heart often happens when we are at a crisis point, when the armor of our heart has to crack," writes Shiva Rea. "Let us return to the power and magnificence of our hearts—as living fire, as intelligent energy and electromagnetic radiance, and as our illuminating guide toward love, creativity, and deep knowing of our true sacred nature."

A leading figure in the field of healing and mind/body research presents an intriguing, multidisciplinary, and multicultural study of the human energy field. "A most impressive blend of extensive research and expert personal observation".--*Meditation magazine*. Photos; drawings.

Arranged schematically, the book uses the inherent structure of the chakra system as a map upon which to chart our Western understanding of individual development. Each chapter focuses on a single chakra, starting with a description of its characteristics and then exploring its particular childhood developmental patterns, traumas and abuses, and how to heal and maintain balance.

- Over 35,000 copies of the original edition sold.
- Includes full-color illustrations of the chakras to be used with the meditation exercises in the book and provides the tools necessary to activate these centers of transformative energy. In the ancient science of tantra, the human body is viewed as the most perfect instrument for the expression of consciousness, a perfection realized through the development of psychic centers known as chakras. Located within the cerebrospinal system, the chakras are the stage upon which the interaction between higher consciousness and desire is played out. Consequently, it is through understanding and utilizing the energies of the chakras that we ultimately reach an enlightened state of being. In *Chakras*, Indian scholar and tantra practitioner Harish Johari introduces the classical principles of the chakras as well as their practical application for today. In this expanded edition, complete with new art and text, he unfolds the mysteries of these subtle centers of transformation with visualization techniques essential to a fully realized tantric practice. Unlike other books in its field, *Chakras* provides the tools to activate these centers of transformative energy and elevate one's intellectual knowledge to an experience of spiritual growth. Meditating on the beautiful, full-color illustrations of each chakra vitalizes the cerebrospinal centers and harmonizes the entire system both physically and psychically. Explanations of each chakra elaborate on the chakra's connection to elements, colors, sounds, sense and work organs, desires, planets and deities, as well as on behavioral characteristics and particular effects of meditation. For scholars and spiritual aspirants of every level, *Chakras* is an invaluable, practical source of information and techniques.

Color Your Chakras is a fun activity book for adults and children alike. The chakras are powerful energy centers located in your subtle body. Unknown to many people, these vortexes of life energy govern and regulate your physical body. According to the ancient Tantric and Vedic scriptures of India, there are 14 chakras - seven major ones along your spinal column, and seven others, most of which are located in your brain. Each chakra performs a specific function and is associated with discrete body parts and aspects of mind. Each chakra (or "wheel") has a hub, where subtle energy conduits intersect; and spokes, which are radiations of subtle energy. Chakras are often likened to lotuses, and the radiations of energy are equated with lotus petals. The lotus petals

on six of the seven major chakras comprise the entire Sanskrit alphabet, and the seventh major chakra vibrates all 50 letters of the Sanskrit alphabet. Each left-hand page in *Color Your Chakras* includes a description and explanation of each chakra or chakra deity. Each right-hand page is an appropriate drawing. The explanations include information about the drawings and the specific colors that are mentioned in the scriptures of ancient India.

Many people focus on a single chakra - like the Crown Chakra for Spirituality, the Brow Chakra for Psychic Powers, the Heart Chakra for Universal Love, the Solar Plexus for Power (especially for those into the martial arts) and so on - each chakra's special attribute. And some people try to repress the 'lower' chakras as morally bad. BUT the real importance is to understand the chakras as The Energy System of the entire Mind/Body/Spirit Complex. At the inner core of each one of us spin seven wheel-like energy centers called chakras. Swirling intersections of vital life forces, each chakra reflects an aspect of consciousness essential to our lives. Together the seven chakras form a system of modeling that consciousness that enables us to better see ourselves - in mind, body, behavior and culture. This system is a valuable tool for personal and planetary growth.

Using the science of sound healing for higher consciousness, stronger relationships, planetary oneness, and physical and emotional healing • Offers exercises with breath, tone, sacred vowel sounds, and the chanted Bija Mantras to activate and balance the chakras for greater health and harmony • Shows how to practice sound healing individually or with a partner to enhance communication, reduce stress, and create inner balance and peace • Previous edition won the Best Book in Alternative Health Award from the Coalition of Visionary Resources As both ancient spiritual masters and modern quantum physicists acknowledge, the universe is vibration. Through sound and its ability to communicate with our chakras and subtle body, we can tap into the vibration of the universe for greater harmony and stronger relationships; physical, emotional, and spiritual healing; expanded consciousness; and planetary oneness. In this step-by-step guide, sound healing pioneer Jonathan Goldman and his wife, holistic

psychotherapist Andi Goldman, reveal specific ways the voice can resonate the physical and subtle bodies, including 7 powerful chanted Bija Mantras and sacred vowel sounds to balance and align the chakras. Providing exercises with breath, tone, mantras, and seed sounds, the authors show how to practice sound healing either individually or with a partner to strengthen relationships, reach deeper emotional levels, enhance communication, reduce stress, achieve inner balance, and create harmony with those around you as well as the whole planet.

Use the power of life force to live your highest potential. We all know what it's like to have a "charge" about something. It's a feeling of excitement, fear, sexual arousal, or irritation. But what we don't currently know is how to use charge for the behaviors we want to create. Charge is a word for the basic life force running through us. This force is crucial if we are to meet the challenges of difficult situations, heal past wounds and traumas, and manage the stress of modern life. Even more, it is essential for understanding how to master your own life force and become all you can be. This book makes an important contribution to the growing field of Energy Medicine, by looking at charge as the interface between mind and body, and the missing ingredient in Mind-Body healing. It brings the reader into a deep intimacy with their own life force, as well as an understanding of how charge runs their relationships, their children, their clients, and patients. It examines how we can become "overcharged" or "undercharged" and how to bring about balance through practices of charging and discharging. Each chapter gives simple exercises to put these principles into practice. World-renowned teacher, somatic therapist, best-selling author, and advanced yoga teacher, Anodea Judith, Ph.D., addresses all this and more in her groundbreaking book on mastering the life force. Taken from her decades of teaching on the subject and her doctoral work in Mind-Body medicine, this book contributes something entirely new to the literature on healing self and others.

This book is a collection of reflections, prompts, tools, and practical exercises to support your self-discovery, mental, emotional, physical well-being and healing in a sustainable way. What You'll Find Inside: ? An introduction to the myths in our modern understanding of the chakra system and alternative ways of thinking ? 7 chapters based on the ancient wisdom of the chakras to anchor your reflections and healing in various topics like emotional awareness, confidence, or belonging ? Everyday challenges & exercises to widen your understanding of your yoga practice and integrate seamlessly into your daily life ? Illustrations by artist Katya Uspenkaya Author's Note From a very early age, I've felt like the world was spinning too fast. I was always playing catchup and going against my inner, natural pace. Yoga for me became a way to connect with my intuitive rhythm. It has taught me again and again about what it means to simply be, with myself and with the world around me. After a while, I started wondering if I could stay as present in everyday challenges and happenings as I was when I was moving and breathing in my asana practice. I'd started on a yoga mat but my practice never felt quite powerful enough to infiltrate all areas of my life. Why was it so difficult to say no to things I didn't want to do when I'd been learning about that in my physical practice? Why would I not let myself "flow" in my creative projects as much as my breath during meditation? This book is part of my journey of discovering how yoga can truly be a practice of every day, every hour, every minute. It is a collection of my attempts at putting together building blocks of awareness, so I always find pockets of connection whether I'm sitting on a loud train, cooking a meal, or deep into my email inbox. I hope you find comfort and ways to cultivate confidence through these pages. May the reflections and practice build the freedom and intuition you need to let the wonderful practice of yoga take the shape it needs to serve you and your communities. With love and curiosity, Ely

Understanding chakras is an effective first step in harnessing every human being's hidden life-

changing energies and employing inner powers for spiritual and physical healing. The word chakra originated with the Vedic teachings of ancient India. It comes from the Sanskrit word for "wheel of light," and denotes the energy centers that exist in every man and woman. The Book of Chakras explores the nature of these energy sources, explains where they dwell in each of us, and instructs on how to use them. The author identifies seven energy centers in the human body. The Root Chakra, located in the lower torso, anchors us in life. From that point on the rising ladder of love and healing, we become aware of the Sacral Chakra, the Solar Plexus Chakra, the Heart Chakra, the Throat Chakra, the Brow or Third Eye Chakra, and the Crown Chakra. The last, the Crown Chakra, located in the head, is the most refined and spiritual center in the human energy system. Chakra teachings describe seven bodies that make up every person's aura. They are the Physical, Etheric, Astral, Mental, Divine, Spiritual, and Soul bodies. Chakra teachings say that each of these bodies vibrates in ways that are allied to the colors of the universe. However, only one of these bodies, the Physical, is visible. When we understand these bodies in detail, we become able to correct chakra imbalances and harness our powers for peaceful and productive living. The author advises on ways of restoring balances, healing through the power of thought, and employing colors, sounds, crystals, acupuncture, and other means. More than 300 color illustrations.

Cristi Christensen's *Chakra Rituals* is a book that makes the ancient science of Chakras accessible to spiritually conscious women, and offers a seven-week step-by-step program. Learn how to tap into the single most perfect system living inside of each of us—the seven

Chakras. While Chakras have become trendy, sexy, cool, and very spiritual, few people today really know how to activate the Chakras' powerful energy for deep transformation. Cristi Christensen aims to change that, and Chakra Rituals offers readers a multi-dimensional, practical, and inspiring structured seven-week step-by-step program. Each week, readers are instructed how to activate a different Chakra, and each weekday they are led through a dynamic, easy, and motivating practice (altar building; breathing; meditation; vinyasa yoga flow, mudra, writing contemplation, and embodiment) which distills the esoteric concepts and makes them tangible, living experiences. A self-discovery and self-help guide with striking full-color illustrations, Chakra Rituals employs the Chakras' potential to open the pathways to a full, enlightened "aliveness." Seasoned practitioners and newcomers alike are invited to flow with their emotions, claim their power, transform their lives, and align with the divine.

Balance your chakras to improve your life, with the powerful 'moving meditation' of Chakradance. If you like the idea of yoga, but not the challenging poses, Chakradance is for you. If you like the idea of meditation, but find it hard to sit still for more than a few minutes, Chakradance is for you. If you know you've got old 'baggage' to release, but find 'talking therapy' too awkward for words, Chakradance is for you. We all want to achieve that wonderful state of 'well-being' in which we feel happier, healthier, more grounded, more balanced, more fully ourselves and more fully alive! With Chakradance, more and more people are finding a way to achieve this. Our chakras are our energy centers (subtle, invisible, but essential to life), that hold mind, body and spirit together. The practice of Chakradance activates, tunes and balances your chakras, to improve your life. Eastern philosophies have long known about the dynamic inter-relationship of mind, body and spirit, and the West, thanks partly to advances in the field of neuro-science, is quickly catching up ... hence the growth of yoga, of mindfulness, and a whole new world of "well-being" practices. In this book, Chakradance(TM) founder Natalie Southgate explains how this gentle yet powerful 'moving meditation' practice actually works, including examples and stories from her own life and the lives of Chakradancers all over the world. She demonstrates how working with your chakras, using music, movement and mandalas, can help you discover a deeper connection to your true authentic self, leading you to the most wonderful feeling of vibrant well-being. The book also includes links to downloadable chakra-specific music tracks and guided meditations so you can try it for yourself.

Fuzziology studies the fuzziness inherent in what we know about ourselves, the sources and nature of our experience, our thoughts and feelings, drives for understanding and urges to create and realise our potential. This kind of fuzziness is at the core of our existence, at the essence of our humanness. It affects any field of human activity, be it mathematical study of fuzzy equations and fuzzy integrals; engineering design and implementation of fuzzy logic-based methodologies; fuzzy control systems or fuzzy robots. Social fuzziology investigates the role of fuzziness in understanding the dynamic complexity of human existence in the social world. It is a study of the nexus between the complex demands of life -individual and social -and the fuzziness of thinking.

Since human evolution over 2 billion years has seen the co-evolution of social complexity with human language and thought, it is likely that the fuzziness of language and thought is especially intimately formed by the demands of social complexity, just as social complexity is sustained by the inherent fuzziness of language and thought. Social fuzziology is not simply one field of application of fuzziology. Given the initial state of the development of fuzziology, social fuzziology needs to develop hand in hand with fuzziology, each helping to advance the other.
