YA. Adventure fiction. Fantasy fiction. Listen then, and I'll tell you again of the Battle of the Rock. But none of your usual wriggling, or I'll stop before I've begun . . . Halli loves the old stories from when the valley was a wild and dangerous place - when the twelve legendary heroes stood together to defeat the ancient enemy, the bloodthirsty Trows. Halli longs for adventure but these days the most dangerous thing in the valley is boredom. He tries to liven things up by playing practical jokes. But when one of his jokes goes too far, he reawakens an old blood feud and finds himself on a hero's quest after all. Along the way he meets a ruthless thief, a murderous rival, and a girl who may just be as fearless as he is . Jonathan Stroud has created an epic saga with a funny, unique spin, and an unforgettable anti-hero.

GDP is much more than a simple statistic. It has become the overarching benchmark of success and a powerful ordering principle at the heart of the global economy. But the convergence of major economic, social and environmental crises has exposed the flaws of our economic system which values GDP above all else as a measure of prosperity and growth. In this provocative and inspiring new book, political economist Lorenzo Fioramonti sets out his vision of a world after GDP. Focusing on pioneering research on alternative metrics of progress, governance innovation and institutional change, he makes a compelling case for the profound and positive transformations that could be achieved through a post-GDP system of development. From a new role for small business, households and civil society to a radical evolution of democracy and international relations, Fioramonti sets out a combination of top-down reforms and bottom-up pressures whose impact, he argues, would be unprecedented, making it possible to build a more equitable, sustainable and happy

society.
