This specialty buying guide presents easy-to-use historical profiles of some 200 models--cars, trucks, minivans, sport utility vehicles--giving readers a comprehensive view of each model as a used car. With profiles and reviews of more than 150 new domestic and imported cars and passenger vans, this reference is every car buyer's dream--and the smart buyer's guide to the best deals on wheels. Includes exclusive discount price lists and "low prices" to help shoppers negotiate with salespeople, specifications for all body styles, engines, and EPA fuel economy ratings, rating charts that assess each car in 16 important categories, and more.

Although recent findings show the public increasingly interacting with government Web sites, a common problem is that people can't find what they're looking for. In other words, the sites lack usability. The Research-Based Web Design and Usability Guidelines aid in correcting this problem by providing the latest Web design guidance from the research and other forms of evidence. This unique publication has been updated from its earlier version to include over 40 new or updated research guidelines, bringing the total to 209. Primary audiences for the book are: Web managers, designers, and all staff involved in the creation of Web sites. Topics in the book include: home page design, page and site navigation, graphics and images, effective Web
