A machine digs a big hole. A cement mixer pours cement. Carpenters put up walls. Bricklayers, electricians, plumbers, and painters do their part. Through brilliantly simple words and pictures we follow each step, and before our eyes a house is built.

The Huguenots were the most successful refugees to leave their homeland in search of freedom. The book tells of their questioning of the established Catholic faith in France and continues through the rise of Calvinism, the wars of religion, the revocation of the Edict of Nantes, and the global diaspora of the Huguenots. It examines the national events that shaped their times, and brings to life some of their personal stories of persecution and flight, and how they travelled far

and wide to begin new lives with the promise of religious and personal freedom. The book not only tells their history but informs the reader of the numerous, diverse and ingenious inventions, many of which are still much in evidence in our lives today. The book focuses mainly on France and the United Kingdom but within its covers can be found a kaleidoscope of information of their worldwide diaspora. Included within its pages are countless, often previously unpublished, Huguenot family histories set against the events they lived through. The book covers 500 years of history from 1517-2017 and includes many courageous and selfless acts of Huguenot descendants during both world wars and identifies many well-known individuals who have Huguenot ancestry. There is also information on how to research your Huguenot ancestors. The book has been described as a factual novel as it embraces both dedicated meticulous cross-referenced research with the easy read of a novel. A book with a difference that will suit both academic scholars and those who have very little knowledge of the Huguenots but would like to know more.

Three women. Three cups of tea. Three new beginnings. Sarah Gardner's husband went to sleep one night in November and never woke up. At forty-years-old, the new widow is left to care for their three children, all of whom are under the age of five. Twenty-five-year-old Filipina, Kate Morgan, thought she had met the man of her dreams during what was a perfect summer vacation. Now married to the handsome American who had swept her off her feet, and over 8000 miles away from home, Kate soon realizes that her mother was right: vacations end and people change. Louise Delaney couldn't ask for anything more. At fifty-nine, she had enjoyed almost four decades of blissful marriage to Warren—may his soul rest in peace. But Louise's seemingly perfect world is upended when she gets a visit from a sixteen-year-old who says she is Warren's daughter. Three exceptional women—each of whose hearts are broken into a million pieces—come together in this

extraordinary tale of life, love, and true friendship. Read the full Mulberry Lane Series - Inspirational Women's Fiction: Book 1: Tea for Three Book 2: Three Wishes Book 3: In Three Years

An engaging introduction to buildings, with a deft mix of nonfiction and fiction elements.

Is the eerie tree beside their bucolic cottage really a threat to ten-year-old Immy? Legend and hearsay give way to a creepy series of events in a captivating mystery. Do naught wrong by the mulberry tree, or she'll take your daughters . . . one, two, three. Ten-year-old Immy and her family have run away from their storm cloud of problems to a tiny village in Cambridgeshire, England, where her depressed physician father can take a sabbatical and get back on his feet. Luckily, they find an adorable thatched cottage to begin a new life in. But their new home comes with one downside: in the backyard, there is an ancient, dark, and fierce-looking mulberry tree that has ceased bearing any fruit. There's a legend that the towering tree steals away girls who live in the cottage on the eve of their eleventh birthday, and villagers even cross the street when they pass by the house. Of course, Immy thinks this is all ridiculous. But then she starts to hear a strange song in her head. . . . In a page-turner perfect for middle-graders, Allison Rushby folds themes of new-school travails, finding friends, being embarrassed by parents, and learning empathy into a deliciously goose-bumpy supernatural mystery.

'Simply wonderful.' - BEN FOGLE 'Kate's book has the warmth and calming effect of a log fire and a glass of wine. Unknit your brow and let go. It's a treat.' - GARETH MALONE 'Kate Humble pours her enviable knowledge into attainable goals. It's a winning combination and the prize - a life in balance with nature - is definitely worth claiming.' - LUCY SIEGLE 'As ever, where Kate leads, I follow. She has made me reassess and reset.' - DAN SNOW 'Kate Humble's new book is a lesson in moving on from a tragedy and finding our place in the world' - WOMAN & HOME 'A Year of Living Simply is timely, given that the pandemic has forced most of us, in some way to simplify our lives, whether we planned to or not. Kate wrote it before any of us were aware of the upcoming crisis, but it captures the current moment perfectly... It's not necessarily a "how to" book, more of a "why not try?" approach.' - FRANCESCA BABB, MAIL ON SUNDAY YOU 'What I particularly love is her philosophy for happiness, which is the subject of her new book, A Year of Living Simply. The clue is in the title. Remember the basics. Instead of barging through the day on autopilot, really stop to think about the tiniest little things that added a moment of joy. No, of course stopping and smelling the flowers won't cure all our ills and woes. But taking the time to savour the things that bring pleasure, really being in that moment and appreciating it, can remind you that most days have moments that buoy your mood.' - JO ELVIN, MAIL ON SUNDAY YOU If there is one thing that most of us aspire to, it is, simply, to be happy. And yet attaining happiness has become, it appears, anything but simple. Having stuff - The Latest, The Newest, The Best Yet - is all too often peddled as the sure fire route to happiness. So why then, in our consumer-driven society, is depression, stress and anxiety ever more common, affecting every strata of society and every age, even, worryingly, the very young? Why is it, when we have so much, that many of us still feel we are missing something and the rush of pleasure when we buy something new turns so quickly into a feeling of emptiness, or purposelessness, or guilt? So what is the route to real, deep, long lasting happiness? Could it be that our lives have just become overly crowded, that we've lost sight of the things - the simple things - that give a sense of achievement, a feeling of joy or excitement? That make us happy. Do we need to take a step back, reprioritise? Do we need to make our lives more simple? Kate Humble's fresh and frank exploration of a stripped-back approach to life is uplifting, engaging and inspiring - and will help us all find balance and happiness every day.

The yurt or ger is a low-impact structure that causes no permanent damage to the land on which it is pitched. It is easy to erect and can be taken down in an hour. It is cool in summer and, with a stove, warm in winter. For centuries, people throughout central Asia have made yurts their homes. Robust and versatile, the yurt has evolved into the ultimate portable dwelling. Yurts are perfect for offices, summer houses, meditation spaces, spare rooms, or just beautifully satisfying spaces to be in! Join the thousands of North Americans who are discovering the many virtues of the yurt. Part One of the book delves into the history of the yurt and the principles behind its construction, and explores modern life in a Mongolian ger and the culture and etiquette of ger living. Part Two gives fully illustrated and detailed instructions on how to make several of the most popular types of yurt, including the "weekend yurt." With a few common wood-working tools, even an absolute beginner could build the frame for this simple, elegant structure.

Construction workers use many types of tools to build roads and buildings. Young readers will learn about those tools through carefully leveled text, vibrant photos, and critical-thinking questions.

The East India Company at Home, 1757–1857 explores how empire in Asia shaped British country houses, their interiors and the lives of their residents. It includes chapters from researchers based in a wide range of settings such as archives and libraries, museums, heritage organisations, the community of family historians and universities. It moves beyond conventional academic narratives and makes an important contribution to ongoing debates around how empire impacted Britain. The volume focuses on the propertied families of the East India Company at the height of Company rule. From the Battle of Plassey in 1757 to the outbreak of the Indian Uprising in 1857, objects, people and wealth flowed to Britain from Asia. As men in Company service increasingly shifted their activities from trade to military expansion and political administration, a new population of civil servants, army officers, surveyors and surgeons journeyed to India to make their fortunes. These Company men and their families acquired wealth, tastes and identities in India, which travelled home with them to Britain. Their stories, the biographies of their Indian possessions and the narratives of the stately homes in Britain that came to house them, frame our explorations of imperial culture and its British legacies.

A step-by-step description of how a new house is built, from the architect's first blueprint to the day a family moves into their new home.

It's nice to have your friends move in, but. . . . A sweet, wry tale of cooperation and camaraderie, told with pastoral artwork by Inga Moore. One little pig has made a little den for herself in the woods, and another little pig has a small hut next door. One morning they return from a walk to find that their big friend Bear has moved into the den and an even larger Moose into the hut. CRASH! With both homes collapsed, they're all in a pickle--but what if they find a way to build a house in the woods that all four of them can share? With lush, whimsically detailed illustrations and a cast of endearing, industrious (and most accommodating!) characters, Inga Moore constructs an inviting story of friendship that kids will be happy to visit awhile.

1943, Mulberry Lane, London. In the midst of another bleak winter, life is hard for the residents of The Lane. When Rose Merchant arrives at Mulberry Lane, she is carrying a secret that haunts her. How can she tell her landlady and the Lanes' matriarch Peggy Ashley that she is the daughter of a murderer? As Rose learns that she is amongst friends she gradually learns to trust and even to love. But when Peggy's estranged husband Laurie returns home for good, both Rose and Peggy's lives are once again turned upside down. Can they both find their way through the heartache to find happiness?

Houses are built with many different materials, and in many shapes and sizes. Step by step, this picture book explains how homes are built—from the architect's plans through the arrival of a happy family. The many processes of construction are explained with simple language and bright, clear illustrations, perfect for kids starting to wonder about how the world around them works. Many different careers—including carpenters, plumbers, electricians, and landscapers—are introduced, each doing their part to bring the picture wood-frame house to life. A great read for kids who love construction sites, or who can't get enough of Building a House by Byron Barton. According to The Washington Post, Gail Gibbons "has taught more preschoolers and early readers about the world than any other children's writer-illustrator." Ms. Gibbons is the author of more than 100 books for young readers, including the bestselling titles From Seed to Plant and Monarch Butterfly. Her many honors include the Washington Post/Childrens Book Fuild Nonfiction Award and the NSTA Outstanding Science Trade Book Award.

The bestselling novel from the Man Booker Prize shortlisted author of *The Northern Clemency* and *King of the Badgers*.

Since antiquity, few trees have had a greater impact on the world's cultures and economies than the mulberry. The sole food of the silkworm, the leaves of the mulberry brought prosperity not only to ancient China, but to all nations that learned the art of silk production. Mulberry bark was used to make the first paper, and the succulent, blood-red fruit of the black mulberry has inspired poets from Ovid to Shakespeare. The medicinal properties of all parts of the tree have been known for millennia, making it a tree of choice for medieval monastery gardens, while its anti-diabetic effects are opening exciting avenues of research today. This sumptuously illustrated book tells the remarkable story of the mulberry tree and its migrations from China and Central Asia to almost every continent of the globe. It will appeal to all who wish to know more of the rich—and often juicy—history of this emblematic tree.
