This fictional story brings spiritual warfare to the surface

of a very real war to a point where one begins to understand that angelic wars going on all around us on a daily basis.

He is everywhere. He surrounds me, permeates the air, wends his way under my skin. I can't escape his strength, his intensity, his presence. I'm trapped. There's nowhere to run. Nowhere to hide. But even if I could escape...would I be strong enough to leave? I needed something-something big-to get myself out of the rut I'd fallen into after the car accident that killed my sister. This sailing trip was meant only to mark a new chapter in my life. Until Ethan Williams stepped on board. Ethan radiated confidence. His darkly handsome good looks and ocean-blue eyes mesmerized me. But it was the way he looked at me that drew me in. He wasn't looking at my past or at my scars, but the real me behind all that baggage I was trying so hard to leave behind. But Ethan had secrets-dark, dangerous secrets. I was trapped in the middle of the ocean in a tangle of lies, sex, and violence. The problem was, I was happy to be trapped forever...if it meant I could have him. Warning: Swept Away is a 4-part serial. This story is messy and twisted and very, very sexy. It is not for people under 18. This set includes the first 3 books in the Raina Sun Cozy Mystery Series. For readers who like cozy mysteries, quirky characters, a dash of humor, and Chinese-American culture. Raining Men and Corpses Graduate student Raina Sun is trying to keep her head above water as the bills roll in when her dashing college adviser cons her out of several months of rent. But her quest to get her money back sets into a motion a streak of bad

luck. First, she finds the dead body of an ex-lover and becomes the prime suspect in his murder. The only man she ever loved reappears as the lead detective on the case and wants to reignite their passion (or at least he's sending out smoke signals). Her life careens out of control as her grandma moves into Raina's postage-stamp-sized apartment, dragging a red suitcase and trouble. Raina summons her sleuthing skills to extract herself before things get dicey. There is no place for an amateur when it comes to murder. *Gusty Lovers and Cadavers* Graduate student Raina Sun thought she knew what she was getting herself into when she volunteered to take the new foreign exchange student shopping on the last weekend before Christmas. But between a riot for the last hot toy of the season and an abandoned baby, the holiday is a season for mayhem, and sometimes it doesn't pay to be a Good Samaritan. She wants to reunite the infant with his family, but calling the mysterious phone number in the diaper bag leads to more questions than answers. A strange man claims to be the child's father, and his alleged mother turns up dead. Raina summons her sleuthing skills to protect this baby and soon discovers everyone has a few skeletons in their closets. With her pimp-cane-toting grandma, she faces an ex-boyfriend bringing sexy back as well as a murderer determined to hide the truth. *Breezy Friends and Bodies* Raina Sun thought cleaning her grandma's house in San Francisco to prepare for Chinese New Year would be a breeze. Instead, she finds her deceased grandfather's secret journal and ends up French kissing the train tracks in a mugging incident. After putting the

Celebrities and movie stars, like everyone else, die from a variety of causes, including diseases (Vol.1 of this book) and cancers (Vol.2 of this book). When we ask if such causes of death are found encoded in the Torah along with the encoded names of who died from them,

we find them all close together in one Torah Matrix (from Gen. 1:1 to 1 Samuel 10:17). For those uninitiated into the Bible Code mystery this might sound outlandish and impossible, but viewing the many Torah Matrices in this book, labeled clearly in black and white as secretly encoded facts staring us in the face might give pause to even the biggest skeptic. Volume 3 of this book shows the Torah-Bible Code Matrices of celebrities and movie stars' deaths by accidents, murders, overdoses, and suicides – their names found encoded in the larger Torah, some with the year and location of their death; as another e-book through Author House, in mid-2014. Fatal accidents found encoded here range from skiing, car crash, drowning, plane crash, and fire. Their murders are also discovered hidden in the secretly encoded word of Yahweh, along with their troubling overdoses of various drugs, and their tragic suicides. An attempt is made to put the Bible Code mystery in the context of “meaning,” in the author’s Conclusion. Bible Code application and method are explained in the Preface, Introduction, and Addendum 1. In memoriam, two original poems by the author are shown in the Epilogue; his poems have appeared in literary journals in 5 countries over forty years. Even though there are only about 50 or fewer personalities identified by name in each of these three volumes, and shown encoded with how and where they died, each Volume could be expanded to hold many thousands of names and pages, one name per page of Matrix revealing those Torah-held secrets hidden for about 3400 years, and revealed here to the world for the first time in recorded history.

Death rears its ugly head everywhere and at all times, in all sorts of situations and under many kinds of circumstances and for a myriad of reasons, affecting people in surprising ways, but eventually coming for everyone no matter their station in life. But why do we find their demises encoded in the Five Books of Moses? What is it about a sacred text of 304,805 Hebrew letters that enables it to hold the whole history of humankind and encoded within it the specific circumstances under which particular people have died or are going to die? Connected to the types of events listed in this book are found the names of those who died in instances of those particular events, except in part 6 where only the historical political facts are found encoded, since the deaths of those named were not searched for in the Torah, but might be in a future book. The Jewish people gave the world the Eternal Book of Books, the original text of which, the Torah, is used here to explore some of what might be hidden in it. The Bible Codes Plus computer program used also contains the original text of the larger Tanach, Books outside the Five Books of Moses, which also can be searched for hidden, encoded

names and terms. The Tanach is made of the Torah, the Navi'im (Prophets), and Chetuvim (Writings) all making up the Hebrew Bible, what Christians call the Old Testament.
