Shadow Lane presents an exquisite photo album depicting the art of spanking in the 21st century. A spanking video production company and publishing house since the late 1980's, Shadow Lane is headed by Eve Howard, a former spanking model, editor of both "Spank Hard" and "Stand Corrected" magazines and author of the Shadow Lane novel series. Shadow Lane has always identified with the "romance of discipline" and this has long rendered its products of particular interest to female spanking enthusiasts chary of the harsher profile of contemporary BDSM. The photography in this soft cover book is wholly devoted to spanking perfection, ranging from the classically traditional to the evocatively fetishistic, with the emphasis on fully clad good looking man spanking enchanting bare bottomed girl, in the most popular American spanking position, over the knee. Departments include: the world's most bewitching female spanking submissives, counter posed with their handsomest tops, a gallery of never before published Brian Tarsis spanking illustrations, girls spanked in uniform, cheeky views from the rear, nude spanking, clinical spanking, double spankings and women who spank women. "Shadow Lane's The Art of Spanking Volume One" is a 64-page, all color portfolio of genuine corporal punishment erotica for the discriminating viewer of the whole spanking picture, including those meaningful expressions that say so much about the general attitude of a scene. This is not a book of disembodied bottoms, but of human beings with personality and heart, interacting in a fabulous action fetish that includes an entire sub-culture of its own. Many spanking people who discover Shadow Lane for the first time feel as though they've come home to friends. These charming images, along with Eve's explanatory notes, which put the scenarios into a cultural perspective, will speak to the spanking enthusiast who knows deep down that there is absolutely no reason not to feel good about being into spanking in the 21st century. About the Author: Eve Howard has been writing and producing spanking erotica since the 1980's. Eve has written, directed and produced over 155 spanking videos and hosted over thirty gala balls for enthusiasts. Many spanking fans have discovered the real life spanking scene by following the same patterns of social networking as described in the Shadow Lane novels and the Shadow Lane personal ads network has been one of the primary social organs of the real life spanking scene for the past twenty years. There are ten titles in the Shadow Lane novel series so far and Eve is currently working on Volume Two of "Shadow Lane's The Art of Spanking." She lives with her husband Tony Elka and their cats in Las Vegas.

The title of this book, *Tertium Organum*, boldly refers no less to a reorganization of all knowledge, but it is primarily a study of psychology, more specifically the psychology of our higher mind. For Ouspensky what we can call the higher mind represents, within a single person, the development of an entirely new way of understanding. In short, psychology is the art of self-study. With remarkable scope and sophistication, Ouspensky shows us in this book, which has been hailed as "a work of genius," just how vast and strange our universe really is.

Can you really feel better as you get older? Is aging without illness possible? Is your own internal fountain of youth waiting to be discovered? Yes, yes, and YES! says Suzanne Somers, the bestselling author of *The Sexy Years*. It can all be true when you take advantage of the science of antiaging medicine—a revolutionary approach to achieving the ageless life. Suzanne Somers has already introduced millions of women to bioidentical hormone replacement therapy and changed the way we look at menopause. Now, in *Ageless*, Suzanne introduces an inspiring, medically validated approach to reversing the aging process and maintaining a healthy, vibrant, mentally sharp, sexually active life—while building the body's natural defenses against age-related diseases. Suzanne talks about:

- How antiaging medicine can help detox the body of harmful pollutants and chemicals and strengthen our weakest glands and organs
- The dangers of perimenopause and how women can treat it
- Why so many hysterectomies are unnecessary, how birth control pills may have contributed to the rise of hysterectomies, and how to restore your body to perfect hormonal balance after having one
- How andropause is a real condition for men, and how men can lose weight, regain their youthful physiques, and restore health, energy, and sexuality, all through bioidentical HRT
- The importance of sleep and the healing work that nature does during this time to balance hormones and increase energy

In this "antiaging bible," Suzanne brings together prominent, Western-trained antiaging doctors to show how the traditional medical approach is woefully inadequate. Its standard of care has been to treat all symptoms with drugs, but in *Ageless* you will find out how this approach does not make us better. With antiaging medicine you can heal your body rather than keep a chronic condition at bay with drugs. *Ageless* shows you how to keep your "insides" young, and how this manifests on the outside.

Janette Oke has dreamed for years of retelling a story in a biblical time frame from a female protagonist's perspective, and Davis Bunn is elated to be working with her again on this sweeping saga of the dramatic events surrounding the birth of Christianity...and the very personal story of Leah, a young Jewess of mixed heritage trapped in a vortex of competing political agendas and private trauma. Caught up in the maelstrom following the death of an obscure rabbi in the Roman backwater of first-century Palestine, Leah finds herself also engulfed in her own turmoil--facing the prospect of an arranged marriage to a Roman soldier, Alban, who seems to care for nothing but his own ambitions. Head of the garrison near Galilee, he has been assigned by Palestine's governor to ferret out the truth behind rumors of a political execution gone awry. Leah's mistress, the governor's wife, secretly commissions Leah also to discover what really has become of this man whose death--and missing body--is causing such

furor. This epic drama is threaded with the tale of an unlikely romance and framed with dangers and betrayals from unexpected sources. At its core, *The Centurion's Wife* unfolds the testing of loyalties--between two young people whose inner searchings they cannot express, between their irreconcilable heritages, and ultimately between their humanity and the Divine they yearn to encounter.

A fan's exploration of the man behind the myth Ol' Dirty Bastard (aka Russell Jones) rose to fame with the Wu-Tang Clan in the early '90s, his unorthodox rap style and reputation for erratic behavior putting him in a media spotlight. As a solo artist, he released two albums that went gold and achieved crossover fame through a duet with Mariah Carey that debuted at number one on the Billboard charts. But for the next decade, his life would be fueled by chaos and excess until it derailed completely, resulting in a fatal drug overdose in 2004 and leaving behind an enigmatic legacy and a remarkably diverse group of fans. In a compelling combination of personal narrative, biography, and cultural criticism, Digging for Dirt explores ODB's life, career, mythology, death, and the troubled trajectory of his public and private worlds.
