In this Hugo Award–winning alternative history classic—the basis for the Amazon Original series—the United States lost World War II and was subsequently divided between the Germans in the East and the Japanese in the West. It's America in 1962. Slavery is legal once again. The few Jews who still survive hide under assumed names. In this world, we meet characters like Frank Frink, a dealer of counterfeit Americana who is himself hiding his Jewish ancestry; Nobusuke Tagomi, the Japanese trade minister in San Francisco, unsure of his standing within the bureaucracy and Japan's with Germany; and Juliana Frink, Frank's ex-wife, who may be more important than she realizes. These seemingly disparate characters gradually realize their connections to each other just as they realize that something is not quite right about their world. And it seems as though the answers might lie with Hawthorne Abendsen, a mysterious and reclusive author, whose best-selling novel describes a world in

which the US won the War... The Man in the High Castle is Dick at his best, giving readers a harrowing vision of the world that almost was. "The single most resonant and carefully imagined book of Dick's career." —New York Times

"Our hunger for the forbidden fruit grows as we get older and our need for it increases. By midlife, we often sense that something important is missing. Then the "unacceptable," "sinful" parts of ourselves that have been rejected begin to clamor with ever greater insistence to participate in our lives."-Larry Staples, Ph.D., Jungian Analyst and author of The Promethean Way Promethean guilt is the guilt we incur for the sins that we need to commit if we are to achieve, both for our selves and for our society, some of the social, political, economic, scientific, psycho-logical, and other changes and developments that we most deeply need to sustain and nourish us. Myth tells us that Prometheus stole fire from the gods and made it available for human use. He suffered for this sin, but human society would have suffered if he had not committed it. There indeed are sins that are destructive to society, but the paradox is that there are also sins that inure ultimately to society's benefit. Those sins that benefit us could not be committed without a creative, Promethean spirit that is supported, when necessary, by an obstinate and irreverent insolence toward authority (political, theological, pedagogical,

and parental) and that is informed by a love for freedom. Life inevitably confronts us with the Promethean dilemma: Do we live our lives without fire and the heat and light it provides or do we sin, and subsequently incur guilt, in order to obtain for ourselves and for society those important changes and developments that we need.

A sweeping retrospective exploring the oeuvre of an incandescent artist, revealing the ways that Mitchell expanded painting beyond Abstract Expressionism as well as the transatlantic contexts that shaped her. Joan Mitchell (1925–1992) was fearless in her experimentation, creating works of unparalleled beauty, strength, and emotional intensity. This gorgeous book unfolds the story of an artistic master of the highest order, revealing the ways she expanded abstract painting and illuminating the transatlantic contexts that shaped her. Lavish illustrations cover the full arc of her artistic practice, from her exceptional New York paintings of the early 1950s to the majestic multipanel compositions she made in France later in her career.
