A ship draws near Mollusk Island, bringing an eerie passenger - a cloaked stranger who makes even the desperate pirate crew shake in fear. Lord Ombra is coming for Peter and the Lost Boys - Peter and Tinker Bell must travel to the mean streets of Victorian London on a mission to save the world from the forces of darkness.

An unusual assortment of passengers, including Fay Benton, a cocktail waitress and single mother, and hired killer Lou Tarrant embark on a voyage aboard the Extravaganza of the Seas, a gambling ship with another mysterious function.

If you're an armchair traveler, a package deal junkie, or a cruise voyager and you don't think you have the guts for adventure travel, you're in for a surprise. Adventure travel is not only for the young, the fit, and the fearless! The Fearful Traveler's Companion is a collection of travel stories, tips, and anecdotes that address those fears that have kept "smarter" people at home. Whether you're afraid of plane crashes or riding escalators, no fear is too great or too trivial to be scrutinized with a dose of compassion and humor. Travel can be scary business. Even the most seasoned travelers have their personal bêtes noires: aversions to germs, getting caught in a crowd, or even eating alone in a restaurant. But author Chris Card Fuller wants to squash the myth of the fearless traveler. Her refreshing travel therapy submits that each new trip helps you to confront your fears head-on, strengthening your resolve and confidence for even more outlandish destinations!

This aBiblea is not another one of the bazillions of translations of the aOther Bible, a the one that is many times referred to as the aGood Book.a (Whatas so good about it anyway?) This is a brand new guide to the truth! It is a tongue-in-cheek aBible, a whimsically written from the first-person perspective of aGoda (in collaboration with Keith Harris, of course). It is based on what the Bible and religion would be like if Keith Harris were God and thus able to state his religious beliefs in the way he feels they should stated in the 21st century. This aBiblea is intended for readers who are at the beginning of their journey into questioning traditional religious beliefs (usually the religion of their parents) and folks who donat mind having a laugh along the way. The reader does not need to be well versed in religion, theology, or philosophy in order to understand this Bible, but some knowledge of the aOther Biblea does help to understand the humor and the ironies. This Bible is written in what might be called a folksy tone, some readers comparing the writing style to that of Dave Barry.

The humorist offers a fiction debut that describes the lives of the troubled denizens of Coconut Grove, including a career-threatened adman, an alcoholic embezzler dodging a couple of hit men, and their dysfunctional families.

Publisher description

During the course of living (mumble, mumble) years, Dave Barry has learned much of wisdom,* (*actual wisdom not guaranteed) and he is eager to pass it on—to the next generation, the generation after that, and to those idiots who make driving to the grocery store in Florida a death-defying experience. In brilliant, brand-new, never-before-published pieces, Dave passes on home truths to his new grandson and to his daughter Sophie, who will be getting her learner's permit in 2015 ("So you're about to start driving! How exciting! I'm going to kill myself"). He explores the hometown of his youth, where the grown-ups were supposed to be uptight fifties conformists, but seemed to have a lot of un-Mad Men-like fun, unlike Dave's own Baby Boomer generation, which was supposed to be wild and crazy, but somehow turned into neurotic hover-parents. He dives into everything from the inanity of cable news and the benefits of Google Glass ("You will look like a douchebag") to the loneliness of high school nerds ("You will never hear a high school girl say about a boy, in a dreamy voice, 'He's so sarcastic!"), from the perils of home repair to firsthand accounts of the soccer craziness of Brazil and the just plain crazy craziness of Vladimir Putin's Russia ("He stares at the camera with the expression of a man who relaxes by strangling small furry animals"), and a lot more besides. By the end, if you do not feel wiser, richer in knowledge, more attuned to the universe . . . we wouldn't be at all surprised. But you'll have had a lot to laugh about!

Last year, Wyatt Palmer was the hero of middle school, having foiled a plot against the president of the United States. But now he and his friends are in Coral Cove High School -- home of the Fighting Conchs -- and Wyatt is no longer a hero: He's just another undersized freshman, hoping to fit in, or at least not be unpopular. Things start to go wrong when Matt Diaz, who is Wyatt's best friend but also unfortunately an idiot, decides to bring his pet ferret, Frank, to school. Through an unfortunate series of events Frank ends up in the hands of the Bevin brothers, who are the most popular boys at Coral Cove High, but are also, as Matt soon discovers, the nastiest. When Wyatt and Matt try to get Frank back, they concoct a plan to attend a party for the cool clique at the Bevin's waterfront mansion and stumble onto the Bevin family's dark and deadly secret. That's when Wyatt learns that some things are worse than being unpopular in high school. MUCH worse.

Featuring some of the most famous columnists in the business, this guide reveals the secrets to becoming a syndicated newspaper columnist, through both the author's own experiences and anecdotes from the respected writers who excel in their craft. Philip Horkman is a happy man, the owner of a pet store called The Wine Shop, and on Sundays a referee for a local kids' soccer league. Jeffrey Peckerman is the proud and loving father of a star athlete in the girls' ten-and-under soccer league, and he's not exactly happy with the ref. The two of them are about to collide in a swiftly escalating series of events that will send them running for their lives, pursued by the police, soldiers, subversives, bears, revolutionaries, pirates, and a black ops team that does not exist. Where all that takes them you can't even begin to guess, but the literary journey there is a masterpiece of inspiration, chaos, and unadulterated, well, lunacy. And they might even learn a lesson or two along the way.

The last frontier; a ninety day, 5,000 mile motorhome journey from Vancouver, British Columbia to Fort Macleod, Alberta, by way of Alaska and the Yukon. With his wife, Sharon, and a "no-account" cat named Pickles (the no-account label is explained in chapter two) he traveled virtually every major road, and several minor ones, throughout the interior of the vast land to the north. In the same humorous/historical style as Bill Bryson and Dave Barry, North to Alaska with a No-Account Cat becomes a testament to the pristine scenery, colorful inhabitants, frontier-like towns and exciting adventures found in the land of the midnight sun. Share unique adventures in places such as the Sign Post Forest, in Watson Lake, Yukon, Halibut Cove, on the Kenai Peninsula, Alaska, and Prince William Sound near Anchorage, Alaska, home to twenty-six glaciers, the most spectacular-Meares and Columbia. Bon Voyage!

Collects the humorist's views on the problems of everyday life from "Dave Barry talks back," "Dave Barry turns 40," and "Dave Barry's greatest hits"

When funnyman Dave Barry asked readers about their least favorite tunes, he thought he was penning just another installment of his weekly syndicated humor column. But the witty writer was flabbergasted by the response when over 10,000 readers voted. "I have never written a column that got a bigger response than the one announcing the Bad Song Survey," Barry wrote. Based on the results of the survey, Dave Barry's Book of Bad Songs is a compilation of some of the worst songs ever written. Dave Barry fans will relish his quirky take. Music buffs, too will appreciate this humorous stroll through the world's worst lyrics. The only thing wrong with this book is that readers will find themselves unable to stop mentally singing the greatest hits of Gary Puckett.

Sarah and Aidan begin to decipher a mysterious document that refers to the origins of Peter Pan and are suddenly pursued by a being that can take any form and will stop at nothing to get what it wants from them.

I'll Mature When I'm Dead Dave Barry's Amazing Tales of Adulthood Penguin

"What caused the American Revolution? This is indeed a rhetorical question that for many years historians have begun chapters with. As well they should. For the American Revolution is without a doubt the single most important historical event to occur in this nation except of course for Super Bowl III (Jets 16. Colts 7. This historian won \$35)." So goes the skewed sensibility, the muddled mind, the bent pen of one of America's funniest writers, Dave Barry. This time his subject is U.S. history, the way it's never been told before. Every single momentous event and crucial moment is covered, including . . . • The Birthing Contractions of a Nation • Kicking Some British Butt • Barging Westward • The Forging of a Large, Wasteful Bureaucracy • Deep Economic Doo-doo • The Fifties: Peace, Prosperity, Brain Death . . . and right up through the scintillating Reagan-Bush years, during which, Mr. Barry notes, America is steadfastly Napping Toward Glory. If you love to laugh, if you love your country, if you are unaware that "the Sixth Amendment states that if you are accused of a crime, you have a right to a trial before a jury of people too stupid to get out of jury duty," Dave Barry Slept Here is the book you've been waiting for since 1776. Or at least since Super Bowl III. Praise for Dave Barry Slept Here "A dazzling performance . . . Barry is brilliant."—The Washington Post Book World "[Dave] Barry turns his formidable wit to the subject of American history, with a result reminiscent of the Reduced Shakespeare Company: The better you know the original, the funnier it gets."—Los Angeles Times "I fear that Mr. Barry's dream of making millions of dollars through mass sales of his book to a captive audience of innocent schoolchildren will not be realized, and he will have to be content with making readers laugh a lot, as this one did."—The New York Times Book Review

Follow the fascinating story of one man's journey into the realm of the fantastic: the CIA-sponsored psychic spies with the ability to extend their consciousness to accurately describe targets not only half a world away but to look into the future as well. It all sounded like science fiction to John Herlosky after reading an expose by former member of the CIA's Project Stargate, Dr. David Morehouse. Two years later, skeptical but intrigued by the possibilities implied, John entered the classroom of Dr. Morehouse to find out the truth—and never looked back. Sorcerer's Apprentice is an autobiographical account of the author's experience learning the CIA-sponsored scientifically validated form of extrasensory perception called "remote viewing." The book chronicles the author's journey from interested skeptic to operational remote viewer working his first mission as well as his former life as a police officer and private military contractor. He takes you on a journey from the crushing depths and pathos of the wreck of the Titanic to the fate of a downed pilot missing for 19 years from the first Gulf War. Witness the personal turmoil as the author's long-held beliefs clash with the powerful implications of his experiences.

Filled with action, suspense, teenage romance, and a thrilling plot that will keep you glued to your seat, "'TDA Awakening'" takes young adult science fiction to a whole new level! David Barry's life takes a turn for the worst when his hometown of Vail, Colorado is destroyed in a chain of avalanches on New Year's Eve of his eighth grade year. David, his mother, his siblings, and his best friend barely survive the disaster, but hundreds of innocent people perish in the avalanches - including David's father. David later finds a death note left behind by his father, one that requests for David to attend his father's alma mater, Thomas Dorsworth Academy. Though her husband's intentions remain a mystery to the Barry family, Mrs. Barry abides by her late husband's request and sends David to TDA. It is there that David meets new friends, encounters new enemies, and unveils the ghosts of his father's past all while being hunted down by his father's murderer, the madman behind the avalanches.

Kevin Dawson considers how enslaved Africans carried aquatic skills—swimming, diving, boat making, even surfing—to the Americas. Undercurrents of Power not only chronicles the

experiences of enslaved maritime workers, but also traverses the waters of the Atlantic repeatedly to trace and untangle cultural and social traditions.

The dream of restoring primitive Christianity lies close to the core of the identity of some American denominations---Churches of Christ, Latter-day Saints, some Mennonites, and a variety of Holiness and Pentecostal denominations. But how can a return to ancient Christianity be sustained in a world increasingly driven by modernization? What meaning might such a vision have in the modern world? Twelve distinguished scholars explore these and related questions in this provocative book.

A novel based on the life of Kane, one of the most enigmatic characters in WWE history, describes the shocking past of the reclusive superstar, including his troubled youth, including the tragedy that claimed his mother's life and the accident that killed one of his few friends, as well his relationship with his half-brother, Undertaker. Original.

Pulitzer Prize-winning journalist, bestselling author, and Wheel of Fortune contestant Dave Barry exposes the shattering truth. Whether he's splashing with the U.S. synchronized swim team ("Picture a bunch of elegant swans swimming with a flailing sea cow") or reliving the Pilgrims' first Thanksgiving ("We've decided to obliterate your culture, but first may we try the stuffing?"), Dave Barry proves that one man can make a difference--by having the guts to answer the questions few people bother to ask: , What makes people want to eat animals they would never consider petting? , Where do the World's Three Most Boring People meet? , Why is Colorado freezing so many human gonads? , And just how does Oprah have the power to turn a 1957 Hotpoint toaster manual into a #1 bestseller?
