

Dave Ramsey Chapter 12 Review Answers

Magic, both benevolent (white) and malign (black), has been practiced in the British Isles since at least the Iron Age (800 BCE–CE 43). “Curse tablets”—metal plates inscribed with curses intended to harm specific people—date from the Roman Empire. The Anglo-Saxons who settled in England in the fifth and sixth centuries used ritual curses in documents, and wrote spells and charms. When they became Christians in the seventh century, the new “magicians” were saints, who performed miracles. When William of Normandy became king in 1066, there was a resurgence of belief in magic. The Church was able to quell the fear of magicians, but the Reformation saw its revival, with numerous witchcraft trials in the late 16th and 17th centuries.

Within one of the most complex musical categories yet to surface, Cal Tjader quietly pioneered the genre as a jazz vibraphonist, composer, arranger and bandleader from the 1950s through the 1980s. Reid tells the life story of a humble musician, written in a familiar, conversational tone that reveals Tjader's complex charisma. Tjader left behind a legacy and a labyrinth of influence, attested by his large audience and innovation that would change the course of jazz. Expanded and revised, this intimate biography now includes additional interviews and anecdotes from Tjader's family, bandmates, and community, print research, and rare photographs, presenting a full history of an undervalued musician, as well as a detailed account of the progression of Latin Jazz.

Dave Ramsey explains those scriptural guidelines for handling money.

The growing housing crisis cries out for solutions that work. As many as 3.5 million Americans experience homelessness each year, half of them women and children. One in four renters spends more than half of their income on rent and utilities (more than 30 percent is considered unaffordable). With record foreclosures and 28 percent of homes underwater, middle and low-income homeowners are suffering. Many congregations want to address this daunting problem yet feel powerless and uncertain about what to do. The good news is that churches are effectively addressing the housing crisis from Washington State to New York City--where an alliance of sixty churches has built five thousand homes for low-income homeowners, with virtually no government funding or foreclosures. This book not only presents solid theological thinking about housing, but also offers workable solutions to the current crisis: true stories by those who have made housing happen. Each story features a different Christian denomination, geographic area, and model: adaptive reuse, cohousing, cooperative housing, mixed-income, mixed-use, inclusionary zoning, second units, community land trusts, sweat equity, and more. Making Housing Happen is about vision and faith, relationships, and persistence. Its remarkable stories will inspire and challenge you to action. This new edition includes significant new material, especially in light of the ongoing mortgage crisis.

This question and answer book is the perfect resource guide for equipping individuals with key information about everyday money matters. Questions and answers deal with 100+ of the most-asked questions from The Dave Ramsey Show—everything from budget planning to retirement planning or personal buying matters, to saving for college and charitable giving. This is Dave in his most popular format—ask a specific question, get a specific answer.

“The newbie investor will not find a better guide to personal finance.” —Burton Malkiel, author of *A RANDOM WALK DOWN WALL STREET* TV analysts and money managers would have you believe your finances are enormously complicated, and if you don't follow their guidance, you'll end up in the poorhouse. They're wrong. When University of Chicago professor Harold Pollack interviewed Helaine Olen, an award-winning financial journalist and the author of the bestselling *Pound Foolish*, he made an offhand suggestion: everything you need to know about managing your money could fit on an index card. To prove his point, he grabbed a 4" x 6" card, scribbled down a list of rules, and posted a picture of the card online. The post went viral. Now, Pollack teams up with Olen to explain why the ten simple rules of the index card outperform more complicated financial strategies. Inside is an easy-to-follow action plan that works in good times and bad, giving you the tools, knowledge, and confidence to seize control of your financial life.

A simple, straight-forward game plan for completely making over your money habits! The breakthrough financial plan America has been waiting for, from the financial coach who has already helped millions of people live and finish rich--with close to 700,000 books in print.

STATISTICAL METHODS FOR PSYCHOLOGY surveys the statistical techniques commonly used in the behavioral and social sciences, particularly psychology and education. To help students gain a better understanding of the specific statistical hypothesis tests that are covered throughout the text, author David Howell emphasizes conceptual understanding. This Eighth Edition continues to focus students on two key themes that are the cornerstones of this book's success: the importance of looking at the data before beginning a hypothesis test, and the importance of knowing the relationship between the statistical test in use and the theoretical questions being asked by the experiment. New and expanded topics--reflecting the evolving realm of statistical methods--include effect size, meta-analysis, and treatment of missing data. If you're looking for practical information to answer all your “How?” “What?” and “Why?” questions about money, this book is for you. Dave Ramsey's *Complete Guide to Money* covers the A to Z of Dave's money teaching, including how to budget, save, dump debt, and invest. You'll also learn all about insurance, mortgage options, marketing, bargain hunting and the most important element of all?giving. This is the handbook of Financial Peace University. If you've already been through Dave's nine-week class, you won't find much new information in this book. This book collects a lot of what he's been teaching in FPU classes for 20 years, so if you've been through class, you've already heard it! It also covers the Baby Steps Dave wrote about in *The Total Money Makeover*, and trust us?the Baby Steps haven't changed a bit. So if you've already memorized everything Dave's ever said about money, you probably don't need this book. But if you're new to this stuff or just want the all-in-one resource for your bookshelf, this is it!

Provides practical steps to assess the extent of one's financial problems, understand how they developed, create a realistic budget, eliminate debt, repair credit damage, and begin saving and investing

Packed with up-to-date coverage of the latest issues, Newell/Prindle/Riddlesperger's *TEXAS POLITICS: IDEAL AND REALITY*, 14th Edition, helps you see how state politics impact your everyday life. Timely and relevant, it explores the Texas government through the lenses of three main themes: the ideals of democratic theory, political conservatism and private influence over public policy. Thoroughly updated, it offers insightful coverage of the 2020 election results and their bizarre aftermath, voting versus

abstention, immigration, climate change, the fight over mandatory child vaccinations, the ongoing debate surrounding capital punishment, the Legislature's increasing partisan polarization, the impact of the COVID-19 pandemic on state politics and much more. Ken Honda—Japan's #1 bestselling personal development guru—teaches you how to achieve peace of mind when it comes to money with this instant national bestseller. Too often, money is a source of fear, stress, and anger, often breaking apart relationships and even ruining lives. We like to think money is just a number or a piece of paper, but it is so much more than that. Money has the ability to smile, it changes when it is given with a certain feeling, and the energy with which it imbues us impacts not only ourselves, but others as well. Although Ken Honda is often called a “money guru,” his real job over the past decade has been to help others discover the tools they already possess to heal their own lives and relationships with money. Learn how to treat money as a welcome guest, allowing it to come and go with respect and without resentment; understand and improve your money EQ; unpack the myth of scarcity; and embrace the process of giving money, not just receiving it. This book isn't to fix you, because as Ken Honda says, you're already okay!

STRESS MANAGEMENT FOR LIFE: A RESEARCH-BASED EXPERIENTIAL APPROACH, 5th Edition is a text that students will keep and use long after they finish the class. Many will share it with their stressed-out friends and family. In an easy-to-understand, friendly style, readers will not only learn how stress happens, based on leading-edge science, but more importantly, what works to turn off their stress and the symptoms that accompany chronic stress. This book gives readers the experience of real stress relief and empowers readers to prevent stress for the rest of their lives. Stress Management for Life is a life-changing experience. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

What does the Bible really say about money? About wealth? How much does God expect you to give to others? How does wealth affect your friendships, marriage, and children? How much is “enough”? There's a lot of bad information in our culture today about wealth and the wealthy. Worse, there's a growing backlash in America against our most successful citizens, but why? To many, wealth is seen as the natural result of hard work and wise money management. To others, wealth is viewed as the ultimate, inexcusable sin. This has left many godly men and women confused about what to do with the resources God's put in their care. They were able to build wealth using God's ways of handling money, but then they are left feeling guilty about it. Is this what God had in mind?

** Reviewed and updated for the 2020-2021 financial year** This is the only money guide you'll ever need That's a bold claim, given there are already thousands of finance books on the shelves. So what makes this one different? Well, you won't be overwhelmed with a bunch of 'tips' ... or a strict budget (that you won't follow). You'll get a step-by-step formula: open this account, then do this; call this person, and say this; invest money here, and not there. All with a glass of wine in your hand. This book will show you how to create an entire financial plan that is so simple you can sketch it on the back of a serviette ... and you'll be able to manage your money in 10 minutes a week. You'll also get the skinny on: Saving up a six-figure house deposit in 20 months Doubling your income using the 'Trapeze Strategy' Saving \$78,173 on your mortgage and wiping out 7 years of payments Finding a financial advisor who won't rip you off Handing your kids (or grandkids) a \$140,000 cheque on their 21st birthday Why you don't need \$1 million to retire ... with the 'Donald Bradman Retirement Strategy' Sound too good to be true? It's not. This book is full of stories from everyday Aussies — single people, young families, empty nesters, retirees — who have applied the simple steps in this book and achieved amazing, life-changing results. And you're next.

Are You Tired of Coming Up Short? Do you feel stuck in a cycle of work, bills, and worry? Maybe you're too nervous to take a hard look at your budget, or your past budgeting efforts have resulted in little success. Either way, when your bank account flatlines and frustration mounts, real progress seems impossible. There is a better way to reach your goals! In Live. Save. Spend. Repeat. you will discover a simple-to-implement plan that will help you wisely use your money to break the cycle of financial mistakes and worry. Your confidence will grow as you learn how to create a realistic easy-sync budget accomplish the most with the money you have rather than wish you had unshackle yourself from the burden of debt spend without regret on the things that matter most to you make small, intentional choices that lead to big change Financial freedom isn't all about sacrifice. Use your money as a tool to reach your goals and finally experience joy and success as you Live. Save. Spend. Repeat.

Fed up with happiness gurus telling you that you can't be happy unless you get rid of all of your negativity? Sick of all those perky Positive Pollys receiving all the happiness glory? Negatively Ever After will provide the guidance you need to find happiness without the impossible task of eradicating negativity from your life. This book debunks the popular misconception that being positive and being happy are synonymous. Using a simple “Happiness Bank” analogy, the author shares her research, experiences, and missteps in discovering that negativity is not the enemy. From achieving self-adoration and learning what gratitude truly means to determining whether sharing happiness is really a good idea, this book explains how to develop “Negativity Wisdom” in order to embrace and effectively utilize your inherent negative tendencies. Realistic and accessible, Negatively Ever After will help you harness your negativity and find your own inner happiness.

In Smart Money Smart Kids, Financial expert and best-selling author Dave Ramsey and his daughter Rachel Cruze equip parents to teach their children how to win with money. Starting with the basics like working, spending, saving, and giving, and moving into more challenging issues like avoiding debt for life, paying cash for college, and battling discontentment, Dave and Rachel present a no-nonsense, common-sense approach for changing your family tree.

A guide to achieving financial stability and prosperity encourages new ways to think about and manage money, discussing such topics as balancing a budget, planning for entertainment, and getting out of debt.

Everything you need to get organized Do your loved ones know where to find your life insurance policies, online banking passwords, real estate deeds, or even your will? If you're like a lot of people, you keep important information—from the whereabouts of family heirlooms to online passwords to automatic bill-pay details—in your head or stashed in the odd desk drawer. Unfortunately, this disorganization will likely cause hassles for those who someday take care of you or your estate. Get It Together provides an easy, straightforward method to help you and others keep track of: secured places and passwords employment records insurance policies real estate records tax records retirement accounts estate planning documents funeral arrangements letters to loved ones We've reorganized this 9th edition to make the process more straightforward. In the first half, you'll find the pages to create your personal planner. In the second half, you'll find step-by-step instructions and helpful resources.

With downloadable forms: organize your records using worksheets (details inside). Save the worksheets to your computer and then complete, print, and store them at your convenience.

Find success in finance, friendships, , and spirituality with the advice of a well-known expert It's safe to say that nearly everyone is seeking a happier, more successful life. So then why do so few attain it? *Business Secrets from the Bible* proposes a new way to view and approach success—one based upon key concepts from the Bible that are actually surprisingly simple. Written especially for those seeking success in the realms of money, relationships, and spirituality, this book encourages readers to realize their common mistakes, come to terms with them, and turn those mistakes into future triumphs. Filled with concrete advice for improved finances, spirituality, and connection, this resource takes a practical approach and aims to change not just the minds, but the actions of readers with a self-evident and persuasive pathway. Drawing on his wisdom and knowledge of the Bible, the author reveals the clear link between making money and spirituality, and urges readers to focus on self-discipline, integrity, and character strength in order to achieve personal prosperity. Special emphasis is given to establishing positive attitudes toward making money and adopting effective Biblically-based strategies. Demonstrates how earnings and profits are God's reward for forming relationships with others and serving them Stresses the importance of service, sharing, change, leadership, and creating boundaries and structures Encourages readers to focus on other people's desires and teaches why and how to make connections with many people Suggests ways for readers to transform themselves and continue toward success even in the face of fear and uncertainty Attaining wealth and well-being is no longer a mystery. Let this book identify and correct the errors that are keeping you from fulfillment and happiness.

"Dave Ramsey instructs couples how to work together as a team, gives singles some practical tips for financial accountability, and shows parents how to teach their children about money from a young age"--Container.

Dave Ramsey's Complete Guide to Money Ramsey Press

"In the dark, bewildering, trap-infested jungle of misinformation and opaque riddles that is the world of investment, JL Collins is the fatherly wizard on the side of the path, offering a simple map, warm words of encouragement and the tools to forge your way through with confidence. You'll never find a wiser advisor with a bigger heart." -- Malachi Rempen: Filmmaker, cartoonist, author and self-described ruffian This book grew out of a series of letters to my daughter concerning various things—mostly about money and investing—she was not yet quite ready to hear. Since money is the single most powerful tool we have for navigating this complex world we've created, understanding it is critical. "But Dad," she once said, "I know money is important. I just don't want to spend my life thinking about it." This was eye-opening. I love this stuff. But most people have better things to do with their precious time. Bridges to build, diseases to cure, treaties to negotiate, mountains to climb, technologies to create, children to teach, businesses to run. Unfortunately, benign neglect of things financial leaves you open to the charlatans of the financial world. The people who make investing endlessly complex, because if it can be made complex it becomes more profitable for them, more expensive for us, and we are forced into their waiting arms. Here's an important truth: Complex investments exist only to profit those who create and sell them. Not only are they more costly to the investor, they are less effective. The simple approach I created for her and present now to you, is not only easy to understand and implement, it is more powerful than any other. Together we'll explore: Debt: Why you must avoid it and what to do if you have it. The importance of having F-you Money. How to think about money, and the unique way understanding this is key to building your wealth. Where traditional investing advice goes wrong and what actually works. What the stock market really is and how it really works. Why the stock market always goes up and why most people still lose money investing in it. How to invest in a raging bull, or bear, market. Specific investments to implement these strategies. The Wealth Building and Wealth Preservation phases of your investing life and why they are not always tied to your age. How your asset allocation is tied to those phases and how to choose it. How to simplify the sometimes confusing world of 401(k), 403(b), TSP, IRA and Roth accounts. TRFs (Target Retirement Funds), HSAs (Health Savings Accounts) and RMDs (Required Minimum Distributions). What investment firm to use and why the one I recommend is so far superior to the competition. Why you should be very cautious when engaging an investment advisor and whether you need to at all. Why and how you can be conned, and how to avoid becoming prey. Why I don't recommend dollar cost averaging. What financial independence looks like and how to have your money support you. What the 4% rule is and how to use it to safely spend your wealth. The truth behind Social Security. A Case Study on how this all can be implemented in real life. Enjoy the read, and the journey!

When you hear the word retirement, you probably don't imagine yourself scrambling to pay your bills in your golden years. But for too many Americans, that's the fate that awaits unless they take steps now to plan for the future. Whether you're twenty five and starting your first job or fifty five and watching the career clock start to wind down, today is the day to get serious about your retirement. In *Retire Inspired*, Chris Hogan teaches that retirement isn't an age; it's a financial number an amount you need to live the life in retirement that you've always dreamed of. With clear investing concepts and strategies, Chris will educate and empower you to make your own investing decisions, set reasonable expectations for your spouse and family, and build a dream team of experts to get you there. You don't have to retire broke, stressed, and working long after you want to. You can retire inspired!

With the help of a #1 New York Times bestselling author and finance expert, set your finances right with these updated tactics and practices Dave Ramsey knows what it's like to have it all. By age twenty-six, he had established a four-million-dollar real estate portfolio, only to lose it by age thirty. He has since rebuilt his financial life and, through his workshops and his New York Times business bestsellers *Financial Peace* and *More than Enough*, he has helped hundreds of thousands of people to understand the forces behind their financial distress and how to set things right—financially, emotionally, and spiritually. In this new edition of *Financial Peace*, Ramsey has updated his tactics and philosophy to show even more readers: • how to get out of debt and stay out • the KISS rule of investing—"Keep It Simple, Stupid" • how to use the principle of contentment to guide financial decision making • how the flow of money can revolutionize relationships With practical and easy to follow methods and personal anecdotes, *Financial Peace* is the road map to personal control, financial security, a new, vital family dynamic, and lifetime peace. **NEW YORK TIMES BESTSELLER** In this New York Times bestseller, journalist and financial expert Nicole Lapin shows women how to take charge of their lives by taking charge of their money "You might not know this but stressing over money can harm your overall health. Let Nicole be the doctor for your financial health and you will feel better in more ways than you'd think." --Dr. Oz, host of the "Dr. Oz Show", and Lisa Oz, host of the "Lisa Oz Show" Do your eyes glaze over just thinking about the mumbo-jumbo language of finance? Do you break out into hives when faced with getting your financial life together? Well, sister, you are not alone. In *Rich Bitch*, money expert and financial journalist Nicole Lapin lays out a 12-Step Plan in which she shares her experiences--mistakes and all--of getting her own finances in order. She talks to you not like a lecturer but as your friend. And even though money is typically an "off-limits" conversation, nothing is off-limits here. Lapin rethinks every piece of financial "wisdom" you've ever heard and puts her own fresh, modern, sassy spin on it. Sure, there are some hard-and-fast rules about finance, but when it comes to your money, the only person who can tell you how to spend it is you. Should you invest in a 401(k)? Maybe not. Should you splurge on that morning latte? Likely yes. Instead of focusing on nickel-and-diming yourself, Nicole's advice focuses on investing in yourself so you don't have to stress over the little things. *Rich Bitch* rehabs whatever bad money habits you might have and provides a plan you can not only sustain, but also thrive on. You won't feel deprived but rather inspired to go after the rich life you deserve, and confident enough to call yourself a rich bitch.

A strategy for changing attitudes about personal finances covers such topics as getting out of debt, the dangers of cash advances and keeping spending within income limits.

The Richest Man in the Babylon. This book deals with the personal success of each of us. Success means results coming from our efforts and ability. A good preparation is the key to our success. So keep a part of what you earn with yourself. From the benefits of saving to the essentials of getting rich, this collection of educative Babylonian fables gives you timeless information on how to make money. It guides to getting rich, attracting good fortune and the five golden rules. As a guide to understanding hydro-wealth and a powerhouse has been inspiring readers for generations. You know that Babylon became the richest city of the ancient civilization because it had reserved part of its earnings for the future. That's why citizens got everything they wanted. How can you always keep your wallet heavy, the author has taught very beautifully on this topic.

In *Love Your Life, Not Theirs*, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In *Love Your Life, Not Theirs*, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of *The View* "Love Your Life, Not Theirs is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits." Susan Spencer Editor-in-Chief for *Woman's Day* "Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in." Kimberly Williams-Paisley New York Times best-selling author of *Where the Light Gets In* "In today's world of social media, the temptation to play the comparison game is stronger than ever. *Love Your Life, Not Theirs* is the perfect reminder that, when it comes to money, comparison is a game you can't win. A terrific--and much needed--read." Jean Chatzky Financial Editor, *NBC TODAY* and Host of *HerMoney* with Jean Chatzky Podcast

If you've ever bought a personal finance book, watched a TV show about stock picking, listened to a radio show about getting out of debt, or attended a seminar to help you plan for your retirement, you've probably heard some version of these quotes: "What's keeping you from being rich? In most cases, it is simply a lack of belief." —SUZE ORMAN, *The Courage to Be Rich* "Are you letting away your financial future?" —DAVID BACH, *Smart Women Finish Rich* "I know you're capable of picking winning stocks and holding on to them." —JIM CRAMER, *Mad Money* They're common refrains among personal finance gurus. There's just one problem: those and many similar statements are false. For the past few decades, Americans have spent billions of dollars on personal finance products. As salaries have stagnated and companies have cut back on benefits, we've taken matters into our own hands, embracing the can-do attitude that if we're smart enough, we can overcome even daunting financial obstacles. But that's not true. In this meticulously reported and shocking book, journalist and former financial columnist Helaine Olen goes behind the curtain of the personal finance industry to expose the myths, contradictions, and outright lies it has perpetuated. She shows how an industry that started as a response to the Great Depression morphed into a behemoth that thrives by selling us

products and services that offer little if any help. Olen calls out some of the biggest names in the business, revealing how even the most respected gurus have engaged in dubious, even deceitful, practices—from accepting payments from banks and corporations in exchange for promoting certain products to blaming the victims of economic catastrophe for their own financial misfortune. Pound Foolish also disproves many myths about spending and saving, including: Small pleasures can bankrupt you: Gurus popularized the idea that cutting out lattes and other small expenditures could make us millionaires. But reducing our caffeine consumption will not offset our biggest expenses: housing, education, health care, and retirement. Disciplined investing will make you rich: Gurus also love to show how steady investing can turn modest savings into a huge nest egg at retirement. But these calculations assume a healthy market and a lifetime without any setbacks—two conditions that have no connection to the real world. Women need extra help managing money: Product pushers often target women, whose alleged financial ignorance supposedly leaves them especially at risk. In reality, women and men are both terrible at handling finances. Financial literacy classes will prevent future economic crises: Experts like to claim mandatory sessions on personal finance in school will cure many of our money ills. Not only is there little evidence this is true, the entire movement is largely funded and promoted by the financial services sector. Weaving together original reporting, interviews with experts, and studies from disciplines ranging from behavioral economics to retirement planning, Pound Foolish is a compassionate and compelling book that will change the way we think and talk about our money.

Right now, 70% of Americans aren't passionate about their work and are desperately longing for meaning and purpose. They're sick of "average" and know there's something better out there, but they just don't know how to reach it. One basic principle? The Proximity Principle? can change everything you thought you knew about pursuing a career you love. In his latest book, The Proximity Principle, national radio host and career expert Ken Coleman provides a simple plan of how positioning yourself near the right people and places can help you land the job you love. Forget the traditional career advice you've heard! Networking, handing out business cards, and updating your online profile do nothing to set you apart from other candidates. Ken will show you how to be intentional and genuine about the connections you make with a fresh, unexpected take on resumes and the job interview process. You'll discover the five people you should look for and the four best places to grow, learn, practice, and perform so you can step into the role you were created to fill. After reading The Proximity Principle, you'll know how to connect with the right people and put yourself in the right places, so opportunities will come—and you'll be prepared to take them.

Hogan shows that God's way of managing money really works. Millionaire status doesn't require inheriting a bunch of money or having a high-paying job. The path to becoming a millionaire is paved with tools that you either already have or that you can learn. Take personal responsibility; practice intentionality; be goal-oriented, a hard worker; and be consistent. If you adopt this mindset, you, too, can become a millionaire. -- adapted from foreword and introduction
