As a child of abuse, I didn't think I had a choice but to stay silent. That gave him just what he needed to groom me into the perfect silent adult who never asked anyone else for help because he had made it clear that I could never live without him. I overcame that programming with God's love and mercy. I went on to be his caregiver in the end through forgiveness. I could not watch my worst enemy die alone. With the help of God, I learned to be there for most of the people that I loved in their final days. I tried to be the person they needed me to be, to show them they were not alone because there is nothing worse than feeling alone and helpless. I learned that having a forgiving heart, in the long run, helped me more than the one being forgiven. It was therapeutic for me, and I wondered, Is this how God feels every time He has to forgive us over and over again? It was not the curse I believed it to be. It was a gift that God gave me out of love to help me survive the life that I had to live. Forgiveness was my saving grace. With God carrying me every step of the way, I survived and am here to try to help others survive it too. I just need God to continue to show me the way.

"A "brilliantly done" (Sunday Times, London) comedy of manners that explores the unease behind the manicured lawns of suburban America from the Orange Prize-winning author of *A Crime in the Neighborhood*. Littlefield, Massachusetts, named one of the Ten Best Places to Live in America, full of psychologists and college professors, is proud of its fine schools, its girls' soccer teams, its leafy streets, and charming village center. Yet no sooner has sociologist

Dr. Clarice Watkins arrived to study the elements of "good quality of life" than someone begins poisoning the town's dogs. Are the poisonings in protest to an off-leash proposal for Baldwin Park--the subject of much town debate--or the sign of a far deeper disorder? Certainly these types of things don't happen in Littlefield. With an element of suspense, satirical social commentary, and in-depth character portraits, Suzanne Berne's nuanced novel reveals the discontent concealed behind the manicured lawns and picket fences of darkest suburbia. The Dogs of Littlefield is "a compelling, poignant yet unsentimental novel that examines life, love, and loss" (Sunday Mirror, UK)--

An irreverent and self-deprecating memoir by a successful and ambitious career woman who woke up one morning and realised she didn't want to go to work - not just that day, but ever again. Kasey Edwards had a glamorous, successful and highly coveted career, flying around the world consulting to blue-chip organisations and commanding a six-figure salary. But all of a sudden her job didn't seem quite so challenging or glamorous, the role she'd been playing as a high-powered business woman felt phoney, and her whole life lost its zing. Kasey embarked on a journey of discovery into why she'd lost her purpose and meaning, and what she needed to do to find it again. Kasey also follows the story of her best friend, Emma, a senior marketing executive suffering a similar crisis. Both Emma and Kasey are well and truly over it, yet their approaches - and the results - are very different. Written with great honesty and wit, THIRTY SOMETHING AND OVER IT is a memoir for modern women seeking the key to life, love and happiness.

From fashion to food and their famous je ne sais quoi attitude toward life itself, everybody wants to be French. But a passion can quickly turn into an obsession. The City of Light begins to dim when the body of a teenage girl is discovered floating in the Seine—and then another—and it quickly becomes clear that the Paris police are out of their depth. When the desperate American mother of a newly missing teen comes to beg for Claire's help to find her troubled daughter before it's too late, how can Claire say no?

The mysterious entity of the initial Emergence novel reappears in the deep hydrothermal vent areas of the Pacific Ocean. Rather than merely explore the reality of the surface world, the entity chooses to adventure into our reality. Research in origins of life, geology and Super String Theory merge to produce an intense tale of scientific inquiry that questions our most sacred assumptions and beliefs.

The purpose of the book is to identify certain areas of fraud waste and abuse by officials from both the state and federal government. These officials have been abusing the trust that the American taxpayers have given to our elected officials. For over fifty years the Democratic and the Republican parties have created a system of government that has provided a pot of gold for themselves. This book contains examples of the power structure that the Democrats and

the Republicans have created. The book also contains solutions to solve the economic crisis that looms over America. The question is, "Will the American taxpayer take charge of their own future and the future of their children?"

And we are called to tell others of our experiences. When you get the wake-up call, what will you do? Hit the snooze and roll over? It's a journey! Don't miss the call!! This book is for you. From the rising of the sun to the going down of the same, His name is to be praised. Regina Vincent Clark, Ed.D., says she felt called or sent to Antigua, West Indies in 2010 – the same time that she began formally documenting journal entries which, within a year, would become the basis for this book. Dr. Clark's experience of employment and community outreach were as much a part of her journey as the personal relationships formed with individuals in Antigua and her eye-opening experience of coming to know the Holy Spirit as a person, a friend, a guide, and a dependable confidante. ....The life story is clearly a testimony that where God guides, He provides many opportunities to us to be used as a Blessing to others. Louise .....Excellent testimony!! Always remember, there are no bad days in CHRIST, >only opportunities to grow your faith. Keep studying and be encouraged. Mod Sun has his own take on the world. In *Did I Ever Wake Up?* the drummer-turned-rapper offers his advice on how to succeed in life, just as he's done. Born and raised in Minnesota, Mod's philosophy is about pulling up your bootstraps and taking control of your existence. No one can do it for you. Like he says in Chapter 6, "There's no such thing as hard." Positive thinking can provide the impetus to do great things. Reading this book is one big step in that direction.

"I don't know about you, but I need all the help I can get when it comes to spiritually jump-starting my day. Some days I get up and it is all I can do to concentrate on a few verses of Scripture. Other days I feel tempted to blow off my twenty minutes of reading because I'm anxious that I have too much to do. On such days I have found it helpful to have a source to direct my thoughts toward God. I need a tool to help me rouse my weary spirit and prepare to take on yet another day of kingdom building. In short, I need a wake-up call. Do you?" So writes Will Davis Jr., in "Wake-Up Calls." "Wake-Up Calls" helps bleary-eyed Christians to better see God's kingdom. It deals practically with such topics as temptation, sin, prayer, relationships, suffering, conflict, death and obedience with honesty and in-your-face clarity. If you need a blast of kingdom reality that cuts through the morning's spiritual fog, then "Wake-Up Calls" is for you.

Did I Ever Wake Up?A Book

America is in trouble. Out of control spending! Massive debt! Political ineptness! Constitutional indifference! Corporate greed! Union corruption! Moral chaos! Biblical faith under attack! Militant Islam! Fifth column foes within and powerful enemies without! National weakness from top to bottom! Our very survival is at stake. Is there a way out or is it too late? Our founding Fathers would be appalled, but not surprised, at the depth to which our once legitimately proud nation has plunged. Understanding the biblical view of fallen human nature they built a cultural foundation based on Judeo-Christian Law and values unknown in the world before or since. But as brilliant as they were they could not win the battle to keep the foundation intact for posterity. They charged each generation with that. Restoring Cultural Foundations: A Wake Up Call to America shows through a study of the Ten Commandments that a return to the Judeo-Christian principles on which the Founders built our nation is imperative for an orderly society and lasting liberty. Departing from God's ways, they believed, courted certain disaster. Written for families, businesses and churches the author lays out ways our nation can return to our foundation and regain our lost dignity, security and well-being.

This book is a seed and if properly planted in the mind can create beautiful new worlds. In life our limits are set by us. We become what we think. If we think different we could change our world. Everyone has a story. This book is just a story but the beauty of the story lies in the ability to see the gift in the struggle. Life is but a perception that we hold real. If we change the perception we change our life.

What if you woke up to a new life every day? A collision of universes leaves Abby living two lives at once - and sharing them with her own double. Two worlds. Two guys. Two selves. How will she stay in control?

Accepting Ourselves and Others

Making it in Hell, says Bruce Jackson, is the spirit behind the sixty-five work songs gathered in this eloquent dispatch from a brutal era of prison life in the Deep South. Through engagingly documented song arrangements and profiles of their singers, Jackson shows how such pieces

as "Hammer Ring," "Ration Blues," "Yellow Gal," and "Jody's Got My Wife and Gone" are like no other folk music forms: they are distinctly African in heritage, diminished in power and meaning outside their prison context, and used exclusively by black convicts. The songs helped workers through the rigors of cane cutting, logging, and cotton picking. Perhaps most important, they helped resolve the men's hopes and longings and allowed them a subtle outlet for grievances they could never voice when face-to-face with their jailers.

"...a great beach read...all the ingredients for a story that's hard to put down..." —Author A.J. Braithwaite, Inside Hawley Lodge Read a snippet (from Book 3): Robert spoke with open hands and a casual stance, "Look, fella, take it easy. We just—" "O-okay, listen, I-I'll tell you the whole story. Everything. But I swear, I never did anything to her. Nobody did. Not on my watch, anyway. I took real good care of her. I swear. You gotta believe me!" Nic's pulse quickened. He took a step closer and cocked a brow at the stocky man, "Who her?" "Y-you know—your girl." "My girl?" "Y-yeah. You know...petite, brunette, pretty. Kinda..." The guy relaxed a little, pulling his hands away from the fence, and started forming an hourglass shape with them. Nic pursed his lips. "Okay. I know what she looks like." He lifted his chin at the stocky man, "So what are you talking about? 'Your watch'. 'Took care of her'. Where? When?" "Come on, you know..." The tattooed man looked from Nic over to Robert, as if he expected a more reasonable interrogator—a Good Cop to Nic's Bad. But Nic insisted, "Humor me." "Well, uh, well..." Nic took another step. The tattooed man gulped and started talking, "Yeah, okay. See, when I took the job, I didn't know it was her, okay? It was only when I saw her close up, in the light, that I recognized her. I remembered her from the bar. From that night last summer when I pulled her off the stool. I mean, I didn't know who she really was. I just thought she was your date, your girl or whatever, okay? I didn't know she was like...one of you."
