A single mom gets a tasty bite of undead romance in the second novel in the Broken Heart series. Ever since a master vampire became possessed and bit a bunch of parents, the town of Broken Heart, Oklahoma, has catered to those of us who don't rise until sunset—even if that means PTA meetings at midnight. As for me, Eva LeRoy, town librarian and single mother to a teenage daughter, I'm pretty much used to being "vampified." You can't beat the great side effects: no crow's-feet or cellulite! But books still make my undead heart beat—and, strangely enough, so does Lor'an the Loner. My mama always told me everyone deserves a second chance. Still, it's one thing to deal with the usual undead hassles: rival vamps, rambunctious kids adjusting to night school, and my daughter's new boyfriend, who's a vampire hunter, for heaven's sake. It's quite another to fall for the vampire who killed you...

As Sharon and the girls share their losses through weekly writing, they came to realize their unlimited potential and poetic talents. Healing from trauma. Healing can come in surprising ways across age and social class, as it did for both the girls and Sharon. But what happens when Sharon finally grasps that the most challenging experiences are the best teachers? Using extensive interviews, hundreds of transcripts, focus-group discussions with viewers, and his own experiences as an audience member, Joshua Gamson argues that talk shows give much-needed, high-impact public visibility to sexual nonconformists while also exacerbating all sorts of political tensions among those becoming visible. With wit and passion, Freaks Talk Back illuminates the joys, dilemmas, and practicalities of media visibility. "This entertaining, accessible, sobering discussion should make every viewer sit up and ponder the effects and possibilities of America's daily talk-fest with newly sharpened eyes."—Publishers Weekly "Bold, witty. . . . There's a lot of empirical work behind this deceptively easy read, then, and it allows for the most sophisticated and complex analysis of talk shows yet."—Elayne Rapping, Women's Review of Books "Funny, well-researched, fully theorized. . . . Engaged and humane scholarship. . . . A pretty inspiring example of what talking back to the mass media can be."—Jesse Berrett, Village Voice "An extraordinarily well-researched volume, one of the most comprehensive studies of popular media to appear in this decade."—James Ledbetter, Newsday

Sex workers are often the "objects" of study for academics and policy makers. Theories about their lives and the policies that affect their work are usually developed without input from the sex workers themselves, as they are rarely seen as capable of analyzing the social and political world in which they work. In this book, however, sex workers set the tone. Leslie Ann Jeffrey and Gayle MacDonald interview sex workers in three Maritime cities and those who work around them: police, health-care providers, community workers/advocates, members of neighbourhood associations, and politicians. The sex workers discuss such issues as violence and safety, health and risk, politics and policy, media influence, and public perception of the trade, portraying the best and the worst facets of their working lives and expressing sentiments refreshingly at odds with commonly held opinions. Given recent Parliamentary recommendations to decriminalize prostitution, Sex Workers in the Maritimes Talk Back represents a timely shift to public discussions about sex work. Engaging and accessible, this book will be of interest to public policy practitioners, students of social and political science, community advocates, police, and sex workers and their families.

The photograph used on the front cover is of Jane when she was fifteen. Jane's cousin became a custodian at the Macedonian school, which Jane attended as a young girl. The government decided to raise the old building and gave her cousin the job of cleaning it out first. He came across the photo and recognized it as his cousin, Jane. He brought it to Jane's family and Jane's older sister, Alima brought it to Germany, made a copy and mailed it to Jane. It is the only photo Jane has of herself as a child and she didn't know it existed until she became an adult.

We didn't know. For half a century, Western politicians and intellectuals have so explained away their inaction in the face of genocide in World War II. In stark contrast, Western observers today face a daily barrage of information and images, from CNN, the Internet, and newspapers about the parties and individuals responsible for the current Balkan War and crimes against humanity. The stories, often accompanied by video or pictures of rape, torture, mass graves, and ethnic cleansing, available almost instantaneously, do not allow even the most uninterested viewer to ignore the grim reality of genocide. And yet, while information abounds, so do rationalizations for non-intervention in Balkan affairs - the threshold of real genocide has yet to be reached in Bosnia; all sides are equally guilty; Islamic fundamentalism in Bosnia is a threat to the West; it will only end when they all tire of killing each other - to name but a few. In This Time We Knew, Thomas Cushman and Stjepan G. Mestrovic have put together a collection of critical, reflective, essays that offer detailed sociological, political, and historical analyses of western responses to the war. This volume punctures once and for all common excuses for Western inaction. This Time We Knew further reveals the reasons why these rationalizations have persisted and led to the West's failure to intercede, in the face of incontrovertible evidence, in the most egregious crimes against humanity to occur in Europe since World War II. Contributors to the volume include Kai Erickson, Jean Baudrillard, Mark Almond, David Riesman, Daniel Kofman, Brendan Simms, Daniele Conversi, Brad Kagan Blitz, James J. Sadkovich, and Sheri Fink.

When life imitates opera, what is a young Italian American girl to do? At the age of eleven, I lost my mother, Tosca, to cancer, and within two years, my father committed suicide by shooting himself in the head. My warm, extended Italian immigrant family began to unravel as greed and selfishness motivated the adults around me. A Heart Near Death is a memoir about how I survived the tragic events of my early childhood, which included the death of two parents, separation from my brothers, the robbery of my inheritance, and being sexually abused by my uncle. Outside readers have called A Heart Near Death plucky and evocative. Lyrical and raw, funny and poignant, the book celebrates courage, dignity, humor and endurance. Like the operas that sustained me throughout my life, it is a story I hope will uplift and inspire many others.

They call him "America's Mayor." But to blacks that title sugarcoats Rudy Giuliani's real reputation as one of the most racially divisive leaders in the nation. Peter Noel's book puts Giuliani's often-ignored record of oppressing the "other New York" front and center in the 2008 presidential race. Noel was a witness to "Giuliani time" in New York. As the race beat journalist for The Village Voice, he reported exclusively on the police brutality that rained down on blacks, and the denigration of black leadership by Giuliani. In this collection of his exposés, Noel provides stunning insights into the most notorious events of Giuliani's tenure, including the execution-style killing of Amadou Diallo and the sadistic torture of Abner Louima. Both men-like many black victims of Giuliani's stop-and-frisk policing-were innocent of any wrongdoing. This brutality sparked a new black activist movement. Scores, including Jesse Jackson, were arrested-and Peter Noel was there to cover it. No journalist was more insightful about the rise of Al Sharpton, Khallid Muhammad's "Million Youth March," and Giuliani's demonization of David Dinkins, the city's first black mayor. There are interviews with major political players, inside accounts of the shifting alliances and violent conflicts between ethnic groups, and a stinging critique of the white-dominated media. And then there is Peter Noel's interview with Giuliani, which took the form of a street fight in Harlem. In these eloquent, often searing pieces, written in an outraged and authentic voice, Peter Noel spoke truth to the power of an "Afriphobic" mayor. In this revealing book, he still does.

An incomparable collection of wit and wisdom from a master of comic writing After creating the popular Franglais! series, Miles Kington always had an ambition: to write a book in English as well. An "endlessly curious and observant hack", as he described himself, here a gentle wit and wide-ranging intelligence are brought to bear on everything from the curious geography of Jersey to anthropological studies on German prisoners of war; from an interview with the Mona Lisa to why there's no such thing as a good jazz singer, via an interrogation of Nostradamus. Originally written for a wide range of publications, these pieces show Kington really letting his hair down, largely on the grounds that he never expected anyone to read them anyway. Together, they form an effervescent collection of light verse, memoir and listicles (yes, he was there first). In Miles and Miles we have a demonstration of a comic master at work, and a testament to the timeless class of one of Britain's most-loved humorists.

After an illegal experiment explodes by a lightning strike in Sanders, Kansas, a pregnant woman breathes in the lethal mist that it caused and passes it to her unborn son, causing him to start rapidly growing immediately. She dies during his birth due to the size of her son in just a few hours later. The son, named Guy, survives and starts growing exponentially with heightened strength, hearing, and the ability to tap into parts of the brain that no one else can. When a doctor and his wife adopt him, they suddenly realize his illness and return him to the orphanage, where he is secretly kept in a locked room and tutored by a professional while growing up. In just two months time, he has grown to look like an 18 year old teenager. The evil mastermind of the experiment is wanting to erase any and all evidence linking him to his experiment, which he does. However, after learning that a boy was born with the serum inside him, he sends his goons out to find and kill him, along with anyone who stands in his way. Will Guy ever have a life free from pursuit? If so, will a cure ever be found to stop the rapid aging caused by the experiment?

After spending 33 years abroad, a man returns to his native country to aid in its progress and development.

Jones writes of severed relationships, sexual violation, and the devastating effects of spiritual abuse, sharing a wealth of insights, understanding, and learning.

Salvation, the chief subject of the Christian faith, is an inexplicably neglected subject in the subjects and contents of today's Christian literature - consequently, there is so little understanding about this foundation; many church people don't know how to explain the new birth and an astonishing number of people in churches are not born again. Now it seems good to the Holy Spirit and to us to write a timeless classic on this foundational area. Translated is perhaps the most unique book so far written on salvation and fills a gaping void. Translated reads like a terrific novel of distinct and yet uniquely connected stories; it provides answers to many questions that have begged answers for generations! How do the Words of Jesus connect with the happenings

and news headlines in our world today? Did Jesus address homosexuality, terrorism, wars and global warming? Why did Jesus use the expression 'Ye must be born again'? Considering how important it is to be born again why did Jesus only use that expression when talking to Nicodemus? Why did Jesus never use the words 'Born again' after the night meeting with Nicodemus? If to be born again is the most important ingredient of the Christian faith and if the New Testament is a continuation of the old, why was the expression 'born again' never used in the Old Testament? How does the story of Zacheus in Luke exemplify translation? What did Jesus want us to learn by giving salvation to the thief on the cross just before He gave up the ghost? What connects the story of the woman of Samaria at the well with that of Zachues and the thief on the cross? Have you ever wondered how some of the key leaders in the body of Christ all over the world got saved? Why is it so important for people to make an open confession of their faith before they can be saved? How do natural things help us understand the power of translation? Why did Jesus use the word Kingdom more than 100 times in the gospels of Matthew, Mark, Luke & John? What is the difference between the power of darkness and the kingdom of God? How can believers in Jesus discover their calling? Why do some preachers make little or no emphasis on translation (salvation) and the kingdom of God? How can I spot a false preacher or ministry? Why should I believe in Jesus? Why is salvation so scarce among celebrities?
