Things aren't looking great for Cass Clereaux. For one, her greatest fear has come true. She's stuck in the Prison for Magical Miscreants while her nemesis, Victor Orriodor, is out in the world, putting the last pieces of his plan into place. He's wreaking havoc, all while she's stuck in a stone box, awaiting likely execution. Fortunately, Cass has just discovered that she's the most powerful Magica in the world. She may have no control over her massive new power, but that won't stop her from using it to break out of the world's strongest supernatural prison. As for how she's going to stop Victor when she gets out? She has no idea. To have any hope at success, Cass will have to learn to control her magic and figure out exactly what he's trying to accomplish. She's going to need all the help she can get if she wants to survive, much less save the world. Luckily for her, she's got Aidan Merrick and her sisters at her back, along with her allies in the League of FireSouls.

In a world of suppressed magic, I'm an Unknown. Deadly power, little control. I'm only alive because I pay a Blood Sorcerer to keep me hidden. But when he comes to collect on the debt I can't pay, one of his goons slams me with a deadly curse. Suddenly, I'm out of options and out of time. When I'm given a rare chance to join the secretive Undercover Protectorate and train at their academy to become an investigator, I have a way to hunt the cure for the curse. They have resources I don't. Easy, since I'm broke. Seems like a good plan, right? At least, until they tell me Cade will be joining me on my hunt for the Blood Sorcerer. He's an actual Celtic war god--and the hottest guy I've ever seen. The catch? I can't let him know that I'm an Unknown, or I'm out on my ass and deader than Hades.

In the city of Magic's Bend, I protect what's mine. To the world, I'm a feeble Conjurer. To my closest friends, I'm a dangerous Magica with unexplainable powers given to me by a dragon. The downside? If anyone discovers what I am, I'm dead. So I lay low- kicking ass with my weapons, not my magic. Things go to hell when I witness the murder of a powerful vampire ally and become the key suspect. Soon, I'm hunted by the sexiest, strongest supernatural I've ever met. Ares is an unheard of vampire hybrid, and it's hard to say if he wants to screw me or screw me over. I've got three days to catch the real killer. The bad news? It will take my forbidden magic to succeed. But can I control it, much less keep my secret with Ares watching my every move? I'm used to protecting others...now I have to protect myself. \*This is an unofficial advance copy. It does not yet have the official cover.

The only person with strong enough magic is the king. Which means I have to beg my mate for help. I'd rather chew off my own leg, but that won't save Magic's Bend. There's good news and bad news. The good news is I'm still alive. The bad news is that three deadly titans want to destroy the world, and they're more powerful than ever. Oh, and I have to stop them. Is China a rogue donor, as some media pundits suggest? Or is China helping the developing world pave a pathway out of poverty, as the Chinese claim? In the last few years, China's aid program has leapt out of the shadows. Media reports about huge aid packages, support for pariah regimes, regiments of Chinese labor, and the ruthless exploitation of workers and natural resources in some of the poorest countries in the world sparked fierce debates. These debates, however, took place with very few hard facts. China's tradition of secrecy about its aid fueled rumors and speculation, making it difficult to gauge the risks and opportunities provided by China's growing embrace. This well-timed book, by one of the world's leading experts, provides the first comprehensive account of China's aid and economic

cooperation overseas. Deborah Brautigam tackles the myths and realities, explaining what the Chinese are doing, how they do it, how much aid they give, and how it all fits into their "going global" strategy. Drawing on three decades of experience in China and Africa, and hundreds of interviews in Africa, China, Europe and the US, Brautigam shines new light on a topic of great interest. China has ended poverty for hundreds of millions of its own citizens. Will Chinese engagement benefit Africa? Using hard data and a series of vivid stories ranging across agriculture, industry, natural resources, and governance, Brautigam's fascinating book provides an answer. It is essential reading for anyone concerned with China's rise, and what it might mean for the challenge of ending poverty in Africa.

There's a monster on the loose, and only I can stop him. My enemy Drakon is on the hunt for dragons, and I'm on the hunt for him. Problem is, he's a step ahead of me every time. Worse, I'm a pawn in chess game only he understands. When Drakon puts my hometown under a horrifying freezing spell, I get the first terrifying clue to his plan. My family is trapped, slowly wasting away. I must break the spell before it's too late, but the task might kill me. Though I've got my friends at my back, I'm the only one who can stop Drakon. And I'm not sure my magic is strong enough to do the job. Enemy of Magic is a fast-paced fantasy mystery with a kick-butt heroine, a tough hero, and magic that will blow your socks off.

The orphaned daughter of a no-name farmer, she toils away as a serving girl at Hallowdale Inn, her only marriage prospects either shipping off to war, or pawing at her skirts with their grubby, gnarled hands. But fate takes a strange turn the day a dragon huntress comes to town. For Dareena is not a nobody. She is the Dragon's Gift--the one woman chosen by the gods every century to bear children for the future king of Dragonfell. Despite her pre-ordained path, Dareena's fate is far from certain. The crown has not given birth to more than one son in nearly a thousand years, and the line of succession is far from clear. I'm good at two things: finding treasure and killing demons. Lying low is a close third-but not because I want to be good at hiding. I have to be. I'm a FireSoul, one of the unlucky few to inherit a piece of the dragon's soul. Being born with the dragon's covetousness should be a sweet gig - I have the power to find and steal any type of treasure, including the powers of other supernaturals. But it doesn't come without a price - stealing powers requires that I kill, and others would destroy me if they discover what I am. In a world full of magic, hiding my species is the only way to survive. Finding magical artifacts is the only way to pay the bills. It's a dangerous job when you can barely use your magic, but that's one of the things I like about it. When Aidan Merrick, the most powerful shifter in the city, hired me to find an ancient scroll, I didn't want to take the job. His immense amount of power reminds me of too much of murky memories from a past I can't remember. But I don't have a choice. The scroll reveals what I am. And if anyone finds out, I'm dead.

We're burning from within.... So, I'm in trouble. My mate, Iain, thinks I betrayed him. That's because I did--using a love potion to control him. But now, it's stopped working, and there's nothing left but his anger. He's not the only one pissed off at me. My Court knows that I've lost the sacred stone of our people, putting everyone in danger. When the Royal Guard comes for me with a pair of fire manacles, I'm not surprised. But when my estranged mate, king of the Sea Fae, strolls into the Court of Fire to help me.... Well, that bit is unexpected. I'm in no position to turn down help, even if my mate is hardly speaking to me. If we don't recover the Soul Stone soon, all of my people will burn from within. As we go deep into enemy territory, the desire between us becomes impossible to resist. And if I can't fight it, he'll never let me go.

I've been betrayed. I spent years hiding my magic from the world, but now I've got new powers I can't control. Everyone around me is at risk, and if my secret is revealed, I'll be hunted. But I don't have time to worry about the monster I might become. Someone has stolen a dangerous artifact that could turn my world upside down. It could get me and my friends killed and bring destruction down on my city. Is Damien Malek to blame? He's a fallen angel. Handsome and lethal. A thief and a liar. And he's betrayed me before. The heat between us keeps pulling us together, but his lies always tear us apart. If I want answers, I will have to risk everything. My job. My magic. My life. There's a riddle to solve. An ancient city to find. A deadly genie to defeat, and a dark storm rising in the burning sands. An action-packed urban fantasy, Dark Storm features a rebel heroine, a dark angel hero, and slow burn romance. Dive into the mysteries of the Arabian Nights and prepare yourself for edge-of-your-seat adventure amongst the shifting sands. If you enjoyed the archaeology, history, and daring in Linsey Hall's original Dragon's Gift books, this adventure is for you!

Cass Clereaux likes her job. It's simple-steal the magic, don't get killed. FireSouls like her are perfect for magic treasure hunting. Their dragon soul helps them find treasure, their wicked powers help them steal it. But there's a big freaking downside-FireSouls are hunted. If either of the magical governments figures out what she is, she can kiss her life goodbye. When the Alpha Council comes to her with a special job, it's a no-brainer to turn it down, no matter how much money they're offering. Shifters who can sniff out her weird magic are the last supernaturals she needs to be around. Worse? They have a history of hunting FireSouls. But when Cass learns that a little girl's life is at stake and Cass is her last hope, she doesn't have a choice. With her sisters and Aidan Merrick at her back, she's got a chance at saving the girl and keeping her deadly secret-until she learns there's far more to this kidnapping than meets the eye. It's far too similar to what happened to her as a child, and everything new that she learns scares her even more.

#### Undercover Magic

In a post-virus New World, authentic humans are a hot commodity. And The Society rules. Neeman has tried everything to overcome the pain of both heartbreak and being forcibly turned into a vampyr. When he meets the headstrong Selene in a nightclub, she could be the change he needs. Her beautiful human-like features stand out among the vamps, and he has no choice but to bring her back to his Tracking Squad's compound before she gets herself killed. Charged with stopping a demon invasion, Selene has been sent back to the Earth Realm by the Fae. But en route, she loses the talisman that can keep her darker nature, and her impulses, under control. With Vampires now ruling Earth there are more vices than ever to distract her from her mission. Especially Neeman, whose hard body and piercing gaze awakens a primal desire within her. He's the only one who can protect her from The Society, and from even darker forces on the horizon...but he can't protect her from himself.

Stolen from her homeland. Separated from her mates. Is there any hope for Dareena and her dragons? Or is their kingdom destined to fall? When Drystan and his brothers managed to drive their madness-stricken father from the throne, Dareena thought the worst of their troubles were over. But the elves are knocking at their door, demanding reparations, and with a new general at the helm, they will not let Dragonfell off the hook so easily. To buy their kingdom time, and save their armies from certain destruction, Dareena and Alistair allows themselves to be taken to Elvenhame, where they will be held hostage until the countries can come to an agreement. But while the two kingdoms squabble, the real enemy continues its insidious assault. Both Dragonfell and Elvenhame unknowingly teeter on the brink of destruction, and unless Dareena and her mates can uncover the true conspiracy, their world will fall to darkness...

My secret is out. You know that saying, to hell in a hand basket? That's where my life is headed. Three days ago, the Vampire Court learned about my forbidden FireSoul magic. It's basically a death sentence. Except they've made me a deal. I have to pass a series of trials, designed to test my magic and my loyalty. If I survive, I become an ally of the Court, which would be awesome. Problem is, the trials are as deadly as a hungry hellhound and I can't trust my partner, the sexy hybrid-vampire Ares. Worse, there's a new magic inside me that's eating me alive. It won't stop until I learn to control it, but that's a tall order given everything else that's on my plate. Between the trials and a recent theft at my shop, Ancient Magic, I'm up to my ears in magical problems. Trial by Magic is a fast-paced fantasy mystery with a kick-butt heroine, a tough hero, and magic that will blow your socks off.

He must never realize who I am. I'm a demon slayer, so I lead a simple life slaughtering monsters. As long as no one learns that I'm descended from a forbidden line of Dragon Bloods, I can keep my job and my life. But when a powerful Fae king realizes I'm his fated mate, I've got problems. Especially since A), he hates me and B), he learns my secret, and it puts my whole life at risk. I want to kill my mate. The stars align when my employers send me to the Fae kingdom to compete in the Trials of the Fae as an undercover agent. My real goal? Investigate the king for the murder of hundreds. But the king only has eyes only for me, even when I'm in disguise. He senses that I'm his mate, and our attraction is off the charts. No matter how much we mistrust each other, we can't stay apart. But when he realizes what I'm up to, there will be hell to pay. That is, if I survive.

Cass Clereaux has a few problems. Sure, she just saved her whole town and is now immortal, but immortality sucks. The same spell that made her immortal also takes away her magic. It's kaput. Finito. Gone. Being a FireSoul and finding magical treasure is who she is. Now, she couldn't find her left leg with a map. Not even if a dragon pointed the way. To make matters worse, her concealment charm is

malfunctioning. Demons are showing up left and right, trying to bring her head back to the Monster who stalks her. While Cass is on the hunt to recover her magic and learn about her past, the specter of the Monster is getting ever closer to his mysterious end goal. She's prophesied to meet him on the field of battle-but if she doesn't have her magic back by then, she's dead.

Where winning means survival According to legend, I'm supposed to be some kind of all-powerful DragonGod-gifted with the magic of gods. Instead, I'm a dud. In fact, when I join Undercover Protectorate's magical academy, I immediately begin to fail out. It's the supernatural version of Scotland Yard, and my classmates are all jerks who think I suck. Super fun. I've got one chance to earn my place here--I must compete in a deadly race across the world. In order to win, I need to survive. And I'll need the help of a sexy and powerful shifter mage named Lachlan Munroe. When we figure out that the race is rigged, Lachlan and I must rely on each other to make it through. But will I be able to learn enough magic to save my life? This is just the start of Ana and Lachlan's adventures. This omnibus contains all five books in the Dragon's Gift: The Druid Series. Title include Institute of Magic, Crime of Magic, Celtic Magic, Captured by Magic, Doomsday Magic.

My fated mate is a lethal fae king. And I'm going to kill him. Ever since the Court of Flames banished me, I've managed to hide my true nature--Chosen One of the Fire Fae, destined to save us all. Truth is, I'm not that impressive. I've spent my banishment hunting demons for fun and slinging drinks at Potions & Pastilles. But then the lethally sexy king of the Court of Ice finds me. He's been hunting me for years and wants to claim me as his fated mate. But it gets darker. He plans to sacrifice me to save his dying kingdom. One touch changes everything though, because I'm the only one who can warm him. I'm going to use that to my advantage and convince him to return with me to the Court that banished me years ago. There, I will kill him before he kills me. But I'm playing with fire, because I'm not sure if I can I resist him long enough to change my fate.

Waking up in hell was not Del Bellator's idea of a good time. She'd rather be back on earth, killing demons and hunting down magical treasure for her shop, Ancient Magic. Turns out that escaping hell is easy-it's staying out that's hard. Del's death magic defies the laws of the supernatural world. Worse-she doesn't know how to control it. If others learn what she is, it's guaranteed persecution by the Order of the Magica. And Del already has a deadly and forbidden secret-she shares a soul with a dragon. Things get sticky when Roarke Fallon, Warden of the Underworld, shows up on her doorstep wanting to drag her back to hell. He's a one of a kind shifter-the most powerful she's ever met-and he's set his sights on her. Helping him catch an escaped demon gives her an opportunity to win her freedom, but only if she teams up with Roarke. She'll have to use her forbidden magic to get the job done. And that is a recipe for discovery... and disaster. Magic Undying features a kick butt heroine, a powerful hero, and otherworldly adventure.

Fated Mates....if they can survive When Sora, a beautiful mage with broken magic, walks into my bar, two things are obvious. One: she needs my help. Two: she's my fated mate. I'll stop at nothing to save her from the magical mob boss she's pissed off. It's the only way I'll ever be able to make her mine. Then the unexpected happens. The Fae magic that I once rejected comes back, cursing me to die within days if I can't create an antidote. Sora is my best chance at getting the ingredients I need, but only if we both survive.
