Raised with limited peer interaction, Ernestine St Bennett has difficulty interpreting social cues. At twenty-five she's become a loner; a shy nerd immersed in her scientific studies, whose best friend is her pet fish, Waldo. Then Ernestine meets Simon Prime, who's obviously a nerd, too! Sympathizing with his social dysfunction, Ernie decides to help poor Simon increase his self-esteem and thus enhance his social standing. Using principles learned in her fish studies, she'll simply turn Simon from meek to macho. What Ernestine doesn't know (but Waldo suspects) is that Simon Prime is really ex-cop, private investigator Sam Pierce in disguise. A man who definitely doesn't need his masculinity enhanced!

THERE existed from very early times a collection of Norse proverbs and wise counsels, which were attributed to Odin (Othin) just as the Biblical proverbs were to Solomon. This collection was known as "The High One's Words," and forms the basis of the present poem. Few gnostic collections in the world's literary history present sounder wisdom more tersely expressed than the Havamal. Like the Book of Proverbs it occasionally rises to lofty heights of poetry. If it presents the worldly wisdom of a violent race, it also shows noble ideals of loyalty, truth, and unfaltering courage. Over time other poems were added to the original content dealing with wisdom which seemed, by their nature, to imply that the speaker was Odin. Thus a catalogue of runes, or charms, was tacked on, and also a set of proverbs. Here and there bits of verse crept in; and of course the loose structure of the poem made it easy for any reciter to insert new stanzas almost at will. This curious miscellany is what we now have as the Havamal. Five separate elements are pretty clearly recognizable: (1) the Havamal proper (stanzas 1-80), a collection of proverbs and counsels for the conduct of life; (2) the Loddafafnismol (stanzas 111-138), a collection somewhat similar to the first, but specifically addressed to a certain Loddafafnir; (3) the Ljothatal (stanzas 147-165), a collection of charms; (4) the lovestory of Odin and Billing's daughter (stanzas 96-102); (5) the story of how Odin got the mead of poetry from the maiden Gunnloth (stanzas 103-110). There is also a brief passage (stanzas 139-146) telling how Odin won the runes, this passage being a natural introduction to the Ljothatal, and doubtless brought

into the poem for that reason. 33% of the net profit from the sale of this book will be donated to charities.

There's something in the earth deep below Elise Kavanagh's territory. A shadow is falling upon local demons to devour their flesh and harvest their souls. And it's coming for Elise next. All she has to do is surrender the territory and trust that they can protect the ethereal ruins, the dark gate, and the city she's come to know as home. Greater powers have other plans for Elise and her fabled power as Godslayer—plans that mean surrendering her life and blood to the most powerful demon alive. But if she descends, there's no turning back. Once she gazes into the abyss, it will gaze back into her...and Elise will be damned forever.
