Indian poets who wrote in English—a small middle class minority—were divided from the regional language poets by more than language for long. The English poets had a selected readership, were known unto themselves, in academic circles if they were widely published, but were looked down upon with a kind of derision by regional writers. However, the scenario has changed now. From English being spurned as a colonizer's tongue that was nobody's language, it has now become everybody's language with English medium schools, English movies, ads, soaps and serials. For a generation living in a global village, genuine readership and appreciation of English poetry is no longer an encumbrance. This book, in its second edition, continues to educate the students with diverse and thought-provoking essays that vary from personal to argumentative to objectively discursive English literature and to those who are genuinely interested in Indian English poetry. The Fourteen poets selected in this anthology are Michael Madhusudan Dutt, Toru Dutt, Rabindranath Tagore, Aurobindo Ghosh, Sarojini Naidu, Jibanananda Das, Nissim Ezekiel, Jayanta Mahapatra, A.K. Ramanujan, Arun Kolatkar, Rajagopal Parthasarathy, Kamala Das, and Dilip Chitre. The poets included are all on the syllabi of major universities in India.

This set comprises 40 volumes covering nineteenth and twentieth century European and American authors. These volumes will be available as a complete set, mini boxed sets (by theme) or as individual volumes. This second set compliments the first 68 volume set of *Critical*

Essays on Eddic Poetry presents a selection of important articles on Old Norse literature by noted medievalist John McKinnell. While McKinnell's work addresses many of the perennial issues in the study of Old Norse, this collection has a special focus on the interplay between heathen and Christian world-views in the poems. Among the texts examined are Hvaml, which includes an elegantly cynical poem about inn's sexual intrigues and a more mystical one about his self-sacrifice on the world-tree in order to gain magical wisdom; V?lundarkvia, which recounts an elvish smith's revenge for his captivity and maiming; and Hervararkvia, where the heroine bravely but foolishly raises her dead father to demand the deadly sword Tyrfingr from him. Originally published between 1988 and 2008, these twelve essays cover a wide range of mythological and heroic poems and have been revised and updated to reflect the latest scholarship.

Alphabetical entries provide brief biographies, highlight selected books, describe poetic style and awards won, and suggest curriculum connections for more than sixty contemporary authors of poetry for children and young adults.

Since Thomas Paine and Benjamin Franklin put type to printing press, Philadelphia has been a haven and an inspiration for writers. Local essayist Agnes Repplier once shared a glass of whiskey with Walt Whitman, who frequently strolled Market Street. Gothic writers like Edgar Allan Poe and George Lippard plumbed the city's dark streets for material. In the twentieth century, Northern Liberties native John McIntyre found a backdrop for his gritty noir in the working-class neighborhoods, while novelist Pearl S. Buck discovered a creative sanctuary in Center City. From Quaker novelist Charles Brockden Brown to 1973 U.S. poet laureate Daniel
