From TV personality and radio host Bill Flanagan comes a highly entertaining time-traveling adventure novel about how the past never gives up its hold on the present and how even sixty-five-year-olds are still kids at heart. If you had the chance to live your life over again, knowing everything that you know now, would you take it? Would you still take it if it meant losing everything you have today? Would a second chance to correct every mistake and missed opportunity be worth giving up the world you know and the life you have built? In Fifty in Reverse, fifteen-year-old Peter Wyatt does just that. In the spring of 1970, Harvard psychologist Terry Canyon is introduced to Peter, a quiet kid from a wealthy family who has been suspended from ninth grade for stripping off his clothes in Algebra class. When Terry asks Peter why he did it, the boy explains that he was trying to “shock myself awake.” It turns out that Peter believes he is a sixty-five-year-old man who went to sleep in his home in New York in the year 2020 and woke up in his childhood bedroom fifty years earlier. Hilariously depicting Peter's attempts to fit in as a fifteen-year-old in 1970 and to cope with the tedium, foolishness, and sexual temptations of high school as he tries to retain the sense of himself as a sixty-five-year-old man, Fifty in Reverse is a thought-provoking and enlightening novel about second chances and appreciating the life you have today.

Previously published as Ancient Science, Secret History contains 150 pages of new material. The Secret History of The World and How To Get Out Alive is the definitive book of the real answers where Truth is more fantastic than fiction.

Laura Knight-Jadczyk, wife of internationally known theoretical physicist, Arkadiusz Jadczyk, an expert in hyperdimensional physics, draws on science and mysticism to pierce the veil of reality. With sparkling humour and wisdom, she picks up where Fulcanelli left off, sharing over thirty years of research to reveal, for the first time, The Great Work and the esoteric Science of the Ancients in terms accessible to scholar and layperson alike. Conspiracies have existed since the time of Cain and Abel. Facts of history have been altered to support the illusion. The question today is whether a sufficient number of people will see through the deceptions, thus creating a counter-force for positive change - the gold of humanity - during the upcoming times of Macro-Cosmic Quantum Shift. Laura argues convincingly, based on the revelations of the deepest of esoteric secrets, that the present is a time of potential transition, an extraordinary opportunity for individual and collective renewal: a quantum shift of awareness and perception which could see the birth of true creativity in the fields of science, art and spirituality. The Secret History of the World allows us to redefine our interpretation of the universe, history, and culture and to thereby navigate a path through this darkness. In this way, Laura Knight-Jadczyk shows us how we may extend the possibilities for all our different futures in literal terms. With over 800 pages of fascinating reading, The Secret History of The World and How to Get Out Alive is rapidly being

acknowledged as a classic with profound implications for the destiny of the human race. With painstakingly researched facts and figures, the author overturns long-held conventional ideas on religion, philosophy, Grail legends, science, and alchemy, presenting a cohesive narrative pointing to the existence of an ancient techno-spirituality of the Golden Age which included a mastery of space and time: the Holy Grail, the Philosopher's Stone, the True Process of Ascension. Laura provides the evidence for the advanced level of scientific and metaphysical wisdom possessed by the greatest of lost ancient civilizations - a culture so advanced that none of the trappings of civilization as we know it were needed, explaining why there is no 'evidence' of civilization as we know it left to testify to its existence. The author's consummate synthesis reveals the Message in a Bottle reserved for humanity, including the Cosmology and Mysticism of mankind Before the Fall when, as the ancient texts tell us, man walked and talked with the gods. Laura shows us that the upcoming shift is that point in the vast cosmological cycle when mankind - or at least a portion of mankind - has the opportunity to regain his standing as The Child of the King in the Golden Age. If ever there was a book that can answer the questions of those who are seeking Truth in the spiritual wilderness of this world, then surely The Secret History of the World and How to Get Out Alive is it.
