This book is a top-to-bottom guide to getting a fifth-wheel, teardrop, or other camper trailer ready for the road and beyond. From basic troubleshooting to electrical and plumbing projects, replacing interior surfaces, and clever (sometimes "retro") decorating ideas, this book uses detailed illustrations, color photography, and a wealth of step-by-step, how-to information to get help you get your travel trailer into shape for your next big--or little--adventure. And in case you haven't pulled the trigger on that trailer you're eying on Craigslist just yet, Camper Rehab also walks you through the process of evaluating a potential purchase, identifying which issues are fixable and which are dealbreakers, as well as how to spot hidden problems. Written by accomplished DIY author Chris Peterson, whose light and approachable tone is coupled with the hardworking DIY information you need, Camper Rehab is a must-have for any camper owner or dreamer.
