It's the perfect complement to the international bestseller The Design Thinking Playbook.

The Spanish Civil War, begun in July 1936, was a preliminary round of World War II. Hitler's and Mussolini's cooperation with General Franco resulted in the Axis agreement of October 1936 and the subsequent Pact of Steel of May 1939, immediately following the end of the Civil War. This study presents comprehensive documentation of Hitler's use of the upheaval in Spain to strengthen the Third Reich diplomatically, ideologically, economically, and militarily. While the last great cause drew all eyes to Western Europe and divided the British and especially the French internally, Hitler could pursue territorial gains in Eastern Europe. This book, based on little-known German records and recently opened Spanish archives, fills a major gap in our understanding of one of the 20th century's most significant conflicts. Its comprehensive treatment of German-Spanish relations from 1936 through 1939, bringing together diplomatic, economic, military, and naval aspects, will be of great value to specialists in European diplomacy and the political economy of Nazi imperialism, as well as to all students of the Spanish Civil War.

The Transatlantic Relationship , written by a group of experts drawn from both sides of the Atlantic, examines the security, trade, and cultural aspects of the United States - European Union relationship. It focuses in particular on the politics of alliance reconfigurations, especially with regard to NATO, the NACC, and the OSCE; the new issues in the new World Trade Organization; the structural factors affecting NAFTA-EU relations; and the cultural dimensions of the relationship.

The dragons of Berk are coming to Dark Horse! Hiccup, Toothless, and all their dragon-riding friends from DreamWorks Animation's acclaimed How to Train Your Dragon films are starting new adventures in comics! Created with the help of the film's writer, director, and producer Dean DeBlois, these graphic novellas will bridge the gap

between the second film and the upcoming third film. More adventures, more dragon lore, and more fun! You won't have to wait years for more dragons; they are coming to you--in comics!

When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister's couch, he decided he needed to make a change for the better. He started by reaching out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is now a sought-after business coach, speaker, and podcast host. In *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing "the greats" on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. The masters of greatness are not successful because they got lucky or are innately more talented, but because they applied specific habits and tools to embrace and overcome adversity in their lives. A framework for personal development, *The School of Greatness* gives you the tools, knowledge, and actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness "professors" and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. His lessons and practical exercises prove that anyone is capable of achieving success and that we can all strive for greatness in our everyday lives.

As the magical holiday season is disrupted with an afternoon of horror, it becomes apparent that the Legions have begun their uprising around the globe, and Ana does her best to stay strong even though her world has been shattered. It is up to Ana to find the strength within and not fall prey to the dark side as she begins her chase to reclaim what's rightfully hers. Realizing that Ana's visions alone are not enough to protect them, her family begins her training immediately before she is targeted once more. The Legions will not quit until they get what they want, and they have made it clear that mortals will not be spared, leaving Ana little time to figure out what it is the demons are after. As Ana balances her time between chasing after her destiny and spending her time relearning how to fight demons, she learns something about her past that could change why she's fighting for anything at all. Clues continue to unfold in the form of yellowed letters she finds from Athen buried within an old Tudor home; and her future is signaled in a lone, white rose left for only her to see giving her the strength to persevere. She is determined to not give up faith that she will have it all once more.

Equity and index options expire on the third Friday of each month. As that moment approaches, unusual market forces create option price distortions, rarely understood by most investors. These distortions give rise to outstanding trading opportunities with enormous profit potential. In *Trading Options at Expiration: Strategies and Models for Winning the Endgame*, leading options trader Jeff Augen explores this extraordinary opportunity with never-before published statistical models, minute-by-minute pricing analysis, and optimized trading strategies that regularly deliver returns of 40%-300% per trade. You'll learn how to structure positions that profit from end-of-contract price distortions with remarkably low risk. These strategies don't rely on your ability to pick stocks or predict market direction and they only require one or two days of market exposure per month. Augen also discusses:

- Three powerful end-of-cycle effects not comprehended by contemporary pricing models
- Trading

only one or two days each month and avoiding overnight exposure · Leveraging the surprising power of expiration-day pricing dynamics If you're looking for an innovative new way to reignite your returns no matter where the markets move, you've found it in *Trading Options at Expiration*. "Learn and profit from Jeff Augen's book: It clearly explains how to take advantage of market inefficiencies in collapsing implied volatility, effects of strike price, and time decay. A must-read for individuals who are options oriented." --Ralph J. Acampora, CMT, Director of Technical Analysis Studies, New York Institute of Finance "A fantastic, insightful book full of meticulously compiled statistics about anomalies that surround option expiration. Not only does Augen present a set of effective trading strategies to capitalize on these anomalies, he walks through the performance of each across several expirations. His advice is practical and readily applicable: He outlines common pitfalls, gives guidance on timing your executions, and even includes code that can be used to perform the same calculations he does in the text. A thoroughly enjoyable read that will give you a true edge in your option trading." --Alexis Goldstein, Vice President, Equity Derivatives Business Analyst "Mr. Augen makes a careful and systematic study of option prices at expiration. His translation of price behavior into trading strategy is intriguing work, and the level of detail is impressive." --Dr. Robert Jennings, Professor of Finance, Indiana University Kelly School of Business "This book fills a gap in the vast amount of literature on derivatives trading and stands out for being extremely well written, clear, concise, and very low on jargon--perfect for traders looking to evolve their equity option strategies." --Nazzaro Angelini, Principal, Spearpoint Capital "Instead of considering macro-time strategies that take weeks to unfold, Jeff Augen is thinking micro here--hours or days--specifically the days or hours right before expiration, and harnessing grinding, remorseless options decay for profit. He builds a compelling case for the strategy here. The concept of using ratio spreads plus risk management for as brief a period as one day--open to close--to capture expiring premium is worth the price of admission alone. A superb follow-up to his first book. Must-read for the serious options student." --John A. Sarkett, Option Wizard software

Napoleon Hill summed up his philosophy of success in *Think and Grow Rich*, one of the bestselling inspirational business books ever. A USA Today survey of business leaders named it one of the five most influential books in its field, more than 40 years after it was first published. Now, in *Napoleon Hill's Keys to Success*, Hill's seventeen essential principles of personal achievement are expanded in detail for the first time, with concrete advice on their use and implementation. This illuminating guide is packed with invaluable mental exercises, self-analysis techniques, powerful encouragement and straightforward advice. It is guaranteed to help everyone who is seeking personal and financial improvement. You will learn how to: Fill your life with purpose and direction; Perfect your personality; Fan your creative spark; Create a positive mental attitude; Build your self-discipline; Budget time and money; And countless other ways to fulfil your ambitions and make your dreams come true

Explains the workings of the commodity futures market, describes methods for analyzing the futures market, and offers advice on trading in futures

First produced at the Central City Opera House in 1956, "The Ballad of Baby Doe" is now widely considered a classic and is the second most produced American opera. In *The Ballad of Baby Doe*, Duane A. Smith tells the tale of the complicated birth of this most American of operas. Inspired in 1953 by composer Douglas Moore's interest in Horace Tabor's story and funded by the Central City Opera House Association, the opera came together through a unique combination of hard work and serendipity. Smith relates how key people -- including investors and historians in addition to creative talent -- turned Moore's idea into a reality and brought the story of the Tabors to millions of opera fans worldwide. In addition, Smith compares the opera's libretto with historical reality, and the book even includes a chapter on the production written by John Moriarty, who conducted the opera in 1981, 1988, and 1996.

For anyone interested in opera history or this Colorado story in particular -- the emblematic tale of silver millionaire Horace Tabor and the two women he married -- *The Ballad of Baby Doe* will be the definitive history for years to come.

Escal-Vigor (1899) is a novel by Georges Eekhoud. Recognized as a groundbreaking work of LGBTQ literature, *Escal-Vigor* was praised by some of Belgium's leading critics upon publication, but also led to a trial in which Eekhoud was accused of obscenity. Acquitted, he managed to retain his reputation as a leading writer in Belgium and continued publishing novels and stories, often on homosexuality, until his death in 1927. "Henry, whose nature was passionate and philosophy audacious, told himself, not without reason, that through his affinities, he would feel himself at home amid these beautifully barbarous surroundings, where natural instincts reigned." Having lived freely around Europe, Henry Kehlmark returns to his family's ancestral home, ready to settle down in the role of Dykgrave, or Count. Soon, however, his cosmopolitan ways draw the attention of the local villagers, who mistrust Henry and question his intentions. When the Count strikes up a romantic relationship with the burgomaster's son, an impressionable youth, he risks violent reprisal as a homosexual living in proximity to a traditional, insular people. For once in his life, however, Henry feels like he can be himself, living truthfully and without fear, able to separate himself from the pressures that dogged so many of his loved ones, now deceased. When word of their relationship gets out, however, Henry discovers the limits of provincial hospitality. With a beautifully designed cover and professionally typeset manuscript, this edition of Georges Eekhoud's *Escal-Vigor* is a classic work of Belgian literature reimagined for modern readers.

What if you were able to quit your job today and make six figures in 12 months or less? Would you take the chance and go for it? *Flip Your Future* is the step by step guide on how to achieve your dreams through flipping houses! Ryan Pineda will share his methods for turning \$10,000 into more than \$1,000,000 in just three years. *Flip Your Future* is for anyone wanting to break free from the nine to five and live the life of their dreams. Whether you're new or experienced in real estate investing, *Flip Your Future* will teach you everything you need to know about flipping houses to ensure maximum profitability--and security for your future.

Like sharks, epidemic diseases always lurk just beneath the surface. This fast-paced history of their effect on mankind prompts questions about the limits of scientific knowledge, the dangers of medical hubris, and how we should prepare as epidemics become ever more frequent. Ever since the 1918 Spanish influenza pandemic, scientists have dreamed of preventing catastrophic outbreaks of infectious disease. Yet, despite a century of medical progress, viral and bacterial disasters continue to take us by surprise, inciting panic and dominating news cycles. From the Spanish flu and the 1924 outbreak of pneumonic plague in Los Angeles to the 1930 'parrot fever' pandemic and the more recent SARS, Ebola, and Zika epidemics, the last 100 years have been marked by a succession of unanticipated pandemic alarms. Like man-eating sharks, predatory pathogens are always present in nature, waiting to strike; when one is seemingly vanquished, others appear in its place. These pandemics remind us of the limits of scientific knowledge, as well as the role that human behaviour and technologies play in the emergence and spread of microbial diseases.

Risk Takers: Uses and Abuses of Financial Derivatives goes to the heart of the arcane and largely misunderstood world of derivative finance and makes it accessible to everyone—even novice readers. Marthinsen takes us behind the scenes, into the back alleyways of corporate finance and derivative trading, to provide a bird's-eye view of the most shocking financial disasters of the past quarter century. The book draws on real-life stories to explain how

financial derivatives can be used to create or to destroy value. In an approachable, non-technical manner, Marthinsen brings these financial derivatives situations to life, fully exploring the context of each event, evaluating their outcomes, and bridging the gap between theory and practice.

Many investors obtain financial information from television and newspapers, but this does not enable them to understand the secrets of achieving financial success. This book is an insider's view covering subjects such as asset allocation, diversification, market neutral trading and risk management. It reveals why some financial products and strategies are better than others and gives a rich and deep understanding of great investing.

New York Times bestselling author of *The Everything Store* Brad Stone takes us deep inside the new Silicon Valley. Ten years ago, the idea of getting into a stranger's car, or walking into a stranger's home, would have seemed bizarre and dangerous, but today it's as common as ordering a book online. Uber and Airbnb are household names: redefining neighbourhoods, challenging the way governments regulate business and changing the way we travel. In the spirit of iconic Silicon Valley renegades like Steve Jobs and Bill Gates, a new generation of entrepreneurs is sparking yet another cultural upheaval through technology. They are among the Upstarts, idiosyncratic founders with limitless drive and an abundance of self-confidence. Young, hungry and brilliant, they are rewriting the traditional rules of business, changing our day-to-day lives and often sidestepping serious ethical and legal obstacles in the process. *The Upstarts* is the definitive account of a dawning age of tenacity, creativity, conflict and wealth. In Brad Stone's highly anticipated and riveting account of the most radical companies of the new Silicon Valley, we find out how it all started, and how the world is wildly different than it was ten years ago.

NEW EDITION--REVISED AND UPDATED with all-new chapters on productivity! Legendary business coach and entrepreneur Dean Graziosi takes you from where you are in life to where you want to be, using simple tools to reshape daily routines and open new doors to prosperity--whether you're a fellow entrepreneur, an employee or executive, or a new grad in your first job. *Millionaire Success Habits* is a book designed with one purpose in mind: to take you from where you are in life to where you want to be in life by incorporating easy-to-implement "Success Habits" into your daily routine. Legendary business coach Dean Graziosi has broken down the walls of complexity around success and created simple success recipes that you can quickly put to use in your life to reach the level of wealth and abundance you desire. This book is not about adding more time to your day. It is about replacing those things that are not serving your future with success habits designed specifically to assist you on your journey to a better you. In these pages, you'll:

- Drill down deep to identify your "why"--the true purpose that drives you and the real reason you want to prosper
- Expose and overcome the "villain within" that's holding you back
- Unlock the single biggest secret to being productive (it's probably not what you think)
- Believe in your own massive potential--so you can make it a reality
- Use Dean's 30-day Better Life Challenge to catapult you into your new life

Now updated with brand-new chapters on productivity and mastering the art of achievement, *Millionaire Success Habits* gives you the tools you need to radically reshape your daily routine and open new doors to prosperity.

Even if you're a complete beginner, inside you'll find simple explanations and easy-to-follow advice, all designed to help you break into the market and start making money.

Take a bite out of the markets with the Naked Trader in his 100% all-new book about TRADING PSYCHOLOGY! This book is for anyone who really wants to consistently make money trading shares. Trading and investing can be tough – most fail. The human mind is to blame. It's prone to emotion, cluttered with distractions like Twitter and social media, easily trapped by scams. But it's possible to make money in the markets – and to do so reliably. Robbie Burns, aka The Naked Trader, has been trading successfully from his home for 15 years – making over £2m tax-free (while eating a lot of toast and watching Game of Thrones). He's also met and helped thousands of fellow traders at his seminars, seen every possible trading meltdown, and knows exactly what can go wrong – but also how to put it right. In Trade Like a Shark, Robbie uses his unique firsthand experience and the real-life stories traders have shared with him to expose exactly how the human mind can play havoc with your trading. At the same time he reveals his tried-and-tested methods for overcoming it, showing how to be a shark, gobbling up money from the 'fish' who are full of fear, greed and other emotions. (And also why modelling yourself on Mr Spock can work wonders.) If you've run into problems trading in the stock market – or just want to reinforce good habits – there is no better or wittier guide to the pitfalls that are out there, and some surprisingly effective ways to overcome them. It's a must-read book on trading psychology – without the jargon. Read it and take your trading to the next level now!

Chronicles the growth and development of technology from the first supercomputer to the present day while profiling the people who moved the field forward through their successes and failures

From the creator of Product Launch Formula: A new edition of the #1 New York Times best-selling guide that's redefined online marketing and helped countless entrepreneurs make millions. The revised and updated edition of the #1 New York Times bestseller Launch will build your business - fast. Whether you've already got an online business or you're itching to start one, this is a recipe for getting more traction and a fast start. Think about it: What if you could launch like Apple or the big Hollywood studios? What if your prospects eagerly counted down the days until they could buy your product? And you could do it no matter how humble your business or budget? Since 1996, Jeff Walker has been creating hugely successful online launches. After bootstrapping his first Internet business from his basement, he quickly developed a process for launching new products and businesses with unprecedented success. And once he started teaching his formula to other entrepreneurs, the results were simply breathtaking. Tiny, home-based businesses started doing launches that brought in tens of thousands, hundreds of thousands, and even millions of dollars. Whether you have an existing business or you're starting from scratch, this is how you start fast. This formula is how you engineer massive success. Now the question is this: Do you want to start slow, and fade away

from there? Or are you ready for a launch that will change the future of your business and your life?

Ontwikkelingshulp heeft onder de Nederlandse bevolking nog altijd een groot draagvlak, zo blijkt uit opinieonderzoek. Maar de twijfels nemen toe. Ook in de media worden steeds meer vraagtekens geplaatst bij de effecten van hulp. Met name de situatie in Afrika stelt velen teleur. Waarom geven we eigenlijk ontwikkelingshulp, en helpt die hulp? Wat weten we over ontwikkelingstrajecten van landen en over de mogelijkheid daar van buiten aan bij te dragen? Hoe relevant is hulp nog voor ontwikkelingslanden nu andere financiële stromen zoals remittances en buitenlandse investeringen (FDI) door globalisering zijn toegenomen? En heeft beleid gericht op thema's als klimaat, migratie, financiële stabiliteit, kennis, handel en veiligheid niet meer invloed op de ontwikkelingskansen van arme landen? Deze en andere vragen komen aan bod in dit rapport van de Wetenschappelijke Raad voor het Regeringsbeleid. Op basis van bijna vijfhonderd gesprekken in het veld en een uitgebreide bestudering van de literatuur formuleert de WRR aanbevelingen voor forse wijzigingen in de organisatie van ontwikkelinghulp, en voor gestructureerde aandacht voor terreinen die ontwikkelingsrelevant zijn en voor mondiale publieke goederen.

A Complete Guide to the Futures Markets Fundamental Analysis, Technical Analysis, Trading, Spreads, and Options John Wiley & Sons

Do you want to purchase an apartment community but don't have prior real estate or apartment investing experience, don't have access to private capital, can't find a good deal, lack the skills to execute a business plan or a combination of the four? Surrounding yourself with an all-star real estate team 6. Tapping into your existing network to find passive investors 7. Creating a lead generation machine that pumps out qualified off-market apartment deals 8. Selecting the ideal business plan to maximize returns to passive investors 9. Learning the science behind evaluating, qualifying and submitting offers on apartment deals 10.

Preparing and presenting an apartment offering to your passive investors and securing financial commitments 11. Impressing your investors by effectively implementing the business plan and exceeding their return expectations

This book provides comprehensive analysis of social policy development in Seychelles, focusing on the political and economic developments that have led to the current situation. The challenge now is to maintain current levels of social policy interventions in the face of severe indebtedness and the stagnation of economic growth.

"In this absolutely powerful and innovative book, Priscilla Parkhurst Ferguson illuminates the complex links between the Revolution of 1789, the different revolutions that took place in 19th-century Paris, and two aesthetic forms characteristic of the cultural discourses of modernity: panoramic journalism and the realist and historical novels authored by Balzac, Flaubert, Hugo, Zola, and Valles. A work of cultural history with stimulating implications, Paris as Revolution is well-structured, carefully argued and problematized, and compelling in its scholarship."--Catherine Nesci, author of La Femme mode d'emploi "A fascinating and richly suggestive essay on the cultural geography of nineteenth-century Paris. It is imaginatively conceived, broad in its reach, boldly interdisciplinary. Ferguson's success in combining literary criticism, historical interpretation and sociological analysis to reconstruct the shifting meanings

given to the experiences of urbanization and revolution is most impressive."--Jonathan Beecher, author of *Charles Fourier: The Visionary and His World*

This book analyses an important phase in the interlingual dubbing process of audiovisual productions: the elaboration of target language scripts for the recording studios. Written by a practitioner in the industry who is also an academic and trainer, it provides practical know-how and guidelines while adopting a scholarly, structural and methodical approach. Supported by an exemplified, analytical and theoretical framework, it is non-language specific and discusses strategies and tricks of the trade. Divided into three parts, the book provides a descriptive, practical and analytical approach to dubbing and dialogue writing. The author analyses scripts drawn from her own professional practice, including initial drafts that illustrate the various transformations of a text throughout the rewriting process. She also offers a 'backstage' perspective, from first-hand experience in recording sessions that enabled knowledge of text manipulation, studio jargon, and the dubbing post production process. This publication will provide a valuable resource for novice dubbing translators and dialogue writers, while offering practitioner insights to scholars and researchers in the field of Audiovisual Translation, Film and Media Studies.

Historically, dividend investing has been viewed as a way for risk-averse, "belt and suspenders" investors to invest in the stock market. Dividend investing is the best way to increase your income while also covering off on your retirement goals. With my dividend investing guide, you will learn the 5 steps necessary to live off dividends forever. In addition to these 5 steps, you will receive: 1) Free resources to calculate the best dividend investment options. 2) My exact criteria on how to find undervalued dividend stocks. 3) Actionable steps to become a better dividend growth investor. *Dividend Investing Your Way to Financial Freedom* is the ultimate solution for every aspiring stock market investor.

Purchase one of 1st World Library's Classic Books and help support our free internet library of downloadable eBooks. Visit us online at www.1stWorldLibrary.ORG - - The weather door of the smoking-room had been left open to the North Atlantic fog, as the big liner rolled and lifted, whistling to warn the fishing-fleet. "That Cheyne boy's the biggest nuisance aboard," said a man in a frieze overcoat, shutting the door with a bang. "He isn't wanted here. He's too fresh." A white-haired German reached for a sandwich, and grunted between bites: "I know der breed. Ameriga is full of dot kind. I deli you you should imbort ropes' ends free under your dariff." "Pshaw! There isn't any real harm to him. He's more to be pitied than anything," a man from New York drawled, as he lay at full length along the cushions under the wet skylight. "They've dragged him around from hotel to hotel ever since he was a kid. I was talking to his mother this morning. She's a lovely lady, but she don't pretend to manage him. He's going to Europe to finish his education."

WHAT VALUABLE COMPANY IS NOBODY BUILDING? The next Bill Gates will not build an operating system. The next Larry Page or Sergey Brin won't make a search engine. If you are copying these guys, you aren't learning from them. It's easier to copy a model than to make something new: doing what we already know how to do takes the world from 1 to n, adding more of something familiar. Every new creation goes from 0 to 1. This book is about how to get there. 'Peter Thiel has built multiple breakthrough companies, and *Zero to One* shows how.' **ELON MUSK**, CEO of SpaceX and Tesla 'This book delivers completely new and refreshing ideas on how to create value in the world.' **MARK ZUCKERBERG**, CEO of Facebook 'When a risk taker writes a book, read it. In the case of Peter Thiel, read it twice. Or, to be safe, three times. This is a classic.' **NASSIM NICHOLAS TALEB**, author of *The Black Swan*

This book is the first comprehensive, research-based description of the development, structure, and use of Welsh English, a contact-induced variety of English spoken in the British Isles. Present-day accents and dialects of Welsh English are the combined outcome of historical language shift from Welsh to English, continued bilingualism, intense contacts

between Wales and England, and multicultural immigration. As a result, Welsh English is a distinctive, regionally and sociolinguistically diverse variety, whose status is not easily categorized. In addition to existing research, the present volume utilizes a wide range of spoken corpus data gathered from across Wales in order to describe the phonology, lexis, and grammar of the variety. It includes discussion of sociolinguistic and cultural contexts, and of ongoing change in Welsh English. The place that Welsh English occupies in relation to other Englishes in the Inner and Outer Circles is also analysed. The book is accessible to the non-specialist, but of particular use to scholars, teachers, and students interested in English in Wales, Britain, and the world. It provides an unparalleled resource on this long-standing and vibrant variety.

The Subtle Art of Not Giving A F**k: A Counterintuitive Approach to Living A Good Life by Mark Manson Book Summary Readtrepreneur (Disclaimer: This is NOT the original book. If you're looking for the original book, search this link <http://amzn.to/2uzu0XI>) Many of us are bombarded by society's standards, telling us who we should be, and how we should be like. This book The Subtle Art of Not Giving a Fuck teaches us how to let go of things that do not define nor matter to us, and only give a f**k about the things that truly matter, which will make us happy individuals in the long run. (Note: This summary is wholly written and published by readtrepreneur.com It is not affiliated with the original author in any way) "Maturity is what happens when one learns to only give a f**k about what's truly f**kworthy." - Mark Manson Many a times, we are hesitant to reject requests from others and often end up in a situation that we never wanted to be in the first place, helping other people at the expense of ourselves. The Subtle Art of Not Giving a F**k reminds us that we all have choices, and we must choose what we want to care about. Death is inevitable and our time on earth is limited. We choose how we want to spend it; on f**kworthy or non-f**kworthy things? P.S. Gain a totally unique perspective towards life as you learn to live a fulfilling life which you will enjoy P.P.S.
