What are the dynamics of civic activism in authoritarian regimes? How do new social actors, many of them informal, below the radar, groups, interact with these regimes? What mechanisms do the power elite employ to deal with societal dissidence? The authors of *Civil Society in Syria and Iran* explore the nature of state-society relations in two countries that are experiencing popular demands for political pluralism amid the constraints of authoritarian retrenchment.

Derived from the renowned multi-volume *International Encyclopaedia of Laws*, this analysis of media law in Croatia surveys the massively altered and enlarged legal landscape traditionally encompassed in laws pertaining to freedom of expression and regulation of communications. Everywhere, a shift from mass media to mass self-communication has put enormous pressure on traditional law models. An introduction describing the main actors and salient aspects of media markets is followed by in-depth analyses of print media, radio and television broadcasting, the Internet, commercial communications, political advertising, concentration in media markets, and media regulation. Among the topics that arise for discussion are privacy, cultural policy, protection of minors, competition policy, access to digital gateways, protection of journalists' sources, standardization and interoperability, and liability of intermediaries. Relevant case law is considered throughout, as are various ethical codes. A clear, comprehensive overview of media legislation, case law, and doctrine, presented from the practitioner's point of view, this book is a valuable time-saving resource for all concerned with media and communication freedom. Lawyers representing parties with interests in Croatia will welcome this

literary bent has noticed a clue that, he believes, will allow him to trace the killer. Patiently, methodically, he begins to untangle a web of erotic intrigue and political calculation. But the results of his amateur sleuthing are unexpected—and tragic. *To Each His Own* is one of the masterworks of the great Sicilian novelist Leonardo Sciascia—a gripping and unconventional detective story that is also an anatomy of a society founded on secrets, lies, collusion, and violence. *The Scent of the Night* is the sixth comic detective novel in the Inspector Montalbano series by Andrea Camilleri. Montalbano learned how hard it was to put on a wetsuit while in a dinghy speeding over a sea that wasn't exactly calm. Mimì, at the helm, looked tense and worried. "Getting seasick?" the inspector asked him at one point. "No. Just sick of myself." "Why?" "Because every now and then I realize what a stupid shit I am to go along with some of your brilliant ideas." When an angry octogenarian holds a terrified and lovelorn secretary at gunpoint, Inspector Montalbano is reluctantly drawn into the case. The secretary's boss, a financial advisor, has vanished along with several billion lire entrusted to him by the good citizens of Vigàta. Also missing is the advisor's young colleague, whose uncle just happens to be building a house on the site of Inspector Montalbano's very favourite olive tree . . . Aply abetted by his loyal and eccentric team, Montalbano, the food-loving, commitment-phobic inspector, returns for another delicious investigation served up in vintage Camilleri style. *The Scent of the Night* is followed by the seventh book in the series, *Rounding the Mark*.

The Terracotta Dog, the second book in Andrea Camilleri's Inspector Montalbano series, opens with a mysterious tête-à-tête with a Mafioso, some inexplicably abandoned loot from a supermarket heist, and some dying words that lead Inspector Montalbano to a secret grotto in a mountain cave where two

young lovers dead fifty years and still embracing are watched over by a life-size terracotta dog. Montalbano's passion to solve this old crime takes him, heedless of personal danger, on a journey through the island's past and into a family's dark heart amid the horrors of World War II. Andrea Camilleri's Inspector Salvo Montalbano has garnered millions of fans worldwide with his sardonic, engaging take on Sicilian small-town life and his genius for deciphering the most enigmatic of crimes. The *Terracotta Dog* is followed by the third title in this satirical and humorous series, *The Snack Thief*.

District Attorney Varga is shot dead while picking a sprig of jasmine. Then Judge Sanza is killed. Then Judge Azar. Is this string of murders an individual vendetta or a more sinister plot? The charming Inspector Rogas is determined to find out. The pursuit of truth and justice are Rogas's vocation, but his work is frustrated by a system which defies his understanding. He needs a key, a way in, a map, and he is sure that his chief suspect Cres can provide it... The book, written in 1971, uncannily prefigures the Red Brigade's subsequent killing of magistrates and the Catholic-Communist pact of the late 1970s in Italy. Developed under Sciascia's hand in the spirit of a parody, *Equal Danger* has come to be regarded as a wide-ranging political thriller, one of the masterpieces of the genre.

retired diplomat. On investigating the matter, he finds the diplomat dead. What at first appears to be a simple case of suicide turns into an intricate tale of corruption that involves the Mafia, the head of police, and the entire Sicilian establishment. Leonardo Sciascia (1921-1989) was born in Sicily. One of Italy's &most important modern writers, he was also a controversial commentator on political affairs, especially within Sicily. In addition to notable mystery novels, including *The Day of the Owl* and *The Wine Dark Sea*, Sciascia wrote plays, short stories, and essays.

In the Second Edition of *Scientific Writing for Psychology*, veteran teacher, editor and author, Robert V. The murderer calmly turned himself in to the police. So why has he now hired a lawyer to clear his name? And why has he chosen the drink-soaked, disreputable Spät to defend him? As he investigates, Spät finds himself obsessed, drawn ever deeper into a case of baffling complexity until he reaches a deadly conclusion: justice can be restored only by a crime. Dalla banda che negli anni '80 terrorizzò la Roma bene alla terribile storia di Alfredino Rampi. E ancora, il giallo di Kathy Skerl, la sedicenne uscita per andare a una festa e ritrovata morta in una vigna vicino Frascati. E poi, i misteri di Castelgandolfo: dalla "decapitata del lago" all'esecuzione del brigadiere Laganà. Ma anche le scomparse misteriose che hanno tenuto la città con il fiato sospeso come quella di Davide Cervia, l'esperto in guerre tecnologiche rapito negli anni '90 e di cui ancora oggi non si hanno notizie certe. Sono tutte storie che hanno segnato la città, così come il giallo di via Poma, l'uccisione di Simonetta Cesaroni, e quella di Duilio Saggia, ammazzato con un colpo di pistola al binario 10 della stazione Ostiense. Enormous economic growth in East Asia is changing the very structure of world business and industry. In this brilliant analysis of East Asian politics and markets, James Abegglen shows the causes and consequences of the historic shift from the North Atlantic to the Pacific. He argues that, with some 900 million consumers, East Asian economies continue to grow several times faster than the world average due to three great forces: the move of Japan to world industrial and financial leadership; the political independence and stability of East Asian governments dedicated to economic growth; and the rise of overseas Chinese entrepreneurs whose business genius sparks much of the change.

Through detailed studies of the organization and strategies of companies in each country, with penetrating insights that only an insider could bring, Abegglen reveals for the first time the immense opportunities as well as the obstacles that every Western manager with global aspirations must

consider before investing in production or opening markets in Pacific Asia. The failure of Western companies to capitalize on these markets, Abegglen warns, has the strategically disastrous consequence of allowing competitors to dominate market share and gain industry leadership by exploiting the high growth without competition. With numerous examples, Abegglen assesses the range of strategic options for Western companies in East Asia. Nike, he shows, has taken full advantage of the cost and speed of production in East Asia, while keeping its high-value added operations of design and marketing in the West. Several industrial electronics companies such as IBM, AT&T, and Uniden have followed other strategies, including building world-scale facilities, engaging local governments for shared development, and making the region a center for corporate decision making. These strategies, Abegglen argues, take full advantage of East Asian industrial growth and competence, while forestalling the growth of competitors. Finally, Abegglen discusses the true strategic issue in East Asia: commitment. Western firms, he argues, must be willing to put at risk the capital, technology, and human resources that this competitive environment requires. Effective positioning will not be easy but will determine the winners of the competitive race into the twenty-first century.

Camilleri, *Excursion to Tindari* is a darkly comic detective story featuring Inspector Montalbano. Maybe a phrase, a line, a hint somewhere would reveal a reason, any reason, for the elderly couple's disappearance . . . A young Don Juan is found murdered in front of his apartment building early one morning, and an elderly couple is reported missing after an excursion to the ancient site of Tindari – two seemingly unrelated cases for Inspector Montalbano to solve amid the daily complications of life at Vigàta police headquarters. But when Montalbano discovers that the couple and the murdered young man lived in the same building, his investigation stumbles onto Sicily's brutal 'New Mafia', which leads him down a path more evil and more far-reaching than any he has been down before. *Excursion to Tindari* is followed by the sixth novel in the Inspector Montalbano series, *The Scent of the Night*.

The Voice of the Violin by Andrea Camilleri is the fourth in the bestselling Inspector Montalbano series. The commissioner kept looking at him with an expression that combined contempt and commiseration, apparently discerning unmistakable signs of senile dementia in the inspector. "I'm going to speak very frankly, Montalbano. I don't have a very high opinion of you." "Nor I of you," the inspector replied bluntly. Montalbano's gruesome discovery of a naked young woman suffocated in her bed immediately sets him on a search for her killer. Among the suspects are her aging husband, a famous doctor; a shy admirer, now disappeared; an antiques-dealing lover from Bologna; and the victim's friend Anna, whose charms Montalbano cannot help but appreciate. Veri e propri killer under 30 che, armati di pistole e coltelli, hanno scosso le coscienze dell'Italia intera. Erano l'orgoglio dei loro genitori, i migliori amici di una vita, poi qualcosa li ha cambiati, trasformandoli in pericolosi criminali: dai giovani della Roma bene che al Circeo seviziarono due ragazze indifese, allo sconvolgente caso di Doretta Graneris che con la complicità del fidanzato uccise a colpi di arma da fuoco l'intera famiglia. E ancora, Roberto Succo, "il killer dagli occhi di ghiaccio" che, dopo aver ammazzato i suoi genitori, si nascose in Francia senza riuscire però a placare la sua sete di sangue. O il cacciatore di bambini Luigi Chiatti, ricordato come "il mostro di Foligno". Storie di cronaca nera con giovanissimi e insospettabili protagonisti, legati da una sola domanda: come può un giovane qualunque trasformarsi in un feroce assassino? Spanish Marxism Versus Soviet Communism is the first historical study of the P.O.U.M. to appear in English. Drawing from his multi-volume work on the subject, which was published in Spanish and Catalan, Victor Alba has collaborated with Stephen Schwartz to produce a condensed and amplified study that is far more than a translation. Outside Spain, the political movement known as the Workers Party of Marxist Unification (Partido Obrero de Unificacion Marxist or P.O.U.M.) is chiefly known as the revolutionary group with which George Orwell fought during the Spanish Civil War of the 1930s. The events in which the P.O.U.M. found itself at the center of conflict between Iberian revolutionaries and Soviet interests remain a controversial topic for historians and other writers. This book presents a detailed picture of the organization and its main antecedent, the Workers' and Peasants' Bloc, in the context of a stimulating working class political culture. Those interested in Catalan history as well as historians of Western European Marxism and the Spanish Civil War will find this book useful. It will also be of interest to those concerned with Orwell and his experience in Spain. A fitting tribute to the P.O.U.M.'s great struggle against Stalinism, *Spanish Marxism Versus Soviet Communism* will surely stand out among the array of books that have been published on the Spanish Civil War period as a definitive study. couple of men talk, cynically yet earnestly, about the etymology of the word 'mafia' - who they are, and why their interest is so piqued by the word, becomes apparent with frightening clarity. In another story a group of peasants are taken on board ship and promised that they will be put ashore illegally at Trenton, New Jersey; after a long time at sea, their landfall is far from what they expected. And Mussolini himself takes an interest in the case of Aleister Crowley, whose presence in Sicily has become an embarrassment.

Rounding the Mark is the seventh darkly humorous novel in Andrea Camilleri's Inspector Montalbano series.

Increasingly disillusioned with his government and the world in general, Inspector Montalbano is considering retirement. He is starting to feel his age, and even his favourite restaurant has closed. But when he bumps into a dead body during a bracing swim, his detective instincts are aroused once more. Particularly when the most likely identity of the victim is a man already long buried . . . *Rounding the Mark* is followed by the eighth novel in the series *The Patience of the Spider*.

This is an impressive work that traces the relationship between the Soviet Union and Turkey on the one hand, and the Soviet Union and the Turkish Communist Party on the other, from the consolidation of the communist regime in Moscow until its fall. Utilizing a decade's worth of clinical experience gained since its original publication, Mary Jo Peebles builds and expands upon exquisitely demonstrated therapeutic approaches and strategies in this second edition of *Beginnings*. The essential question remains the same, however: How does a therapist begin psychotherapy? To address this delicate issue, she takes a thoughtful, step-by-step approach to the substance of those crucial first sessions, delineating both processes and potential pitfalls in such topics as establishing a therapeutic alliance, issues of trust, and history taking. Each chapter is revised and expanded to include the latest treatment research and modalities, liberally illustrated with rich case material, and espouse a commitment to the value of multiple theoretical perspectives. Frank and sophisticated, yet eminently accessible, this second edition will be an invaluable resource for educators, students, and seasoned practitioners of any therapeutic persuasion.
