The Indignant Generation is the first narrative history of the neglected but essential period of African American literature between the Harlem Renaissance and the civil rights era. The years between these two indispensable epochs saw the communal rise of Richard Wright, Gwendolyn Brooks, Ralph Ellison, Lorraine Hansberry, James Baldwin, and many other influential black writers. While these individuals have been duly celebrated, little attention has been paid to the political and artistic milieu in which they produced their greatest works. With this commanding study, Lawrence Jackson recalls the lost history of a crucial era. Looking at the tumultuous decades surrounding World War II, Jackson restores the "indignant" quality to a generation of African American writers shaped by Jim Crow segregation, the Great Depression, the growth of American communism, and an international wave of decolonization. He also reveals how artistic collectives in New York, Chicago, and Washington fostered a sense of destiny and belonging among diverse and disenfranchised peoples. As Jackson shows through contemporary documents, the years that brought us *Their Eyes Were Watching God*, *Native Son*, and *Invisible Man* also saw the rise of African American literary criticism--by both black and white critics. Fully exploring the cadre of key African American writers who triumphed in spite of segregation, *The Indignant Generation* paints a vivid portrait of American intellectual and artistic life in the mid-twentieth century.

Joe Boateng, the 'David Beckham' of his generation, is Ghanaian. Naomi, his childhood sweetheart is British and of Jamaican parentage. With Joe's escalating celebrity status comes huge sacrifices, accusations of selling out, temptations and life changing choices. *Joe Guy* is a stark and powerful contemporary story exploring the historical tension and bitter prejudices existing between African and Caribbean British communities. It looks at how young

descendants from Africa distance themselves from a unified urban Black Britain. This urgent examination of identity and celebrity is told in Tiata Fahodzi's renowned visceral style. This is a programme text edition published to coincide with the play's world premiere in a production by Tiata Fahodzi that opens at the New Wolsey Theatre, Ipswich, on 18 October before coming to Soho Theatre, London.

Will Ballard fought for the South, but he's not ready to go home when he walks away from Appomattox. Old wounds still fester and only time will heal them. He joins a wagon train heading West, and finds a ready-made family. When events drive him away, he becomes a cowpuncher, just in time to fight land grabbers and a rancher who figures his land is more important than men's lives. Before he can make up his mind to go home, he's got himself a job building a railroad. All goes well until the carpetbaggers set their sights on it, and once more he's adrift. On the move again, he hires on with a freighter and finds a temporary home on the seat of a wagon. Hard work and friendship finish his healing, and it's finally time for him to go home. Trouble is, those men in their fancy black suits are still grabbing land in the South and West. It's more than Will can take, and he's not shy about saying so. Eventually he fights his way back to Four Corners, only to discover the same land grabbers and carpetbaggers at

work, and a pretty girl who thinks highly of him. There's only one thing for Will to do: hold onto his home, keep the land, marry the girl. And it ain't gonna be easy.

There is a sliver of sand that extends itself into the sea beyond the usual coastline of North Carolina. Rich in pirate lore, ghost stories, nor'easters, and unpredictable weather, the Outer Banks continues to leave an indelible impression on those who are receptive. A reflection of three generations in the changing landscape of the North Carolina Outer Banks, *Coming Home* takes readers back to the more innocent era of the 1920s and 1930s, followed by accounts of the legendary Casino, the shifting sand of Jockey's Ridge, and other memories too good to lose from the 1950s and '60s. This reflection comes full circle with stories from vacationers who 'wrote' parts of this ode to the Outer Banks through their own real-life experiences. Author Sally Nixon Haines invites readers to see this place as locals do, offering insider information, travel tips, and amusing anecdotes—all sprinkled with a hearty dose of humor and nostalgia. Whether you're a native to the area, a frequent visitor, or a tourist in the making, you'll enjoy *Coming Home: The North Carolina Outer Banks*, which urges you to discover the beauty that remains...and don't forget to pack the memories when you leave.

The Best Game Ever is a revealing look at the University of North Carolina Tar Heels' 1956–57 season, one of the most storied in college basketball history. From the first day of practice, when forward Lennie Rosenbluth predicted a winning season, to the final game, a triple-overtime victory over Wilt Chamberlain's legendary Kansas team, the season developed into what many sports historians believe was the start of college basketball hysteria not only on Tobacco Road, but nationwide. The 1956–57 Tar Heels finished a perfect 32-0. The only previous team in Carolina history to achieve perfection was the 1924 team, years before the NCAA Tournament was created.

theatre from the late-1970s to the present day. In doing so it charts the journey from specialist black theatre companies to the mainstream, including West End success, while providing a cultural and racial barometer for Britain during the last forty years. It opens with Mustapha Matura's 1979 play *Welcome Home Jacko* which in its depiction of a group of young unemployed West Indians was one of the first to explore issues of youth culture, identity and racial and cultural identification. Jackie Kay's *Chiaroscuro* examines debates about the politics of black, mixed race and lesbian identities in 1980s Britain, and from the 1990s Winsome Pinnock's *Talking in Tongues* engages with the politics of feminism to explore issues of black women's identity in Britain and Jamaica. From the first decade of the twenty-first century the three plays include Roy Williams' seminal pub-drama *Sing Yer Hearts Out for the Lads*, exploring racism and identity against the backdrop of the World Cup; Kwame Kwei-Armah's National Theatre play of 2004, *Fix Up*, about black cultural history and progress in modern Britain, and finally Bola Agbage's terrific 2007 debut, *Gone Too Far!*, which examines questions of identity and tensions between Africans and Caribbeans living in Britain. Edited by Lynnette Goddard, this important anthology provides an essential introduction to the last forty years of British black theatre.

"Roy Williams is awesome, baby, with a capital 'A.'" --Dick Vitale As he traveled across the state of North Carolina in the summer of 2003, Roy Williams delivered a repetitive refrain to the thousands of University of North Carolina basketball fans who packed his public appearances: "Ol' Roy ain't that good." Carolina fans didn't care to hear it, because they firmly believed that ol' Roy was, indeed, more than good--he was great. He was the prodigal son who served as Dean Smith's assistant coach, turned down the Carolina job in 2000, and finally accepted it in April of 2003. Williams became the Tar Heels's head coach after fifteen spectacular years at Kansas, and the immediate expectation was that he would find similar success in Chapel Hill, a once-proud program that had stumbled under former head coach Matt Doherty. But Williams knew something that it would take casual fans months to realize: Teaching the team of moody basketball players to play winning basketball would be about much more than simply what happened on the court. Williams had established a successful program at Kansas by connecting with the players he had recruited over their four-year careers. At Carolina, he had less than twelve months to turn a group of talented individuals into a basketball team that could function at the highest level of NCAA competition--the Atlantic Coast Conference. Going Home Again is the story of Roy Williams's first

John Herndon “Johnny” Mercer (1909–76) remained in the forefront of American popular music from the 1930s through the 1960s, writing over a thousand songs, collaborating with all the great popular composers and jazz musicians of his day, working in Hollywood and on Broadway, and as cofounder of Capitol Records, helping to promote the careers of Nat “King” Cole, Margaret Whiting, Peggy Lee, and many other singers. Mercer’s songs—sung by Bing Crosby, Billie Holiday, Judy Garland, Frank Sinatra, Ella Fitzgerald, Tony Bennett, Lena Horne, and scores of other performers—are canonical parts of the great American songbook. Four of his songs received Academy Awards: “Moon River,” “Days of Wine and Roses,” “On the Atchison, Topeka, and the Santa Fe,” and “In the Cool, Cool, Cool of the Evening.” Mercer standards such as “Hooray for Hollywood” and “You Must Have Been a Beautiful Baby” remain in the popular imagination. Exhaustively researched, Glenn T. Eskew’s biography improves upon earlier popular treatments of the Savannah, Georgia–born songwriter to produce a sophisticated, insightful, evenhanded examination of one of America’s most popular and successful chart-toppers. Johnny Mercer: Southern Songwriter for the World provides a compelling chronological narrative that places Mercer within a larger framework of diaspora entertainers who spread a southern multiracial culture across the nation and around the world. Eskew contends that Mercer and

much of his music remained rooted in his native South, being deeply influenced by the folk music of coastal Georgia and the blues and jazz recordings made by black and white musicians. At Capitol Records, Mercer helped redirect American popular music by commodifying these formerly distinctive regional sounds into popular music. When rock 'n' roll diminished opportunities at home, Mercer looked abroad, collaborating with international composers to create transnational songs. At heart, Eskew says, Mercer was a jazz musician rather than a Tin Pan Alley lyricist, and the interpenetration of jazz and popular song that he created expressed elements of his southern heritage that made his work distinctive and consistently kept his music before an approving audience.

Kev is just out of the Young Offenders Institute and is determined to keep his nose clean, but back on the streets the pressure is mounting...

In this first authorized biography of former Alabama Governor John Patterson, historian Warren Trest offers new insights and rich details into the life of a significant Southern politician whose career touched some of the key struggles of the twentieth century civil rights movement. Patterson later recanted his segregationist views and went on to become a widely respected judge, but as governor from 1958-62, he led Alabama into full white-supremacist rebellion against the national effort to integrate schools and public accommodations. He was a rare Southern supporter of JFK in 1960, but the two broke bitterly over the 1961 Freedom Rides and Kennedy had to send federal marshals into Montgomery to quell KKK-led mobs. Not merely a civil rights account, *Nobody But the People* also details Patterson's World War II heroism, his role as attorney general in cleaning up vice and corruption, and his efforts to improve education and the economy. Patterson is revealed as a complex and likable politician and jurist whose career was unfortunately blighted by decisions he later regretted on racial issues.

Don't ever be that way, like your brother. No matter what the excuse or provocation, don't be like that. It's 2011 and 1958 and London is rioting. Candice is ordered by her gang-leading boyfriend to lure Clint into a honeytrap. Haunted by her grandfather's mistakes, she stands at a crossroads. Will she do as she's told, or will she learn to be true to herself before history repeats itself? This modern tale for riotous times spans three generations, exploring race, family and misguided loyalty. The riots of 2011 provoked comment on the morality of youth and the codes by which they live. Advice for the Young at Heart digs into the question of whether this is a new phenomenon or one that young people have struggled with for generations. Using two simultaneous plots taking place during the 1958 Notting Hill race riots and the riots of 2011, Roy Williams asks how a new generation of teenagers can learn from the mistakes made by a previous generation.

Roy Williams has a deserved reputation as one of the most exciting young writers whose plays have electrified the sort of audiences most theatres rarely see: streetwise urban youth. 'His plays have brought the experience of black urban youth onto the stage' (Observer). This third collection of plays, introduced by the author, showcases the diversity, the moral probing and the fine ear for authentic dialogue characteristic of his writing: *Fallout*: first produced in 2003 the play focuses on the aftermath of the killing of a teenager. *Slow Time* was commissioned and developed by the National Theatre's Education Department and toured to London schools.
