Impara l'italiano in modo spontaneo Il corso di lingua "Italiano Spontaneo" si basa su un semplice e sicuro metodo di apprendimento chiamato "metodo tartaruga", un insieme di tecniche che porta lo studente ad imparare una lingua straniera in modo "lento" ma "sicuro". È basato sulle teorie del Professor Stephen Krashen della University of Southern California e consiste principalmente nell'ascolto e nella ripetizione di un input linguistico comprensibile, in un ambiente senza stress. Questo metodo ti porterà a parlare l'italiano in modo spontaneo, senza pensare alla grammatica e senza tradurre nella mente. In poche settimane ti stupirai dei tuoi progressi e della facile memorizzazione a lungo termine di frasi e vocaboli. In tre mesi, quando avrai terminato il terzo livello, saprai perfettamente moltissime nuove parole italiane, i verbi principali al congiuntivo presente e imperfetto e tante espressioni idiomatiche usate nella lingua di tutti i giorni. E soprattutto avrai esercitato giornalmente la pronuncia della lingua italiana, essenziale per una conversazione spontanea. Il volume comprende dodici lezioni, ognuna con una lista delle parole difficili e il loro significato, le trascrizioni dei dialoghi, le tracce audio e le flashcard da ritagliare e da studiare. Italiano Spontaneo è differente dagli altri corsi di lingua perché non promette risultati impossibili in poco tempo, ma proprio il contrario: otterrai risultati sicuri in alcuni mesi di studio giornaliero. Con risultati sicuri intendiamo comprendere e interagire spontaneamente nella conversazione con italiani madrelingua. Scarica

The continuation of Paul Nogier's findings Auriculotherapy is based on proven correspondences between locations on the external ear and the internal organs and systems of the body. The ear acts like an input/output terminal in direct contact with the central nervous system. Information on viscerosomatic states can be accessed via visual clues, skin electro-conductivity, and pressure sensitivity at specific points. The first part of Raphael Nogier's Auriculotherapy shows how acupuncture needles are used in sophisticated and powerful therapeutic interventions. The second part introduces the principles and practice of auriculomedicine, a true frequency medicine that evolved from Dr. Paul Nogier's auriculotherapy, his discovery of the VAS (Vascular Autonomic Signal) in the pulse and his consequent observations of the diagnostic and therapeutic properties of radiant light frequencies on the skin. The material presented here builds on and updates the work of the author's father, Dr. Paul Nogier, who scientifically explored and charted the auricular microsystems in the 1950s. A serviceable, contemporary work for students of acupuncture as well as practitioners, offering clear and practical information to be applied directly for the benefit of patients. Written to allow those learning Italian or brushing up on their skills to study on their own at their own pace, this guide acquaints readers with the basic elements of Italian grammar and vocabulary, gradually giving them the skills and facility to speak, read, write, and understand the language. Il tutto attraverso schede chiare ed esaustive, esercizi stimolanti e ricchi di informazioni sulla vita, la società, la cultura italiana e piccoli box con 'dritte', trucchi e segreti per parlar bene. Sono incluse le soluzioni.

Where, when, and how much to invest in wastewater treatment is a policy decision that presents many challenges and is not properly addressed in most situations worldwide. The most common situations are, unfortunately, those in which no treatment is provided at all... The integration of wastewater management and pollution control interventions and policies within the broader water resources management policy are essential for achieving the efficient use of the scarce resource available. With that in mind, this paper has three objectives: \* Emphasize the need for systematic evaluation of wastewater management actions and investments as part of any water resources management initiative. \* Define the conceptual framework that should guide the analysis process. \* Identify and explore techniques appropriate to this analysis. The ultimate purpose of the paper is to provide a general approach to developing and implementing wastewater management interventions. Its scope is determined by two main considerations: (i) the need to incorporate the general principles that determine water resources management policies into the design and selection of wastewater management and pollution control interventions; and (ii) the need to address water quality problems at the appropriate geographical scale.

The exhibition entitled "Papi in Posa," i.e., "Papal Portraiture," with the highly refined and historically significant Braschi Palace – home of the Museum of Rome – in 2004, and now in Washington, The John Paul II Center, is not offered only as an excellent exposition of masterpieces from major international museums – such as the Vatican Museums – and prestigious private collections, but stands out in particular because it is

one of the most important expositions of portrait painting ever because of both the outstanding quality and the considerable number of paintings and sculptures offered – executed by Europe's leading artists from the last five centuries – and the great spiritual and social significance of the personages portrayed: the greatest Pontiffs who from the 16th century to the present have sat in the Chair of Saint Peter. It is suggestive to observe, as we scan the unique artistic itinerary offered by the curators of the exhibition, how through the succession of historical periods and particularly by virtue of the esthetic verve and inner sensitivity of the artists, the description of the human person was oriented, with extreme plastic ductility and acuity in their perception of their subjects' physiognomy, to represent not only the body lines of the subject being depicted but, in particular, the most intimate traits of the heart, the lively mobility of their thought, the innermost lines of the subject's character, in an intense dialogue of chiaroscuro observations from which the characterizing notes of complex personages are evinced – persons who appear completely clear and evident only to those who are capable of sublimating their outward appearance into an acute observation. From this prestigious gallery of portraits it emerges unmistakably how the anthropocentric path of human thought has manifestly reverberated within the bounds of the figurative arts through a progressive contextualization, which sees the subject represented unbound through a metatemporal aura of rarefied abstraction and placed, naturalistically, in a precise and well defined spatiotemporal sphere. At the same time, we witness a gradual definition of the personage portrayed as the bearer of a clear personal connotation – the self and the identity, which seem to be invisible and thus impossible to represent – no longer, hortatively, as an idealized and metaphoric emblem of absolute values in deference to a markedly ethical and pedagogical conception. The exhibited works, which rightfully range themselves among the most outstanding expressions of portraiture, reveal a deep spiritual harmony evocative of beauty and unleash a lively dialogue with the onlooker based on a real and inherent economy of the act of viewing, albeit freed from the exercise of a psychologism oriented toward uncontrollable wanderings. The reception of the meaning of the formal systems – thoughtful poses and attitudes – involves, to be sure, the active presence of the spectator in a sort of visual dialogue with the portrait that is not considered exclusively as a fixed commemorative system but rather as an interactive structure. In the perspective of the reception, the observer becomes a fundamental element for the construction of the meaning of the image that, from this very private perspective, undergoes obvious momentous transformations. Observer and image thus become integral parts of a fascinating system of visual exchange not unlike the mechanisms of verbal dialogue: both members of the “pair” take on contemporaneously the dual role of subject/object, restructuring the complex relational web established in a rapport between an “I” and a “you.” Beyond the temporal contingencies, each portrait is recounted and seduces us through the universal language of fame: this incarnates, deeply, the artist's attempt to describe the personality of the subjects portrayed, consigning the multiform essence of their nature to one attitude or to a single expression by resorting to a refined psychological introspection in an attempt to render visually the subject's inner world. It is owing to the above considerations that, while I applaud the felicitous initiative of giving life to such a culturally transcendent exhibition, I would wish that all those who will have the pleasure of visiting it or at least of perusing

the pages of this catalogue will be able to perceive the portraits of the individual popes not as so many freestanding elements, but rather as integrated parts of a related set of men who, albeit struggling with the many and varied anxieties of everyday life, endeavored to serve Christ among their brothers, each one with a clear perception of himself as *servo servorum Dei* – the servant of God's servants! Through looks, attitudes and symbols committed by the artist in a well-constructed iconographic code to the pictorial or sculptural page, the discerning observer cannot help but grasp a veiled spiritual harmony that reflects the profound mystery of faith and propagates an echo of the ineffable beauty of God, revealing how, through art, man – pulled between the eternal and the transient – strives to draw close to his Creator. Francesco Cardinal Marchisano Vicar General of the Pope for the State of Vatican City

Roberta Gately's lyrical and authentic debut novel—inspired by her own experiences as a nurse in third world war zones—is one woman's moving story of offering help and finding hope in the last place she expected. Gripped by haunting magazine images of starving refugees, Elsa has dreamed of becoming a nurse since she was a teenager. Of leaving her humble working-class Boston neighborhood to help people whose lives are far more difficult than her own. No one in her family has ever escaped poverty, but Elsa has a secret weapon: a tube of lipstick she found in her older sister's bureau. Wearing it never fails to raise her spirits and cement her determination. With lipstick on, she can do anything—even travel alone to war-torn Afghanistan in the wake of 9/11. But violent nights as an ER nurse in South Boston could not prepare Elsa for the devastation she witnesses at the small medical clinic she runs in Bamiyan. As she struggles to prove herself to the Afghan doctors and local villagers, she begins a forbidden romance with her only confidant, a charming Special Forces soldier. Then, a tube of lipstick she finds in the aftermath of a tragic bus bombing leads her to another life-changing friendship. In her neighbor Parween, Elsa finds a kindred spirit, fiery and generous. Together, the two women risk their lives to save friends and family from the worst excesses of the Taliban. But when the war waging around them threatens their own survival, Elsa discovers her only hope is to unveil the warrior within. Roberta Gately's raw, intimate novel is an unforgettable tribute to the power of friendship and a poignant reminder of the tragic cost of war.

This book will make you learn German in just 30 days, starting from scratch. And this is more than just a promise. Let me explain it to you... The method is very simple: this book is divided into 30 chapters, one per day. This, will allow you to learn the basics of this language in just one month. To get the most out of this course, you just have to respect one, simple rule. You must read one chapter per day, no more, no less. If you respect this rule, and follow the instructions you find in this book, the result is guaranteed. Forget the usual boring grammar courses with an anonymous and depersonalized profile. "How to learn German in 30 days" has been realized with all the trimmings of self-help. It looks like a practical manual, with a personal, fun and motivating cut. It is rich of several curious anecdotes and useful tips not only to speak German, but also to get by on the road. If you are still not convinced, keep reading... From the author's introduction... German, trust me, will open you a lot of doors: and, not of secondary importance, you'll face far less competition than you would with Spanish or French, for example, since German is less widespread studied in schools and universities. Thus, in short, this manual will give you, within a month, all the grammatical skills you need to juggle the meanders of a language that is

really useful and usable for those who have in mind career ambitions, tourism goals, or simply personal curiosity interests. Finally, please, don't worry, I will also provide you with many other useful tools, like online channels, readings and suitable movies, in order that the course and your learning will continue even beyond this month. You'll like it, you'll see, and you'll be abundantly satisfied, even if at the beginning, as is normal, you are doubtful and still convinced that the good old traditional courses, with their long structure and depersonalising attitude, are yet the state of the art, the best the market can offer.

It is an audacious endeavor to find or create a novel way of learning to speak several languages and becoming a multilingual person. It took me over 3 years to finish the book. It consists of over 800 pages, 10 chapters covering all the grammatical aspects of these 4 languages. It includes over 1000 examples, 500 easy-to-follow charts and tables. It contains 138 geographical, historical and cultural facts about Spanish, Portuguese, Italian and French countries. Below I will discuss several reasons why I decided to write this book and why you need it. 1) First of all, this book is written for readers like you who are fond of or would like to learn Spanish, Portuguese, Italian and French simultaneously or just to get an all-round knowledge of all these four Romance languages. It is designed not only for beginners who do not have an extensive knowledge of grammar, yet need a guide through the grammatical concepts of all mentioned above languages, but also intermediate and advanced students who would like to have a reference book of several Romance languages at once. 2) Second of all I spent many years learning these languages separately, which was a complete waste of time before I realized it. This book will hopefully save you a great deal of time and allow you to study and compare at a glance the four main Neo-Latin languages. 3) Knowledge of foreign languages is fast becoming a necessary requirement for those who are involved in international business, tourism, culture and education. This book offers you four languages to learn, which will make you feel at homewherever you go, whether as a tourist or businessman. 4) Learning several languages simultaneously or one by one will train and strengthen your memory and can help stave off such terrible diseases as Alzheimer's. 5) If you have never studied several languages at once before and you like challenges, then you should definitely try it.
