The London Court of Arbitration (LCIA) is one of the world's foremost arbitration institutions, with a growing annual caseload. The LCIA Arbitration Rules are among the most modern and forward-looking of the various sets of institutional arbitration rules but until now have not been the subject of in-depth study. This is the first full length and comprehensive commentary on the rules, written by two well-known and experienced arbitration practitioners. Portable and functional, this book acts as a guide and provides an indispensable resource for all involved in international arbitration under the LCIA rules. Grouped thematically, the commentary to each rule provides 1) a description of the rule and its intended meaning 2) the provenance and history of the rule 3) the practical effect of the rule with reference to previous case law and jurisprudence and 4) a comparative look at conceptual and practical differences between each rule. Focusing specifically on how the rules of the LCIA differ from those of the ICC and the UNCITRAL, this title emphasises the international nature of the LCIA and provides the only dedicated reference to the Rules.

The ICC Rules of Arbitration constitute one of the world's oldest and most widely used sets of rules for the resolution of international commercial disputes. In 1998, shortly after the entry into force of the current version of the Rules, the First Edition of this book appeared and quickly became an indispensable resource for all those involved or interested in ICC arbitrations, including arbitrators, counsel, and parties. In this updated and revised edition, the authors two of the world's leading experts on ICC arbitration have revised the Guide in order to take stock not only of the evolution in ICC practice over the last seven years, but of new arbitral and judicial decisions bearing on the interpretation and application of the Rules and of developments in international arbitration practice generally. The Guide's notable features include: article-by-article commentary on the ICC Rules, enriched by the authors' personal involvement in their drafting and years of experience as arbitrators, counsel, and former Secretaries General of the ICC International Court of Arbitration; ample and greatly expanded references, in respect of the Rules and individual provisions, to relevant national court judgments and arbitral awards, together with extensive bibliographical sources; and up-to-date statistics on ICC arbitration and copies of all ICC rules on dispute resolution mechanisms in addition to arbitration. A truly comprehensive reference work on ICC arbitration practice, the Second Edition of the Guide will be of immeasurable value to

corporate counsel, international lawyers, and business people, as well as to all those interested in the international arbitration process. Virtually all Americans have signed many legal documents that contain mediation and/or arbitration clauses. All Americans should know that once you have signed a contract with an arbitration clause, you are legally obligated to submit any conflicts to an arbitrator, and you will not be able to file a lawsuit within the public court system on the same topic of dispute. Mediation and arbitration clauses are often found in employment agreements, medical forms, financial contracts, business contracts, mortgage agreements and credit card contracts. Mediation and arbitration have been around as long as there have been conflicts between people. For centuries, parties in conflict have asked others to help them resolve a conflict that they cannot resolve themselves. Of course, these ADR (Alternative Dispute Resolution) processes have evolved over the years. But would you know what to do if you receive a notice to arbitrate a dispute? Did you know that if you have signed a contract with an arbitration clause that you can be forced to arbitrate a dispute? Do you know how to prepare for a mediation session or an arbitration session? This book is written for the "average Joe or Josephine" in the USA who has probably already signed multiple contracts with mediation or arbitration clauses. It contains the basic facts about mediation and arbitration that should be known and understood by all USA citizens. Armed with this information, you will know whether or not you want to sign contracts with arbitration clauses in the future, and if you find yourself in a legal conflict situation, you will be more prepared to work with your attorney to resolve your situation.

Lord Justice Jackson was required: to review the rules and principles governing the costs of civil litigation and to make recommendations in order to promote access to justice at proportionate cost; to review case management procedures; to have regard to research into costs and funding; to consult widely; to compare our costs regime with those of other jurisdictions; and to prepare a report setting out recommendations with supporting evidence by 31st December 2009. A preliminary report was issued in May 2009 and is also published alongside this final report (ISBN 9780117064034). Major recommendations cover: conditional fee agreements, of which "no win, no fee" agreements are the most common species, and which have been the major contributor to disproportionate costs; success fees and ATE (after-the-event) insurance premiums should cease to be recoverable from unsuccessful opponents in civil litigation; success fees should come out of the damages awarded to the client; awards of general damages should be increased by 10 per cent, and the maximum amount of damages that lawyers may deduct for success fees be capped at 25 per cent of damages; lawyers should not be permitted to pay referral fees in respect of personal injury cases; qualified one way costs shifting, taking away the need for ATE insurance; fixed costs in fast track litigation; establishment of a Costs Council. Other sections of the report deal with: other funding issues; personal injuries litigation; some specific types of litigation; and controlling the costs - including pre-action protocols, greater use of alternative dispute resolution (ADR), disclosure, case and costs management by the judiciary.
