The Mission of Abbé Glasberg is the fascinating story of a priest - of Jewish origins - who dedicated himself to the task of helping the refugees who were streaming into France during the years preceding World War II. Together with Father Chaillet, Alexandre Glasberg created the ecumenical Amitié Chrétienne in May 1942 with the full support of Cardinal Gerlier, archbishop of Lyon. In a joint effort, they managed to retrieve hundreds of Jewish children from French-run concentration camps and disperse them among religious houses and private homes. They refused to give them up even when the government of Vichy placed Chaillet under house arrest in a psychiatric hospital for three months. They disregarded the orders of Alexandre Angeli, the regional prefect of Lyon, who was a Nazi collaborator. Angeli was condemned to a death penalty immediately after the war, later commuted to a sentence of four year-imprisonment. Abbé Glasberg later joined the French underground. After the war, Abbé Glasberg assisted the Mossad in their attempt to transport many of the war survivors to the land of Israel.

Could German Jews have done more to rebel against the Nazis? Dr. Walter Leopold faced this question in real time, and shares his story of Jewish resistance in this shocking WW2 diary.

In 1939, as an art student, Ronald Searle volunteered for the army, embarking for Singapore in 1941. Within a month of his arrival he became a prisoner of the Japanese, and after 14 months in a POW camp, was sent north to a work camp on the Burma Railway. In May 1944, he was sent to the notorious Changi Gaol in Singapore, becoming one of the few British soldiers to survive imprisonment there. Throughout his captivity he made drawings to record his experiences, which he smuggled from place to place, stained with the sweat and dirt of his captivity. A record of one man's war, they are among the most important and moving accounts of World War II.

Kabbalah is an ancient Jewish wisdom that explains the laws of spiritual energy. Up until very recently the Kabbalah was reserved for the elite, those who only after years of scholarship and practice were allowed to enter this mystical realm. However, one doesn't need to devote one's life to intense study to reap the rich rewards of the Kabbalah. With just a basic understanding of a few key concepts, our lives can be enriched immensely. We can then begin to fulfill our deepest dreams and reach our most important goals, becoming the people we long to become. By learning to understand the Sefirot--the ten spiritual properties that flow from the cosmic source into our heart--we can connect to the universe and profoundly transform our experience of daily life. For example, Hessed, or "loving-kindness," represents the desire to be generous, while Gevurah is the desire to focus intently or withhold. These properties must be balanced in order for harmony and well-being to occur. Rabbi Laibl Wolf shows how to maintain that balance and enjoy a healthy and productive life by using simple meditation and creative visualization techniques to grasp the spiritual nature of our life. Practical Kabbalah draws upon ancient wisdom but offers a modern interpretation and easy-to-understand techniques for delving deeper into our selves and our world and for reaping the bounteous gifts that were always meant for us.

Poignant Holocaust Survivor Story, offering a unique perspective on the lessons of the Holocaust for future generations. Holocaust survivor stories need to be kept alive. Every

year, survivors with unique testimonies are passing away. Soon, we will no longer be able to hear first-hand from the people who survived the Holocaust. Books and video testimonials will be the only ways to get to know their moving stories. Joseph Schupack has fulfilled a vow to those who did not survive: to write his Holocaust memoirs and offer a unique perspective on the lessons of the Holocaust for future generations. In *The Dead Years*, Joseph Schupack (1922- 1989) describes his life in Radzyn-Podlaski, a typical Polish shtetl from where he was transported to the concentration camps of Treblinka, Majdanek, Auschwitz, Dora / Nordhausen and Bergen-Belsen during the Second World War. We witness how he struggled to remain true to his own standards of decency and being human. Considering the premeditated and systematic humiliation and brutality, it is a miracle that he survived and came to terms with his memories. *The Dead Years* is different from most Holocaust survivor stories. Not only is it a testimony of the 1930s in Poland and life in the Nazi concentration camps - it also serves as a witness statement. This Holocaust book contains a wealth of information, including the names of people and places, for researchers and those interested in WW2, or coming from Radzyn-Podlaski and surroundings. The book takes us through Joseph Schupack's pre-war days, his work in the underground movement, and the murder of his parents, brothers, sister and friends. *The Dead Years* is deeply personal and moving. We witness how people in the depths of misery shared their last morsel of food, how they were prepared for any sacrifice. There are many examples of brotherly love that grew out of empathetic pain. Finally freed, Schupack encountered rampant anti-Semitism when he tried to reclaim his possessions in Poland after the end of the war. For the Poles in his home town, the best Jews were the ones who did not return. A new, strictly anti-Semitic organization had been founded and its primary goal was the liquidation of all Jews returning from hiding or concentration camps. Decades after WWII, the author, mentally scarred by his war experiences, confronted his demons. "Like a stranded man among the stranded, like a sufferer bound to all sufferers, I stood alone in front of the shambles of my life which had stopped when I was seventeen years old and from which nothing could be salvaged or repaired." We are grateful that Schupack confided his memories to paper, so we never forget.

A monument to the indestructible nature of the human spirit. In these compelling, award-winning, Holocaust memoirs, Nanette Blitz Konig relates her amazing story of survival during the Second World War when she, together with her family and millions of other Jews were imprisoned by the Nazi's with a minimum chance of survival. During these emotional encounters, Anne Frank revealed how the Frank family hid in the annex, their subsequent deportation, her experience in Auschwitz and her plans for her diary after the war. This honest WW2 story describes the hourly battle for survival under the brutal conditions in the camp imposed by the Nazi regime. It continues with her struggle to recover from the effects of starvation and tuberculosis after the war, and how she was gradually able to restart her life, marry and build a family. Outcry - Holocaust Memoirs, a profoundly moving autobiography Manny Steinberg spent his teens in Nazi camps in Germany and Poland, miraculously surviving while millions perished. This is his story. Born in 1925 in the Jewish ghetto in Radom (Poland), Manny Steinberg soon realized that people of Jewish faith were increasingly being regarded as outsiders. When the Nazis invaded in September 1939 the nightmare started. The city's Jewish population had no chance of escaping and was faced with starvation, torture, sexual abuse and ultimately deportation. Outcry is the candid account of a teenager who survived four Nazi camps: Dachau, Auschwitz, Vaihingen and Neckagerach. While being subjected to torture and degradation, he agonized over two haunting questions: "Why the Jews?" and "How can the world let this happen?" These questions remain hard to answer. Manny's brother Stanley had jumped off the cattle wagon on the way to the extermination camp where his mother and younger brother were to perish. Desperately lonely and hungry, Stanley stood outside the compound hoping to catch a glimpse of Manny and their father. Once he discovered that they were among the prisoners, he turned himself in. The days were marked by hunger, cold, hard labor, and fear. Knowing that other members of the family were in the same camp kept them alive. Since acknowledging each other would have meant death, they pretended to be complete strangers. The author relates how he was served human flesh and was forced to shave the heads of female corpses and pull out their teeth. Cherishing a picture of his beloved mother in his wooden shoe, he miraculously survived the terror of the German concentration camps together with his father and brother. When the Americans arrived in April 1945, Manny was little more than a living skeleton, with several broken ribs and suffering from a serious lung condition, wearing only a dirty, ragged blanket. This autobiography was written to fulfill a promise Manny Steinberg made to himself during his first days of freedom. By publishing these Holocaust memoirs, the author wants to ensure that the world never forgets what happened during WWII. The narrative is personal, unencumbered and direct. Outcry touches the reader with its directness and simplicity. The story is told through the eyes of an old man forcing himself to relive years of intense suffering. It is an account of human cruelty, but also a testimony to the power of love and hope. Memoirs worthy of being adapted for the big screen. "I read this book with a very heavy heart and tears running down my face. For Manny's endurance and his brother Stanley to be so tested is truly a testament to life!" "Very well written as it goes straight to the reader's heart!" "Manny Steinberg shares his extraordinary teenage story of surviving four concentration camps in an account noteworthy for its straightforward, unencumbered narrative. His is a story almost everyone can imagine happening to themselves - no less harrowing than more dramatic renditions of Holocaust survival, but somehow more compelling, and universal, for the unembellished simplicity of his style." "Manny's story is told so well and his perseverance is so strong that you are uplifted and reminded of the strength of the human spirit."

"Beautiful, shocking, at times painful... the magnificently told story of a man who triumphed over the limitations of history to become his greatest self." Ginger Moran, *The Algebra of Snow*. The life he was born into was too small for Adam Baumann. But getting out in the midst of a world at war, was dangerous. Born in an isolated village in eastern Hungary between the great wars, Adam yearned for more. More excitement, more freedom, more knowledge of the world... and often more food. Locked up for theft at age nine, Adam's life took one tumultuous turn after another. From a twelve-year-old stable hand on a nobleman's estate, to a fifteen-year-old shivering in a foxhole on the Eastern Front, Adam's hunger for a bigger life led him into spine tingling adventures, mind-numbing horror, heart-breaking tears, and terrifying brushes with death. Awakening in a makeshift hospital with a shattered left leg, Adam was catapulted into a series of captures and narrow escapes from enemy forces as Europe reeled from the final destruction and horror of WWII. Never standing still, he journeyed through war-torn landscapes to find and reunite his family, and began to build a life from the ashes, until the results of a medical examination at an American Embassy in Germany changed the course of his future forever.

"I Shall Live" tells the gripping true story of the Orensteins, a Jewish family living in Poland during the Second World War. When Henry Orenstein and his siblings end up in a series of concentrations camps, Orenstein's bravery and quick thinking help him to save himself and his brothers from execution by playing a role in the greatest hoax ever pulled on the upper echelons of Nazi command, including Heinrich Himmler. 1939—the single largest group of unaccompanied refugee children allowed into the United States—for readers of *In the Garden of Beasts* and *A Train in Winter*. In early 1939, America's rigid immigration laws made it virtually impossible for European Jews to seek safe haven in the United States. As deep-seated anti-Semitism and isolationism gripped much of the country, neither President Roosevelt nor Congress rallied to their aid. Yet one brave Jewish couple from Philadelphia refused to silently stand by. Risking their own safety, Gilbert Kraus, a successful lawyer, and his stylish wife, Eleanor, traveled to Nazi-controlled Vienna and Berlin to save fifty Jewish children. Steven Pressman brought the Kraus's rescue mission to life in his acclaimed HBO documentary, *50 Children*. In this book, he expands upon the story related in the hour-long film, offering additional historical detail and context to offer a rich, full portrait of this ordinary couple and their extraordinary actions. Drawing from Eleanor Kraus's unpublished memoir, rare historical documents, and interviews with more than a dozen of the surviving children, and illustrated with period photographs, archival materials, and memorabilia, *50 Children* is a remarkable tale of personal courage and triumphant heroism that offers a fresh, unique insight into a critical period of history.

'A thoughtful, caring book, full of sociological and psychological insight' - Sunday Times All these years on, how do the survivors of the most horrific episode in world history regard their wartime experiences, and how have they come to terms with their memories? How did their experience of the Nazi concentration camps change them emotionally, psychologically, spiritually, and politically? And what are their feelings about their former tormentors today? In talking to some 120 survivors in 14 different countries -- including political prisoners and resistance fighters -- Anton Gill has produced a masterpiece of oral history that is both an account of the survivors' lives after liberation and a testament to their courage. First published in 1988, each experience of the 'journey back from hell' is unique, and readers are free to draw their own conclusions from what the survivors tell them. But the combined effect of the stories is so poignant and important to the core experience of the 20th century that nobody can afford to turn away -- or to forget. 'Brilliant, compelling...an inspiration' - Mail on Sunday 'Excellent' - Dirk Bogarde, Daily Telegraph Anton Gill has been a freelance writer since 1984, specialising in European contemporary history but latterly branching out into historical fiction. He is the winner of the H H Wingate Award for non-fiction for 'The Journey Back From Hell'. He is also the author of 'Into Darkness', 'Dance Between the Flames' and 'An Honourable Defeat'.

Amid the horrors of World War II, Irena Sendler was an unlikely and unsung hero. While many people lived in fear of the Nazis, Irena defied them, even though it could have meant her life. She kept records of the children she helped smuggle away from the Nazis' grasp, and when she feared her work might be discovered, she buried her lists in jars, hoping to someday recover them and reunite children with their parents. This gripping true story of a woman who took it upon herself to help save 2,500 children from the Warsaw Ghetto during the Holocaust is not only inspirational; it's unforgettable.

The diary of a young Jewish housewife who, together with her husband and five-month-old baby, fled the Warsaw ghetto at the last possible moment and survived the Holocaust hidden on the "Aryan" side of town in the loft of a run-down tinsmith's shed.

Forty-seven years after he was found half-dead in the snow, following a death march from Dachau, Solly Ganor again came face to face with his rescuer Clarence Matsumura at a reunion of Holocaust survivors and their American liberators. That meeting proved a catharsis, enabling Ganor to confront for the first time the catalogue of horrors he experienced during the Second World War. Beginning in prewar Lithuania, *Light One Candle* tells of the ominous changes that took place once Hitler came to power in 1933, of Chiune Sugihara, the Japanese consul who wrote thousands of exit visas for Jews fleeing the Nazi onslaught, of the brutal conditions in the Kaunas ghetto where Ganor spent most of the war, and of Stutthoff and Dachau, the concentration camps he was shuttled to and from in the last, desperate days of the war. Unflinching in its depiction of evil but uplifting in its story of the survival of the human spirit, *Light One Candle* is a gripping memoir that waited fifty years to be told.

"This is a powerful tale of the triumph of love under extremely difficult conditions. " - Publishers Weekly At Leizer Bart's funeral, one of the mourners told his son Michael that the gravestone should include a reference to the Freedom Fighters of Nekamah, to honor his late father's involvement in the Jewish resistance movement in Vilna (now Vilnius), Lithuania, at the end of World War II. Michael had never heard his parents referenced as Freedom Fighters. Following his father's death, and with his mother in failing health, Michael embarked on a ten-year research project to find out more details about his parents' time in the Vilna ghetto, where they met, fell in love, and married, and about their activities as members of the Jewish resistance. *Until Our Last Breath* is the culmination of his research, and his parents' story of love and survival is seamlessly tied into the collective story of the Vilna ghetto, the partisans of Vilna, and the wider themes of world history. Zenia, Bart's mother, was born and raised in Vilna. Leizer fled there to escape the Nazi invasion of his hometown of Hrubieszow in Poland. They were married by one of the last remaining rabbis ninety days before the liquidation of the ghetto. Leizer was friends with Zionist leader Abba Kovner and became a member of the Vilna ghetto underground. Shortly before the total liquidation of the ghetto, Zenia and Leizer, along with about 120 members of the underground, were able to escape to the Rudnicki forest, about 25 miles away. They became part of the Jewish partisan fighting group led by Abba Kovner—known as the Avengers—which carried out sabotage missions against the Nazi army and eventually participated in the liberation of Vilna. *Until Our Last Breath* is intensely personal and painstakingly researched, a lasting memorial to the Jews of Vilna, including the resistance fighters and the author's family.

During the dark days of the Holocaust, a Jewish family struggles to survive. When her son was born, Tammy Bottner experienced flashbacks of being hunted by the Nazis. The strange thing is, these experiences didn't happen to her. They happened to her grandmother decades earlier and thousands of miles away. Back in Belgium, Grandma Melly made unthinkable choices in order to save her family during WWII, including sending her two-year-old son, Bottner's father, into hiding in a lonely Belgian convent. Did the trauma that Tammy Bottner's predecessors experience affect their DNA? Did she inherit the "memories" of the war-time trauma in her very genes? In this moving family memoir, told partly from Melly's perspective, the author, a physician, recounts the saga of her family's experiences during the Holocaust. This tale, part history, part scientific reflection on epigenetics, takes the reader on a journey that may read like a novel, but is all the more fascinating for being true.

In her luminous and engrossing memoir, Natalie B. Hess takes us from a sheltered childhood in a small town in Poland into the horrors of the Holocaust. When her parents are rounded up and perish in the Treblinka concentration camp, a Gentile family temporarily hides six-year-old Natalia. Later, protected by a family friend, she is imprisoned in her city's ghetto, before she is sent to a forced-labor camp, and finally, Ravensbrück Concentration Camp, from which, at nine, she is liberated. Taken to Sweden, by the Swedish White Cross busses, she adapts to and grows to love her new home, becoming a "proper Swedish School girl", until, at sixteen, she is claimed by relatives and uprooted to Evansville, Indiana. There, she must start over yet again, mastering English, and ultimately earning a PhD in literature. As a married young mother, she and her husband move to Jerusalem where they and their three children experience life as Israelis, including the bombing of their home during the Six Day War. Back in the States, they settle into life in Arizona until Natalie's husband dies unexpectedly when a teenager runs a stop sign and hits his car. In her grief, Natalie moves to Philadelphia to be with her daughter and discovers that life still holds surprises for her, including love. Hess's compelling portrait in which terror is muted by gratitude and gentle humor, shares the story of so many immigrants dislocated by tyranny and war.

Through her experience as a child separated from her parents, a teenager, young woman, wife, mother, college professor, and later a widow, Hess shows the power of the human spirit to survive and thrive. Diese schockierenden Erinnerungen des Holocaust-Überlebenden Hank Brodt zeigen persönliche Einblicke in die innere Welt eines Jungen unter der Herrschaft des Nazi-Regimes. Sie offenbaren fürchterliche Wahrheiten auf ehrliche Weise.
