A master class from the exhilarating writer Julio Cortázar "I want you to know that I'm not a critic or theorist, which means that in my work I look for solutions as problems arise." So begins the first of eight classes that the great Argentine writer Julio Cortázar delivered at UC Berkeley in 1980. These "classes" are as much reflections on Cortázar's own writing career as they are about literature and the historical moment in which he lived. Covering such topics as "the writer's path" ("while my aesthetic world view made me admire writers like Borges, I was able to open my eyes to the language of street slang, lunfardo...") and "the fantastic" ("unbeknownst to me, the fantastic had become as acceptable, as possible and real, as the fact of eating soup at eight o'clock in the evening"), Literature Class provides the warm and personal experience of sitting in a room with the great author. As Joaquin Marco stated in El Cultural, "exploring this course is to dive into Cortázar designing his own creations.... Essential for anyone reading or studying Cortázar, cronopio

or not!”

Poems, essays, and anecdotes accompany stories about a man sinking into the ground, an invisible monster, a woman who hates yawns, and miniature jaguars

This volume presents an integrated epidemiologic, social, and economic analysis of the global epidemics of HIV among sex workers in low- and middle-income countries. The book provides a comprehensive review and synthesis of the available public health and social science data to characterize the nature, scope, and complexities of these epidemics. A community empowerment-based approach to HIV prevention, treatment, and care is outlined and demonstrated to be cost-effective across multiple settings, with a significant projected impact on HIV incidence among sex workers and transmission dynamics overall. The *Global HIV Epidemics among Sex Workers* seeks to assist governments, public health implementing agencies, donors, and sex worker communities to better understand and respond to the epidemics among a population facing heightened social and structural vulnerabilities to HIV. The book combines a systematic review of the global epidemiology of HIV among sex workers and in-depth case studies of the epidemiology, policy and programmatic responses and surrounding social contexts for HIV prevention, care and treatment in eight countries. The authors employ mathematical modeling and cost-effectiveness analysis to assess the potential country-level impact of a community empowerment-based approach to HIV prevention, treatment, and care among sex workers when taken to scale in four countries representing diverse sociopolitical contexts and HIV epidemics: Brazil, Kenya, Thailand, and Ukraine. In each setting, greater investment in prevention, treatment, and care for sex workers is shown to significantly reduce HIV. Together these findings underline the urgency of further global investment in comprehensive, human rights-based responses to HIV among sex workers.

Este libro recoge algunas cuestiones con las que Violeta Núñez ha ido tramando sus recorridos docentes: teorías pedagógicas y experiencias como enseñante. El texto postula que inventar es transgredir, y recurre al bricolaje para que cada cual ensamble fragmentos y objetos culturales y a la postproducción como actividad resultante de esa apropiación de elementos de la cultura plural. Dada la movilidad de los sujetos de la era digital y su atención dispersa en diversas fuentes simultáneas, se trata de

incorporar esas modalidades a los espacios de educación, posibilitando que la atención dispersa se transforme en atención flotante. Desde esta perspectiva se plantea visitar, en clave contemporánea, viejas teorías y experiencias pedagógicas: desarchivarlas.

First published in English in 1972 and long out of print, *62: A Model Kit* is Julio Cortázar's brilliant, intricate blueprint for life in the so-called "City."

Tales of Chronopes and Fames is a translation of the book *Historias de cronopios y de famas* by the late Argentinian author Julio Cortázar. The prose pieces included within the book are organized into chapters that give the reader a context for understanding, a sort of contextual fence that helps to contain the often strange and fantastical material contained within them. This book exemplifies Cortázar's unique and delightful use of Magic Realism.
