For My Children And Grandchildren This book is dedicated to my wonderful children and grandchildren, and of course to any new and special additions that may still come our way. I hope through these stories, my grandchildren will be able to share in the magic of their parent's childhood, in the same way that their parent's are now sharing in theirs. And in the most special way, it is dedicated to Sammy and Bumpers. Two incredible little squirrels that made the stories in this book come to life. Technology and economics are transforming business in a completely unexpected way: suddenly, even the largest companies must compete as if they were small, local businesses. Suddenly, your customers can talk to everyone else across the nation, and people listen to them, not your carefully crafted advertising or branding. It's just like doing business in a small town, where "reputation is forever." Suddenly, communities and personal connections are critical to your success - just as they've always been in small towns. The best small-town and rural entrepreneurs have been successfully overcoming these challenges for centuries. Their lessons and techniques are suddenly intensely

Small Town Rules adapts these lessons and techniques for today's new "global small town": one knitted together through the Web, Facebook, and Twitter. Two pioneering entrepreneurs and social media experts show how to:

- * Use "small town entrepreneur secrets" for coping with limited access to people and capital
- * Reduce risk by "piecing together" multiple income sources
- * Start using customer-driven communication to your advantage
- * Interact with customers on a more human scale, no matter how big you are
- * Rediscover your company's local roots, and more

Washington Post national arts reporter Geoff Edgers takes a deep dive into the story behind “Walk This Way,” Aerosmith and Run-DMC's legendary, groundbreaking mashup that forever changed music. The early 1980s were an exciting time for music. Hair metal bands were selling out stadiums, while clubs and house parties in New York City had spawned a new genre of music. At the time, though, hip hop's reach was limited, an art form largely ignored by mainstream radio deejays and the rock-obsessed MTV network. But in 1986, the music world was irrevocably changed when Run-DMC covered Aerosmith's hit “Walk This Way” in the first rock-hip hop collaboration. Others had tried melding styles. This was different, as a pair of iconic arena rockers and the

young kings of hip hop shared a studio and started a revolution. The result: Something totally new and instantly popular. Most importantly, "Walk This Way" would be the first rap song to be played on mainstream rock radio. In *Walk This Way*, Geoff Edgers sets the scene for this unlikely union of rockers and MCs, a mashup that both revived Aerosmith and catapulted hip hop into the mainstream. He tracks the paths of the main artists—Steven Tyler, Joe Perry, Joseph “Run” Simmons, and Darryl “DMC” McDaniels—along with other major players on the scene across their lives and careers, illustrating the long road to the revolutionary marriage of rock and hip hop. Deeply researched and written in cinematic style, this music history is a must-read for fans of hip hop, rock, and everything in between.
