“Fabiola, la principessa delle fiabe” è la storia di una bambina di circa nove anni che scavalca una finestra per fuggire dalla solitudine, dai vuoti di una famiglia in crisi, dall’incomprensione, dalle finzioni. Il mondo che lei trova è quello che lei vede con i suoi occhi di bambina, con la sua fantasia, che dà alla realtà la sua veste magica, fino a quando realtà e fiaba si confondono sempre di più, tanto da assumere risvolti inquietanti, ma nello stesso tempo salvifici. L’ambientazione è quella di una Matera di periferia, che reclama la sua voglia di verde da fiaba nei suoi giardini privati, nei cortili di quartiere, ma anche negli splendidi paesaggi naturali dell’altopiano della Murgia.

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

The past two decades have witnessed increasing opposition to mafia influence and activities in Italy. Community organizations such as Libera, founded in 1995, and Addiopizzo, originating in 2004, exemplify how Italian society has tried to come together to promote antimafia activities. The societal opposition to mafia influence continues to grow and the Internet has become a frontline in the battle between the two groups. The Italian Antimafia, New Media, and the Culture of Legality is the first book to examine the online battles between the mafia and its growing cohort of opponents. While the mafia's supporters have used Internet technologies to expand its power, profits, and violence, antimafia citizens employ the same technologies to recreate Italian civil society. The contributors to this volume are experts in diverse fields and offer interdisciplinary studies of antimafia activism and legality in online journalism, Twitter, YouTube, digital storytelling, blogs, music, and photography. These examinations enable readers to understand the grassroots Italian cultural revolution, which makes individuals responsible for promoting justice, freedom, and dignity.

Books on Paris are legion, but there is virtually none devoted to its rooftops and the vistas they look out into. Rooftops of Paris is an invitation to travel to a new and unfamiliar territory in a city filled with time-honoured historical and cultural icons that many are so familiar with. This volume of quirky but charming artworks provides a view of Paris as seen from its rooftops by illustrator Fabrice Moireau and writer Carl Norac. Moireau undertakes a close study of Paris, surveying it at rooftop level with an entomologists eye for detail. In this book, he captures in watercolour the city's lesser known nooks and crannies, alongside the famous landmarks, offering unusual angles and new ways of seeing an iconic city. This other side of Paris this levitated, almost unreal world is an extravagant mass of ingenious shapes and forms that give protection from rain, wind and architectural monotony. The captions accompanying the paintings are rendered in Moireaus own handwriting while the evocative and poetical

text was crafted by Norac, an award-winning poet, playwright and author of childrens books. The writer goes beyond prosaic description to capture some of the wild and poetic imaginings inspired by these rooftops.

This book broadens the scope of inquiry of neo-Victorian studies by focusing primarily on screen adaptations and appropriations of Victorian literature and culture. More specifically, this monograph spotlights the overlapping yet often conflicting drives at work in representations of Victorian heroines in contemporary film and TV. Primorac's close analyses of screen representations of Victorian women pay special attention to the use of costume and clothes, revealing the tensions between diverse theoretical interventions and generic (often market-oriented) demands. The author elucidates the push and pull between postcolonial critique and nostalgic, often Orientalist spectacle; between feminist textual interventions and postfeminist media images. Furthermore, this book examines neo-Victorianism's relationship with postfeminist media culture and offers an analysis of the politics behind onscreen treatment of Victorian gender roles, family structures, sexuality, and colonial space.

Exceptional beings exist who possess the ability to take on any identity. Among them is Noa, the most famous last generation synthetic doll. Spaceship lifts the veil on some of her often very extravagant past experiences: call girl, sexy comic book heroin, limo driver, and finally, the normal life of a doll on planet Papathea. #esserepadrioggi è una guida per papà che desiderano essere genitori consapevoli. In un mix di narrativa, filosofia e coaching umanistico, si delineano strumenti utili per definire il padre che si sogna di diventare e per chiarire il progetto educativo che si desidera per i propri figli. Piccole gag familiari strappano un sorriso e insieme segnano le tappe di questo percorso, aprendo le porte a riflessioni sul significato della genitorialità. La base di partenza è sempre l'etimologia delle parole più importanti di cui è costituita la relazione genitoriale, dalle quali germoglia la narrazione unica e personale di ogni papà. Attraverso la pratica del coaching, l'autore ci fornisce un metodo per diventare il "papà migliore che possiamo essere", allenando le proprie risorse e i propri talenti. Perché per sostenere i propri bambini a compiere la propria vocazione diventando adulti liberi e autonomi è necessario che i padri realizzino se stessi, a partire dalle loro potenzialità. Un libro trasversale che aiuta a far chiarezza, a porsi le domande giuste e a costruire la cornice di riferimento necessaria all'agire consapevole.

Timothy Top is a grade school kid going through a hardtime. His parents are constantly quarreling, and he's feeling like an outsider among his classmates. His fascination with nature and superheroes makes for an unusual combination that few of his peers can relate to. But when a crooked businessman moves into the neighborhood with plans to "reinvent the local park" into a concrete monstrosity devoid of nature and life, Timothy sets out on a mission to save a famous tree from the bulldozers. Being just a kid, he doesn't know how he'll be able to go about this, until one night he discovers that he's been given the power of a magical green thumb that can heal and grow plant life! He's a superhero! But will he be able to use this power to save the park or the relationship between his parents? A simple tale but with many layers, this first volume supports respect for the environment, as well as dealing with bullies, quarreling parents, and school expectations. Future volumes tiptoe into other topics such as discrimination, forgiveness, and commitment.

Il Papadoro non è un encomio o un manifesto programmatico, non è nemmeno un uccello esotico o di allevamento per quanto gli rassomigli nella fertile immaginazione di Chiara Barbaro. Il Papadoro (come nell'omonimo racconto) è ciò che ogni padre vorrebbe essere in cuor suo prima di ritrovarsi, sotto Natale, confuso - nello stupendo linguaggio infantile - con un dolce tradizionale e banalissimo: il pandoro. O, se gli va peggio, di sentirsi cotto e cucinato come un tacchino dalla irresistibile voglia di giocare di un bambino piccolo, rimasto a casa da scuola, in attesa che arrivi "finalmente" Babbo Natale. Con la televisione rotta e la mamma fuori casa da molto tempo ormai. In una serie di instant stories create per "bimbi" da 0 a 120 anni, tutto il piacere di ricamare trame partendo dalla realtà, sfuggendo così alla tirannia di streghe, orchi e supereroi, per riscoprire il gusto della fantasia al riparo dal troppo "magico imprescindibile" che circonda il mondo dell'infanzia.
