In the days when the pits and factories were thriving and every child had a secure job to look forward to, it was celebrated for its caring environment and its success in turning out well adjusted working class citizens. As pits and factories closed, ripping the heart out of the community, the youngsters and their families became embittered. Hounded by the press and abandoned by the more ambitious parents, the school was caught up in a downward spiral of indiscipline, inadequacy and despair. Alison Lister, deputy head, builds on the inner strength that is destined to make her the spearhead of a campaign to rescue it from the threat of closure. On the way she makes enemies as well as allies and risks losing the love and support of even those closest to her as she becomes consumed by a desire to save Southdale.

McMahon wanted to write this book for many different reasons that are outlined in the foreword. "It really sucked being manic-depressive all these years with no sort of help save to self-medicate myself into oblivion; and it is my sincerest and irrational prayer to not hear another tale such as mine in my lifetime. Now you know I'm crazy, right?" While people are talking, writing and using mediums like television talk shows to get the word out about bipolar disorder, he only sought to add his voice to theirs.

Award-winning author Robin Kaye proves that home is where the heart is, even for the bad boys of Red Hook, Brooklyn It would take a miracle for Storm Decker to return to Red Hook—or a tragedy. But when Pete suddenly falls ill, Storm is called home to face the past he tried to leave behind long ago... Breanna Collins never expected to see Storm again after he left town without a word, breaking her heart. She's angry that he can't seem to appreciate all the changes in their hometown. "A sweeping novel of love and loss, city and country, growing old and staying young. Waiting for Zoë is a thoughtful look at the ability of grown men and young women to confront change and absorb life's most challenging moments," writes Mark Stevens, author of Antler Dust: An Allison Coil Mystery. Waiting for Zoë is a genre-bending character driven, mainstream novel that explores a person's ability to endure in the face of tragedy—and love. James R. Ament says, "It's a love story, but it's not a romance. There are underlying religious themes, but it's not a philosophical book. There's a little political commentary here and there, but it's not about politics. It explores some very serious themes, but there are light moments and humor, too." Set in Wyoming, Colorado, New York City, and Southern California, it makes the reader ask the hard question: who is in charge of creating ourselves? Ament says, "I had this story in mind about a young person who apparently has everything going for her, but then her life falls apart. The question is: Does she get it back? And if so, how?" And from writer Stephen Knapp, Evergreen Newspapers. "The characters are sharply defined and appealing, and the dialogue flows smoothly and moves the narrative along at a comfortable pace. The settings and situations are neither contrived nor trite, and the conflicts are at once challenging and accessible. In short, there's nothing within Waiting for Zoë that marks its author as a newcomer to the literary stage,"(Reprinted with permission of Evergreen Newspapers).

It should have been the night that launched a new pop idol. Tamar Valparaiso is young and beautiful, with the body and voice of an angel, and the stage is set for her to launch her debut album, Bandersnatch, on a luxury yacht in the heart of the city. But halfway through her performance, while the partygoers look on helplessly, masked men drag Tamar off the stage and into a waiting speedboat. Detective Steve Carella is just showing up for the graveyard shift when news of the kidnapping comes in. Working disjointedly with a Joint Task Force that calls itself "The Squad," Carella and the men and women of the Eight-Seven must find Tamar before time -- or indeed her very life -- runs out. In this brilliant look at the music industry, Ed McBain once again combines his mastery of the form with the fast-paced dialogue and intricate plotting that have become his signature.

An attempted murder one dark night on the river disrupted the lives of two families and deeply affected the lives of two individuals from those same two families for the next five years. They had been forced to make choices that took them far apart before being serendipitously brought together once more. The would-be murderers, three of them, lost one of their own soon after that night from wounds he had received at the hands of their intended victim. Three years later, a second of them fortuitously became the victim of that same man they would have killed. The third and last one, attempting to recover the failing fortunes of the family in a poker game on the river, saw the means to cheat his opponent and at the same time to be rid of his sister who had unexpectedly shown up again. His first attempt on her life as they had travelled upriver had failed, and a second attempt would be difficult now that she expected it and now that she had a protector. He saw another way to be rid of her: in a poker game where he would wager her away. If only it could be that simple. He had no idea the trouble he would cause by that act. The unexpected outcome of that game brought two individuals closer together and eventually healed the initial disruption that had seen them torn apart five years earlier.

Take the slap-stick farce of a 1950's Ealing comedy and update it with a generous portion of risqué humour – this is the laugh-out-loud comedy novel by Donald Wightman. The Bridgnorth writer used his own on-train experiences to create his story. 'I set out to devise an original plot packed with humour and quirky characters. My own railway industry knowledge provided the ideal platform for this hilarious, read-between-the-lines comedy novel, *Bland Encounter*. With a heritage railway on my own doorstep, a trip along its meandering route would inevitably fire-up my imagination and help me to create new ways of thickening the plot.' Woven through with gentle humour as well as outbreaks of pure farce, *Bland Encounter* features an off-the-wall main character surrounded by a host of amusing supporting roles. Dave Bland is a man struggling to make a new life after the break up of his marriage. The middle-aged train manager turns to an internet dating site and soon gets embroiled in intrigue. Is the mysterious Galina a high-class hooker, a hit woman or simply a lady looking for love? When she arrives in the UK, he invites her into his home, but complications arise when Galina's niece appears on the scene. A sex-trade worker down on her luck, Irina needs a place to stay. With money tight, old habits die hard, so Dave formulates a plan for Irina and her colleagues to target Trainspotters who are due in town for a special steam weekend. Chaos ensues when members of a rival steam railway try to sabotage the event. The mayhem increases when a train wrecks a nearby Safari Park. Order is eventually restored, but the consequences prove crucial for the people involved.

Louisiana Coffeewith lots of cream is Dr. Betty Reynolds fifth book to be published. Not surprisingly, this book is not about coffee, nor is it about cream. Instead, it is a delightful medley of intriguing tales covering four generations of a New Orleans Creole family. Since Creole usually denotes a mixing of bloods, the color of their skin can be as varied as the color of ones coffee ranging from dark, dark chocolate to the lightest of rich cream. This fictional memoir appropriately starts a hundred years ago in New Orleans—the home of the family matriarch, Bertha Mayberry. Bertha's story is a mysterious one that she preferred to be kept locked among other family secrets. She was particularly sensitive about having to reveal her misfortune of being trapped in a bordello when she first arrived in New Orleans as a young girl. Her romantic rescue ended in tragedy, but she did transcend in the end and married a popular Black jazz musician named William Sweetwater Lewis. Together they gained respectability by working hard and providing their five daughters with a good education, a passion for music, and a young life filled with parties and gala events in a city that was known for them. Bertha's children as well as her children's children follow their own paths in choosing where and how they will live out their lives. Their accounts of triumphs and mishaps take you on a fascinating journey to experience the mysteries of black magic in the Louisiana swamps, a numbers racket in Detroit and the casinos in Las Vegas when the mob was in control. Some leave the safety of their ancestral home on Bourbon Street to carve out new lives in other far-away places such as the Jersey Shores, Philadelphia, or New York. Whatever their destination, each member of the Lewis clan brings to the saga an interesting storyline that shares his/her unique motivations, desires and actions that sometimes lead to less than favorable consequences. *Louisiana Coffee* is meant to inform, rather than to alarm. It is a tell-all fiction that might open some eyes as what goes on in a different world on the other side of the cultural divide.

Americans in the 1960s were affected by many revolutions that would change the course of history in America. There was musical revolution, sexual revolution, social revolution, educational revolution, racial integration, race riots, and the effects of the Vietnam War. For a young black man like Nathan Summerdale, many of these changes had not yet reached the small city of Sarasota. Nathan knew that in order for him to experience these exciting changes, he had to leave his small community of Newtown.
