Handbook of Medieval Studies Terms – Methods –  
Trends Walter de Gruyter

Washington Irving (1783-1859) was an American author, essayist, biographer and historian of the 19th century. He is best known for his short stories Rip Van Winkle and The Legend of Sleepy Hollow both of which appear in his book The Sketch Book of Geoffrey Crayon, Gent. His historical works include biographies of George Washington and Oliver Goldsmith, and several histories of 15th-century Spain, dealing with subjects such as the Moors and the Alhambra.

Toklas Picasso Portraits of Painters Gertrude Stein (1874-1946) was an American novelist, poet, playwright and art collector, best known for *Three Lives*, *The Making of Americans* and *Tender Buttons*. Stein moved to Paris in 1903, and made France her home for the remainder of her life. Picasso and Cubism were an important influence on Stein's writing. Her works are compared to James Joyce's *Ulysses* and to Marcel Proust's *In Search of Lost Time*.

Introduces students to poetry in the context of understanding basic poetic forms, devices and techniques. As students encounter and respond to poems in a variety of ways, students will develop essential vocabulary, literacy and language skills. Poetry Reloaded uses an engaging writing style to draw students into the world of poetry. By demonstrating how poetry is relevant to many of the things that interest

students today. • Annotated poems and biographies bring poetry to life • Stunning, full colour illustrations and other visually engaging material focus on visual literacy • Focus questions encourage students to explore the possible meanings of each poem • Engaging activities cater for a range of abilities, learning styles and interests • A comprehensive glossary of poetic forms, terms, techniques help students remember key concepts • Reading lists extend the experience of poetry in areas of particular interest • Companion website

One of the leading poets of the nineteenth century, Elizabeth Barrett Browning had a profound influence on her contemporaries and on writers that followed her. This edition provides a rich and varied selection of Barrett Browning's poetry, including relatively neglected material from her early career and works never before included in editions of her poetry. The edition is comprehensively annotated and includes a critical introduction; detailed headnotes for each poem also provide the reader with a deep understanding of the historical, biographical, and literary contexts in which the poems were written. The extensive appendices include reviews and criticism and material on factory reform and slavery, as well as religion and the Italian Question.

Reproduction of the original: *Modern Italian Poems* by William Dean Howells

The *Oxford Handbook of Shakespeare's Poetry* provides the widest coverage yet of Shakespeare's poetry and its afterlife in English and other languages.

What was Italian poetry like in the years of extraordinary historical, intellectual, aesthetic, and spiritual change between the 1860s and the Unification of Italy in the 1960s? In *A Selection of Modern Italian Poetry in Translation* Roberta Payne provides a bilingual collection of ninety-two poems by thirty-five Italian poets, including works of classicism and passionate decadentism, examples of crepuscularism, and poetry by Ungaretti, Montale, and Quasimodo. Payne pays particular attention to poets of the fifties and sixties, futurists, and female poets. She notes that the futurists, who have rarely been translated, were particularly important as they were truly original, attempting to develop new notions of word, line, sound, and phrase. Such new notions make translating them particularly challenging. She also offers a large sampling from poets of the fifties and sixties, many of whom have won the Viareggio Prize. Poems by women in this volume reflect diverse schools and directions while maintaining a distinctly female voice. Containing the original Italian and the translation side-by-side, this volume offers a wonderful introduction to Italian poetry to scholars and general readers alike. Inclusive, cutting-edge essay collection by leading scholars on Victorian women poets and their diverse poetic forms and identities.

This title offers an authoritative and up-to-date collection of original essays bringing together ground breaking research into the development of contemporary poetry in Britain and Ireland.

This handbook, the first of its kind, includes descriptions of the ancient and modern Jewish languages other than Hebrew, including historical and linguistic overviews, numerous text samples, and comprehensive bibliographies.

Others, an important and neglected little magazine, finally receives the attention it deserves in Churchill's superbly crafted study. In Churchill's discussions of Mina Loy, Marianne Moore, and William Carlos Williams, among others, Others serves as a framework for reassessing the scope and significance of modernist formalism. This book is an important contribution to the fields of American poetry and poetics, gender studies, queer theory, and cultural studies.

Provides an overview of the past, present, and future of Italian American culture.

This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades. The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field. The handbook consists of four parts. The first, large section offers articles on all of the main disciplines and discussions of the field. The second section presents articles on the key concepts of modern medieval studies and the debates therein. The third section is a lexicon of the most important text genres of the Middle Ages. The fourth section provides an international bio-bibliographical lexicon of the most prominent medievalists in all disciplines. A comprehensive bibliography rounds off the compendium. The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together. In terms of migration, Italy is often thought of as a source country - a place from which people came rather than one to which people go. However, in the past few decades, Italy has indeed become a destination for many people from poor or war-torn

countries seeking a better life in a stable environment. Graziella Parati's *Migration Italy* examines immigration to Italy in the past twenty years, and explores the processes of cultural hybridization that have occurred. Working from a cultural studies viewpoint, Parati constructs a theoretical framework for discussing Italy as a country of immigration. She gives special attention to immigrant literature, positing that it functions as an act of resistance, a means to talk back to the laws that regulate the lives of migrants. Parati also examines Italian cinema, demonstrating how native and non-native filmmakers alike create parallels between old and new migrations, complicating the definitions of sameness and difference. These definitions and the complexities inherent in the different cultural, legal, and political positions of Italy's people are at the heart of *Migration Italy*, a unique work of immense importance for understanding society in both modern-day Italy and, indeed, the entire European continent.

Robert Louis Stevenson (1850-1894) was a Scottish novelist, poet, essayist, and travel writer. His most famous works are *Treasure Island*, *Kidnapped*, and *Strange Case of Dr Jekyll and Mr Hyde*. A literary celebrity during his lifetime, Stevenson now ranks among the 26 most translated authors in the world. In the most comprehensive, up-to-date account of the poetry published in Britain between the

Restoration and the end of the eighteenth century, a team of leading experts surveys the poetry of the age in all its richness and diversity. They provide a systematic overview, and restore these poetic works to a position of centrality in modern criticism.

Twentieth-century Italian poetry is haunted by countless ghosts and shadows from opera. *Echoes of Opera in Modern Italian Poetry* reveals their presence and sheds light on their role in shaping that great poetic tradition. This is the first work in English to analyze the influence of opera on modern Italian poetry, uncovering a fundamental but neglected relationship between the two art forms. A group of Italian poets, from Gabriele D'Annunzio to Giorgio Caproni, by way of Umberto Saba and Eugenio Montale, made opera a cornerstone of their artistic craft. More than an occasional stylistic influence, opera is rather analyzed as a fundamental facet of these poets' intellectual quest to overcome the expressive limitations of lyrical poetry. This book reframes modern Italian poetry in a truly interdisciplinary perspective, broadening our understanding of its prominence within the humanities, in the twentieth century and beyond. This ebook is a selective guide designed to help scholars and students of the ancient world find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to

online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated. A reader will discover, for instance, the most reliable introductions and overviews to the topic, and the most important publications on various areas of scholarly interest within this topic. In classics, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide has been created as a tool for cutting through that material to find the exact source you need. This ebook is just one of many articles from Oxford Bibliographies Online: Classics, a continuously updated and growing online resource designed to provide authoritative guidance through the scholarship and other materials relevant to the study of classics. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit [www.aboutobo.com](http://www.aboutobo.com).

Novels, short stories, oetry, plays, journal, letters, aticles and much more.

This anthology of the work of three generations of Italian poets presents the poems in Italian followed by their English translations. Each poet's section begins with a short biography and includes a bibliography listing all the poet's published work. c. Book News Inc.
