The Romanian and Serbian Canis lupus rest in an uneasy peace. One of their own, Sally Miklos, the young and powerful gypsy healer, aids Perizada in her quest to defeat Volcan, a long forgotten nightmare returned to our world. These two packs watch as their brothers across the world, wolves from Spain, Ireland, and America, join their own forces in the battle against the evil dark fae. At the same time, the packs hope against hope that their presence might reveal a mate bond between a pack member and one of the five recently discovered gypsy healers. While Jacque and Jen miss Sally, their longtime best friend, they have bided their time dealing with their own domestic issues. Jacque and Fane are anticipating the birth of their first child and Jen and Decebel face the challenges of caring for an infant. Both girls are eagerly awaiting Sally's return, and have Perizada's word that she will be back in time for the birth of Jacque's baby. Vasile and Alina, the Alpha pair of the Romanian pack, are enjoying this time of peace. But Vasile did not become the most powerful Alpha in centuries by being a fool. He has lived long enough to know that there is always another battle on the horizon. As long as evil exists in this world, his race must step forward and stand in the gap, shielding those who cannot protect themselves. But the battle he is anticipating is bigger than he could have ever imagined. As Perizada has recently discovered, creatures of the night that have for so long remained hidden from the human realm, have slithered from their underground lairs and begun preying on the young and innocent. The high fae has declared war, and she expects Vasile and his wolves to be the ones to carry out the attack. The Alpha is more than happy to oblige. But with his first grandchild on the way, and the gift of five vulnerable healers coming under the wolves' protection, he understands that he must be very careful not to place any of them in harm's way. Such is the job of the Alpha, protector, and provider. He and those he leads must stand as sentinels and warriors to safeguard those they love, and the humans who know nothing of the supernatural world. It will be their job to destroy the creatures that threaten to expose them all. And if they fail, the world as they know it, both human and supernatural, will never be the same.

A talented songwriter, Shawn Gallagher spends his days lost in reverie and wonder, oblivious to the wiles of women and the ways of the world. He claims that he's content with his life, but his music tells a different story?one of loneliness and desperate longing? No one understands why Shawn doesn't put his musical gift to profitable use?least of all Brenna O'Toole, a fiercely independent tomboy who has been secretly in love with him for years. But it is only when Shawn gives in to the mysteries of magic that he gets the chance to fulfill his destiny as a man and a musician?as the song in his head keeps time with the beating of a woman's heart. It's been six months since Jacque Lupei was imprisoned in the dark forest with her female pack mates, wondering if they would ever see their mates again. Six months since she and Fane found out that Jen and Decebel would not be the only couple adding a new pup to the pack. Six months of peace and quiet...other than Jen running her mouth incessantly about Sally getting to go on an adventure with Peri while she has to miss all the fun. When she isn't complaining about that, she spends her time commenting on how Jacque's butt is getting wider by the minute. Jacque doesn't know it, but the reprieve was about to be over. She and Fane thought his demons had been dealt with, but the nightmares are back and the In-Between is once again ripping a hole inside of her mate. Jacque can't stand to see him hurting. She can't stand knowing that in some way she was responsible for his struggle because she, after all, was the subject of his pain from the In-Between. She'll do anything to stop his turmoil. So she makes a desperate decision to do what she thinks her mate needs, or doesn't need. Others will call it insane. Jen will add her own creative descriptions, including expletives thrown in for added effect. Whatever you call it, Jacque calls it an answer to the darkness that is slowly consuming her mate. She knows that if Fane has any idea of what she has planned, he would chain her to his side. So, naturally she does what any female Canis lupus would do in her shoes--she shuts down the bond and prays that no one gets in her way. She knows he might never forgive her, but then, if her plan works, he won't even remember her name.

Jennifer Adams, best friend to Jacque Pierce and Sally Morgan, spicy, out spoken, a little crazy and human...or so she thought. Jen has just found out that human DNA is not the only thing that resides in her veins, she happens to share that little pesky werewolf gene, although it isn't more than just a drop. Now that she and her friends are living in Romania with Fane's pack, she is also oh so conveniently stuck with the object of her affection, the fur ball Decebel. Drawn to each other by something they don't understand Jen finds herself frustrated by the lack of mating signs between her and said fur ball. Not only is she dealing with that not so un-frustrating problem, she now has been informed that because of that little drop of werewolf blood in her she is now required to attend a multi-pack gathering for un-mated wolves. This type of gathering hasn't taken place in over a century but with a shortage of females among the werewolf population the males are getting worried they won't ever find their true mates.

Meanwhile, Decebel struggles with the emotions he is feeling towards Jen. He tries to keep his distance but there is just something about the mouthy blonde that keeps him coming back for more of her verbal abuse that he just can't seem to get enough of...go figure.

Nothing is stronger than the power of a soulbond, even the end of the world. Gabby Gellar is a fire elemental with an attitude. She has been told so many times by her parents that she's worthless she no longer questions that truth. Pushed away by the only people she's ever loved, Gabby shuts everyone out. Friends, acquaintances, buddies, chums, and especially romantic relationships, are kept at arm's length, or further if she can help it. Gabby knows she could never be good enough to be anyone's girlfriend, much less someone's soulbonded. So why does the thought of a certain water elemental have her out of bed well past midnight, pacing and cursing, trying to deny the part of her that's silently calling to him, reaching for his magic, thirsting for it like a dying man in the desert. Dammit! To Liam Nash, life is merely a joke, something to laugh at and enjoy. An endless stream of amusements made even more amusing by the water magic he uses to manipulate the world around him. Liam never thought he'd actually have a soulbonded. He was content to be unattached, a flirt, a perpetual bachelor ... but that was before he met Gabby. Now, he was certain she was his soulbonded, as sure as the sun would rise tomorrow. Unfortunately, the sun's rising is no longer a sure thing. With half of the royal elementals imprisoned in the underworld, the earth's climate has been thrown into chaos. Temperatures are steadily dropping, volcanoes are spontaneously erupting, and earthquakes are becoming commonplace. If the light elementals have any hope of rescuing the planet from the dark forces seeking to destroy it, the elemental academies will have to work together. That means an overeager water elemental and a reluctant fire-wielder are about to be thrown together and asked to save the world. Could the bond between Liam and Gabby be the very thing needed to rally the forces of light to victory?

With the challenge complete and the corrupt Alpha of Coldspring defeated Fane is now free to complete the mate bond with

Jacque and perform the Blood Rites. Although the challenge is done, the effects are far-reaching. Once it is known that Vasile one of the strongest Alphas in the world is in America, specifically Coldspring, TX, there is one Alpha who cannot overlook the significance of this. An Alpha who happens to share Jacque's DNA, but is this the one she needs to fear? With her mom driving and her two best friends, Jen and Sally in tow, Jacque set off for her happily ever after. She will soon realize a plan has been put in motion that will change her course and possibly tear her from Fane's grasp forever. It will take a wolf pack, her mother's love, her two best friend's unrelenting determination, her own will to survive and the undying love of her mate to bring her home. The question remains, if she fights, if she endures, who will she be, what will be left once she is back in her mate's arms?

Jacque Pierce was an ordinary 17-year-old girl getting ready to start her senior year in high school in Coldspring, TX when a mysterious foreign exchange student from Romania moves in across the street. Jacque and her two best friends Sally and Jen don't realize the last two weeks of their summer are going to get a lot more interesting. From the moment Jacque sets eyes on Fane, she feels an instant connection, a pull like a moth to a flame. Little does she know that the flame she is drawn too is actually a Canis Lupus, werewolf, and she just happens to be his mate, the other half of his soul. The problem is Fane is not the only wolf in Coldspring. Just as Fane and Jacque are getting to know each other, another wolf steps out to try and claim Jacque as his mate. Fane will now have to fight for the right to complete the mating bond, something that is his right by birth but is being denied him by a crazed Alpha. Will the love Fane has for Jacque be enough to give him the strength to defeat his enemy and will Jacque accept she is Fane's mate and complete the bond between them?

Though the Serbian pack has been brought to heel thanks to the downfall of their Alpha, the war is far from over. Desdemona, a witch of unfathomable power, has escaped the wolves' wrath, but she will not go quietly into the night. She takes refuge in a place where even the smallest sliver of light does not dare to enter. Though she had to flee, she has not given up on the treasure she wishes to acquire. Her depravity knows no bounds; she's even willing to search for the one who can assist her in opening a Veil that has not been opened in millennia – with good reason: the danger is incalculable. Meanwhile, there are major changes rippling through the Romanian Grey wolves. Decebel has become Alpha to the Serbian pack in an effort to begin to unite the Canis lupis species. Their numbers are dwindling in the wake of the shortage of true mates and lack of offspring. The wolves are beginning to lose faith and darkness seems to be crashing in on them from all sides. But the winds of change are blowing, changes that will alter the future of not only the Canis lupis, but of another ancient race as well. Amidst all of this, Sally is continuing to come to terms with her relationship with the playful, charming, flirty, unbelievably handsome bartender – who happens to be a member of the Romanian pack. If all that weren't enough, the Fates have decided to pay a little visit to Jen. It's time to collect. She cheated the Fates of a life, her life. Now they want what they are due. The problem? It's more than Jen is willing to pay. Yes, the war is indeed far from over. Bargains will be struck, declarations will be made, sacrifices will be given, love will

be tested, and trust will be questioned as evil makes its stand against them all.

As one evil falls, another rises in its place. The powerful witch, Desdemona, has finally been killed by an alliance of wolf, elf, and fae. But Reyaz, brother to Cypher the warlock king, has vowed retribution for a life that was taken from him. Now Cypher must decide not only how to protect his newfound mate and his people, but also how to destroy the only family he has left. Meanwhile, Jen's pregnancy progresses and the fateful due date draws ever nearer. The thought of losing Decebel's child constantly threatens to overwhelm her. With each passing day, Decebel grows more distant, causing Jen to wonder what toll the impending loss of their child is taking on him. Unbeknownst to Jen, in an act of desperation to protect his unborn child and mate, Decebel strikes a deadly bargain with the Great Luna-his life in place of his child's. There is only one way for that to happen; the bond between he and Jen must be broken. As Jen and Decebel struggle through their darkness, another kind of darkness is infiltrating Fane's heart. Doubts and questions linger as he tries to cope with the emotions brought on in the aftermath of Desdemona's curse. He knows what happened wasn't real, but still he can't rid himself of the terrible images seared into his memory. Jacque is his light, the one who keeps the darkness at bay, yet he won't let her inside to do just that. Sally continues to learn what it means to be a gypsy healer and Costin struggles to protect her as she runs full speed ahead to help her wolves, heedless of her own safety. She sees her best friends struggling, each enduring their own trials. She's desperate to help them, but can she keep them safe? With all of these things hanging heavy over the heads of the Serbia and Romania packs, their attention is divided. The wolves do not even realize a threat has slowly infiltrated their midst. Will they recognize the threat in time to save the lives that precariously hang in the balance? Against this backdrop of darkness, choices will be made, fears will be confronted, and the ultimate sacrifice will be made. Will the wolves stand together to defeat the threats arrayed against them, both from within and without? Will love conquer all? Or will the beleaguered wolves finally succumb to their demons?

"So I just might die a virgin after all. That's what sucks about the end of the world, you just don't plan for it and once it's upon you it's too late. It's been a few weeks since I've had time to actually write anything down, which sucks because more has happened in my life in the past three weeks than it has in all my seventeen, (soon to be eighteen) years. So I'm going to give you a quick recap, because my diary is totally a living breathing thing and really cares...not. Basically we are on the run from Lorsan, the dark elf king, while also looking for the Book of the Elves, which he stole (butt head), while at the same time attempting to shut down the sale of Rapture, a liquid drug the dark elves devised to enslave the human race. If you ask me their goals are a little lofty, but then nobody asked me, and therein lies their problem. But our problems don't end there. On top of trying to get Rapture out of the human realm and taking out Lorsan, we also have to rescue Cassie's parents. Apparently there's a dark elf who is delusional and believes Cassie is his Chosen reincarnated. So naturally he thought kidnapping her parents would win her heart. Loser. What happen to love notes and flowers? Anyways, now you're caught up, roughly. The point is, life is about as jacked up as it can get at the moment. I

would like to be able to give some Braveheart worthy speech and say that we totally got this, but honestly, I have no idea if we can pull this off.” ~Elora

His story began a century ago, and now a tragedy has led him to his rightful place as Alpha of the Eastern Romania pack. In order to be raised up he had to first be torn down, and there is only one who could do this and live, only one who could light his way when the darkness closed in: his mate, his Luna. This is the building of their legacy.--From Fantastic Fiction.

Supernatural war is on the horizon, and no one will escape unscathed. Enemy after enemy, foe after foe, has fallen before the combined might of the Romanian grey wolves and their allies among the supernatural races. But now the alliance doesn't fight a single supernatural threat. It's no longer a single coven of vampires, a lone deranged warlock, or a rogue pack that threatens their safety. Now, the wolves face a unified force of evil--the Order of the Burning Claw. The Order needs a representative from every supernatural race to unleash a spell that will enslave humanity forever, and they've just recruited one of their most powerful members. The Order will stop at nothing to gain power, including kidnapping the pack's children and its beleaguered healer. The Romanian pack would love nothing more than to bring the wrath of the Great Luna down upon their foes. But how can they do that when their enemies hold captive the pack's greatest treasures. Before this is over, bonds will be tested, a new leader will rise, and all hell will break loose.

Murderer. Traitor. Outlaw. These are just a few of the words that describe, Myanin, the disgraced djinn warrior. And for a time, those words didn't bother her. But as the djinn becomes more acquainted with the inner workings of the Order of the Burning Claw, she begins to understand how truly evil her fellow supernaturals can be. Is that really the person she wants to be? Is that the life she wants to lead? Not long ago, Myanin would have done anything to get back at her former lover, Thadrick, including murder. But an encounter with her Creator has the djinn questioning everything, including whether she is beyond redemption. Two women, both suffering loss, both languishing in their misery, both faced with impossible choices. Is it possible the queen and the djinn could find salvation in one another?

Dalton Black never thought he'd find his true mate. His dark past convinced him that he could never be worthy of one, but the Great Luna did not agree. She saw fit to give him a gypsy healer, the purest of heart among their kind. And now that he's finally found her, she slips through his grasp and into the hands of Volcan, a corrupt high fae driven mad by his own need for power. Now Dalton, with help from his own powerful friends, must find Jewel and rescue her before Volcan can use her blood to create witches and once again throw off the balance of good and evil. As their journey begins, Perizada will once again lead a group of wolves on a hunt to bring down evil, but little do they know that Volcan is just a drop of blood in the sea of supernatural beings about to darken their path.

Moses and Jorge will never leave the maximum security prison. Outside its walls, Gina, Shell, and Ellen will never escape its influence, or the way it tethers them to one another. When Jorge dies in his cell, lives within and beyond the prison walls are upended, testing the boundaries we all draw to keep the good in, the hurtful out. YOU ARE FREE TO GO is a wise, deeply moving story about the porousness of borders, and the kindness, connection, and loss that transcend them.

The last few days have been the darkest of Sally's life. After experiencing the joy of finding her mate, she now suffers the pain of losing everything she holds dear. Both the Romanian and Serbian packs have been captured, ripping Sally's soul mate away from her almost as soon as she had found him. Her best friend and the emotional glue that usually holds Sally together, Jacque Pierce, lies writhing in a restless coma, having been put down by Desdemona's dark magic. Jennifer Adams, the unshakable one, has revealed to her friends and her mate that she is pregnant, but the Fates have marked her unborn baby for death. Though she rails against the darkness, deep inside Jen knows that Decebel's baby must die as payment for her own life, and the knowledge is

tearing her soul to pieces.

Jacque's mind wandered as she hovered somewhere between life and death. Her body longed to let go, to sink into the peaceful abyss, to the place where she didn't have to worry about rabid, child-snatching vampires and the carnage they'd caused to so many innocent families. But something kept her here, tethered to this world, something she couldn't quite remember hovered just on the edge of her consciousness, something vital. It wasn't Fane, he would be with her on the other side, she knew that. If she died, he died too and he wouldn't have it any other way. She could feel Peri's presence in her body. The fae was fighting, expending every ounce of her energy to keep her and Fane alive and the strain was taking its toll on the fae. But why? Why was the fae fighting as if her own life depended upon Jacque's survival? Jacque was starting to remember someone else—someone that depended on her. A brand new life, precious and perfect...her son. Costin's best friend lay as if sleeping, clinging to life by a mere thread, held at the other end by the powerful fae. But the thread holding Costin to his own sanity was just as feeble. Sally, his world, his light, his brown-eyes, the only thing that keeps the darkness at bay, was gone. Simply vanished. Costin didn't know how or where, and it was tearing him up inside. The young boy, Titus, his adopted son, was the only thing that kept his wolf from taking over completely. Costin would be strong for the boy for as long as he could, but he wasn't sure how long he could keep the feral wolf at bay. Bethany, the brave young girl that had been rescued from the clutches of the vampire coven to which she'd served as food for the past seven years, was now sharing a room with her true mate, with absolutely no understanding of what that meant. Though the girl had proven to be resilient, she had no idea how to handle her the huge dominating werewolf that had staked his claim on her. Drake was past the point of feral when he'd found her, and that kind of darkness doesn't let go without a fight. The strongest of alpha females, raised with a full understanding of pack law and the power of the mate bond, would have had a tough time dealing with the wolf. Bethany, a dormant, who had no idea who or what she was, didn't stand a chance.

Long ago, during the Great Purge, the witches that had grown too many in number and too powerful, were destroyed. The high fae council saw that the balance of good and evil had been tipped too far in one direction and it had to be rectified. So they killed all of the witches, and their creator...or so they thought. But they were wrong. Volcan, the high fae, who had once been a member of their council, until he decided he wanted to be all powerful and created the witches, had bided his time, hiding in the Dark Forest. Now he's back and hell bent on rebuilding his army of witches. Only this time he's set his eyes on the gypsy healers to be the tool from which he creates them. He already has two of the newly found healers, Jewel and Anna, with his blood running in their veins. And though he thinks he's got it all planned out, what Volcan hadn't calculated into his formula of healers + his blood = witches, was the healer's mates, Dalton and Gustavo. Both males are more than ready to sink their teeth into the high fae who has taken their females. With the darkness closing in on all four of them, it is a toss up as to who will succumb to it first. Mean while, the healers and wolves Peri had stashed in the pixie realm are sitting ducks with the Veil between them and the human realm locked. The mates of those healers are holding onto their self control by a thread as they try to figure out a way to get them out of the pixie realm. Perizada is once again fighting for those who are under her protection, while at the same time trying not to kill them herself.

Considering the healers tend to do stupid heroic stuff and the wolves just do stupid stuff period, it's not certain who will destroy who. The only thing that was certain; none of them was willing to surrender. Throw in a powerful, eccentric Djinn who has suddenly gotten bored and things are guaranteed to get messy. This is the continuation of the story of the five gypsy healers, the fae who protects them and the wolves whose wrath will consume any who come between them.

Darkness has descended on the Transylvanian Alps. Four packs of the powerful Grey wolves in a rare show of cooperation had joined together here in an effort to help their pack members find true mates. Then they were betrayed by one of their own an Alpha hell-bent on becoming the most powerful of the Canis lupis. And though the wolf's assassination attempt on the currently-reigning Romanian Alpha failed, his plans to get Decebel, the Romanian Beta, out of the picture were coming together even as his treachery was discovered. The wolf fled, leaving destruction, death, and a missing mate behind him. Unbeknownst to the other packs, the wolf has employed a witch to finish the deadly job and help him gain another tool to increase his power.

What would it be like to have a true mate? What if that mate was a werewolf? Three best friends are about to find out. Jacque Pierce is an ordinary seventeen-year-old girl getting ready to start her senior year of high school. But when a mysterious Romanian exchange student named Fane Lupei moves in across the street, Jacque and her two best friends soon realize the last few weeks of their summer are about to get a lot more interesting. From the moment Jacque sets eyes on Fane, she feels an instant connection, a pull like a moth to a flame. Little does she know that flame is actually a Canis Lupus, werewolf, and she just happens to be his mate, the other half of his soul. But Fane isn't the only wolf in town. Just as Fane and Jacque are getting to know each other, a rogue pack appears led by a crazed Alpha. Now, Fane will have to fight, not just for his life, but also for the right to claim Jacque as his own. Females among the Canis Lupus are precious. Their light extinguishes the darkness found within the male werewolves. Fane will need all of Jacque's love if he has any chance to defeat his foe and earn the right to a life with Jacque by his side.

We've watched the Romanian Grey Wolves find their true mates, fight against evil and reunite with the other Canis lupis in the world. Now we will see just how the most powerful Alpha in their history met his match with the woman who became his mate, and helped him become the man he needed to be in order to lead. Every life leaves behind a legacy. Every story has a beginning and an end. The Alpha of the Romania Grey Wolves knows this better than most. He also knows it's the things that transpire to create that legacy and the experiences, triumphs and failures that happen in the middle of the story that matter. His story began a century ago and now a tragedy has led him to his rightful place as Alpha of the Eastern Romania pack. Before he led hundreds, he had to learn to lead a few. Before he sacrificed for all, he had to be willing to sacrifice for any. Before he could be the man destined to save his race he had to be willing to serve them. In order to be raised up he had to first be torn down. There was only one who could do this and live, only one who could light his way when the darkness closed in; his mate, his Luna. This is the building of their legacy, the middle of their story. Their triumphs, their failures, and their tragedy's that would one day make them strong enough to restore a race torn apart by greed, envy, and fear.

Meet Harry Dresden, Chicago's first (and only) Wizard P.I. Turns out the 'everyday' world is full of strange and magical things - and most of them don't play well with humans. That's where Harry comes in. Harry's had worse assignments than going undercover on the set of an adult film. Dodging flaming monkey poo, for instance. Or going toe-to-leaf with a plant monster. Still, there's something troubling about this case. The Producer believes he's afflicted by an entropy curse - but it's the women around him who are dying. And Harry only got involved as a favour to Thomas, his flirtatious self-absorbed vampire acquaintance. Thomas has a personal stake in the case Harry can't work out, until his investigation leads him straight to Thomas's oversexed relatives. Harry's about to discover the skeleton in Thomas's family closet: a revelation that will change Harry's life for ever. Magic - it can get a guy killed.

The Romanian and Serbian Canis lupus rest in an uneasy peace. One of their own, Sally Miklos, the young and powerful gypsy healer, aids Perizada in her quest to defeat Volcan, a long forgotten nightmare returned to our world. These two packs watch as their brothers across the world, wolves from Spain, Ireland, and America, join their own forces in the battle against the evil dark fae. At the same time, the packs hope against hope that their presence might reveal a mate bond between a pack member and one of the five recently discovered gypsy healers. While Jacque and Jen miss Sally, their longtime best friend, they have bided their time dealing with their own domestic issues. Jacque and Fane are anticipating the birth of their first child and Jen and Decebel face the challenges of caring for an infant. Both girls are eagerly awaiting Sally's return, and have Perizada's word that she will be back in time for the birth of Jacque's baby. Vasile and Alina, the Alpha pair of the Romanian pack, are enjoying this time of peace. But Vasile did not become the most powerful Alpha in centuries by being a fool. He has lived long enough to know that there is always another battle on the horizon. As long as evil exists in this world, his race must step forward and stand in the gap, shielding those who cannot protect themselves. But the battle he is anticipating is bigger than he could have ever imagined. As Perizada has recently discovered, creatures of the night that have for so long remained hidden from the human realm, have slithered from their underground lairs and begun preying on the young and innocent. The high fae has declared war, and she expects Vasile and his wolves to be the ones to carry out the attack. The Alpha is more than happy to oblige. But with his first grandchild on the way, and the gift of five vulnerable healers coming under the wolves' protection, he understands that he must be very careful not to place any of them in harm's way. Such is the job of the Alpha, protector, and provider. He and those he leads must stand as sentinels and warriors to safeguard those they love, and the humans who know nothing of the supernatural world. It will be their job to destroy the creatures that threaten to expose them all. And if they fail, the world as they know it, both human and supernatural, will never be the same.

Jaque Pierce was just an ordinary 17 year old girl getting ready to start her senior year in highschool in Coldspring, TX. When a mysterious foreign exchange student from Romania moves in across the street, Jacque and her two best friends Sally and Jen don't realize the last two weeks of their summer were going to get a lot more interesting. From the moment Jacque sets eyes on Fane she feels an instant connection, a pull like a moth to a flame. Little does she know that the flame she is drawn too is actually a Canis Lupus, werewolf, and she just happens to be his mate, the other half of his soul. The problem is Fane is not the only wolf in Coldspring, TX. Just as Fane and Jacque are getting to know each other, another wolf steps out to try and claim Jacque as his mate. Fane will now have to fight for the right to complete the mating bond, something that is his right by birth but is being denied him by a crazed Alpha. Will the love Fane has for Jacque be enough to give him the strength to defeat his enemy, will Jacque accept that she is Fane's mate and complete the bond between them? He is mine and I am his. I will move every obstacle in my way to remind him. Decebel Anghelescu is one of the strongest Canis lupus on earth, an alpha in his own right. Now that he's found his mate, the fiery blonde, Jennifer Adams, he could be stronger still, a powerful asset

to the Romanian Greys. But he's been crippled by a devastating curse, one cast by an unknown enemy, a witch of incredible power. The spell threatens to dissolve the fragile new bond with the woman that is the other half of his soul. It will take the help of an entire pack to break it, but has too much damage already been done? Meanwhile, injured and alone, Jennifer fights for her life, and it appears to be a losing battle. Now, she has come to terms with her fate, accepting she won't share a life with Decebel...and what a life it would have been. But help comes in the most unexpected form...the discovery of a long-lost healer. The Romanian alpha, Vasile Lupei, will have to use all his resources – including Sally Morgan, the new gypsy healer of the Romanian pack – to battle the witch, lift the curse from Decebel and reunite him with his mate, and solve a mystery that's been surrounding the Romanian pack for 300 years.

Filthy. Disgusting. Unworthy trash. The same thoughts keep swirling in Sally's mind. She's broken and no one can fix her--not her friends, try as they might, and not her beautiful mate. She'd thought when Costin had rescued her from Jericho's clutches, broken the spell the rogue werewolf had cast on her, and left the cur lying in bloody pieces on the floor of an Ocean Side bar, that one day she might find some peace. Perhaps, with time, she could forget the horrible things she'd done. Perhaps she could forget how she had betrayed her one true mate. Now, several weeks later, the memories and the nightmares have only grown stronger. Unbeknownst to Sally, though the magical bracelet that erased her memories was destroyed, the magical device deposited something sinister within the girl's mind. Now, in a last ditch effort to find some sort of healing, Sally is being shipped off to her hometown--Coldspring, TX. Little does she know that surprises are awaiting her there that will shake the foundations of all she's ever known. Will these new revelations be the key to eradicating the darkness that has taken root in the healer? Or will the secrets that are uncovered be too much for Sally to bear?

Before tonight Cassie Tate's biggest concerns were whether she could pass Algebra and how she was going to keep Elora, her best friend, from dressing her in a skimpy fairy costume for Halloween. Her feet were firmly planted in suburban reality and she had no reason to believe her life would be anything but that of a typical teenager. That is until tonight, when Cassie saw something that no human was ever supposed to see; in the blink of an eye she was thrown into the world of the Light and Dark Elves. He comes from a realm where light and dark have fought for millennia. He is of a race known to humans only in myths and legends. The darkness that lives inside him is a part of both who and what he is and it makes him the most gifted spy and assassin in the history of his time. His life is not his own; he lives in the service of the Dark Elf King. He slays who he must, has mercy on no one, is relentless in his hunt, and never tires of seeing his prey fall. He is Triktapic, assassin, spy, most feared of the Dark Elves. Now, in the midst of his King's complicated plans to expand the Dark Elves' holdings into the mortal realm, for the first time, Trik finds his loyalties divided. For no Elf, Dark or Light, can turn away from their Chosen. Unbeknownst to the mortal realm, the battle between Light and Dark is being brought to their doorstep. The only one who can keep it at bay holds darkness in his heart like a lover, and the one who can sway that heart must decide if she can look beyond his black past, beyond his evil nature and see the man he is destined to be. The questions must be asked, does love really cover a multitude of sins? Can true love actually conquer all or will his darkness consume those around him until all that stands is an assassin with the blood of the mortal realm on his hands?

Triktapic, the deadly dark elf assassin, has been restored by the Forest Lords to his rightful place as king of the Elven realm. Now, he must face his former comrades as he attempts to stop Lorsan, king of the dark elves, from enslaving the human race. Lorsan has already begun distributing Rapture, the irresistible drink that destroys those who unknowingly become addicted to it. Will Cassie, his Chosen, be able to give Trik the strength he needs to face his dark past? Meanwhile, Cassie's best friend, Elora, is in a fight for her own life. Elora, her mother, Lisa,

and a small band of light elves have traveled deep into the dark elf realm in hopes of rescuing Cassie and Trik. But their mission quickly turns into a battle for their own lives as they are surrounded by Lorsan and his warriors. Though outnumbered ten to one, the humans and elves fight heroically. They fight for a King once lost, but now found. They fight for the human realm that doesn't yet know it is in need of saving. They fight for love; a love that has already been discovered and a love that is waiting to be revealed. Despite their valiant efforts, the band is captured and held captive by the dark elf king. The peaceful world that Cassie and Elora knew is long gone, shattered by their realization that elves walk secretly among them, and are bent on their destruction. Soon, each of the girls will be forced to choose her own path. Cassie must decide to which world she belongs and Elora must decide if she will fight for a warrior hell bent on keeping her from his side. Two species, human and elf, stand on the precipice of war, united in one goal; shatter the dark elf king's plan, and unite a divided race under the rule of the one true King.

Dalton Black, a *Canis lupis* full of guilt and anger, never expected to find his true mate. Perhaps already slipping into madness, he had resigned himself to the fact that he would walk the earth without the other half of his soul. He was convinced that his sins were enough to keep the Great Luna from giving him such a blessing. He knew it was probably better that way. His past was as dark as his name and after three centuries of running from it, the memories were finally catching up to him. But all of those resignations evaporated when he saw her broken and bloodied body lying on that altar. Though the man didn't recognize her, the wolf did. Through battle and bloodshed he was able to save her from the evil that held her captive, but now he would need her to save him from himself. Jewel Stone was wholly unaware of the ancient bloodlines of Gypsy Healers, mates to *Canis lupis* and protectors of the packs—much less that she carried that blood herself. But when a beautiful but deadly woman showed up in her home and ripped her from her realm, she knew her life would never be the same. Her mother, Gem, a fortune teller, had warned her that something was coming, that her life was about to change dramatically, but like everyone else, Jewel had dismissed her as a crazy person. Jewel was the laughing stock of her school simply because Gem was her mother. And up until now, her life was one big disappointment after another. Instead of heeding her mother's warning, she hid in her books, burying herself behind knowledge, both fact and fiction. She escaped into worlds created by others and filled her mind with facts of every kind in an effort to push away the hurtful words that others bombarded her with. Despite all of her knowledge and all of her fantastical stories, she never dreamed her own future would be full of adventure, danger, passion and the possibility of unconditional love. As she lay unconscious after her first bloody encounter in the fae realm, her only chance of survival lay in the hands of a man scarred by his past, disfigured both emotionally and physically, and beyond the reach of any who had tried to help him. Can two broken people, who carry the other half of each other's souls span the chasm between them and restore the innocence ripped from both their lives? Will they let the promise of healing love overcome the difference in age and experience, and the separation of species and realms? Or will they give in to the fear and doubt that would keep them from one another for eternity?

With peace finally descending on the Romanian Grey Wolves, longtime fae ambassador to the wolves, Perizada, has been given a new mission by the Great Luna. Further complicating matters, the great white wolf, Lucian Lupei, has been returned to the pack after centuries trapped in the Dark Forest, and it appears he is destined to be with Peri. The prophesy must be fulfilled. His orders are clear: launch a raid against England and bring home the spoils of war. The eldest princess of England is said to be just that...a beautiful, charming, and headstrong woman. But he's a Viking army general and she's an English princess—and one who is already promised to the king of Tara. It's been six months since Jacque Lupei was imprisoned in the dark forest with her female pack mates, wondering if they would ever see their mates again. Six months since she and Fane found out that Jen and Decebel would not be the only couple adding a new pup to the pack. Six months of peace and quiet...other than Jen running her mouth incessantly about Sally getting to go on an adventure with Peri while she has to miss all the fun. When she isn't complaining about that, she spends her time commenting on how Jacque's butt is getting wider by the minute. Jacque doesn't know it, but the reprieve was about to be over. She and Fane thought his demons had been dealt with, but the nightmares are back and the In-Between is once again ripping a hole inside of her mate. Jacque can't stand to see him hurting. She can't stand knowing that in some way she was responsible for his struggle because she, after all, was the subject of his pain from the In-Between. She'll do anything to stop his turmoil. So she makes a desperate decision to do what she thinks her mate needs, or doesn't need. Others will call it insane. Jen will add her own creative descriptions, including expletives thrown in for added effect. Whatever you call it, Jacque calls it an answer to the darkness that is slowly consuming her mate. She knows that if Fane has any idea of what she has planned, he would chain her to his side. So, naturally she does what any female Canis lupus would do in her shoes--she shuts down the bond and prays that no one gets in her way. She knows he might never forgive her, but then, if her plan works, he won't even remember her name.
