The Dravidian language family is the world's fourth largest with over 175 million speakers across South Asia from Pakistan to Nepal, from Bangladesh to Sri Lanka as well as having communities in Malaysia, North America and the UK. Four of the languages, Tamil, Kannada, Malayalam and Telugu are official national languages and the Dravidian family has had a rich literary and cultural influence. This authoritative reference source provides unique descriptions of 12 of these languages, covering their historical development alongside discussions of their specialised linguistic structures and features. What has Jung to do with the Postmodern? Chris Hauke's lively and provocative book, puts the case that Jung's psychology constitutes a critique of modernity that brings it in line with many aspects of the postmodern critique of contemporary culture. The metaphor he uses is one in which 'we are gazing through a Jungian transparency or filter being held up against the postmodern while, from the other side, we are also able to look through a transparency or filter of the postmodern to gaze at Jung. From either direction there will be a new and surprising vision.' Setting Jung against a range of postmodern thinkers,

Hauke recontextualizes Jung's thought as a response to modernity, placing it - sometimes in parallel and sometimes in contrast to - various postmodern discourses. Including chapters on themes such as meaning, knowledge and power, the contribution of architectural criticism to the postmodern debate, Nietzsche's perspective theory of affect and Jung's complex theory, representation and symbolization, constructivism and pluralism, this is a book which will find a ready audience in academy and profession alike.

U.R. Ananthamurthy (1932-2014), author of Samskara and such other contemporary Indian classics, wrote in Kannada. Born in the heart of the Western Ghats, he grew up in an atmosphere steeped in Vedic thought. Suragi is his autobiographical work where he recounts how he grappled with questions of religion and secularism, orthodoxy and modernity, authoritarianism, and democracy. Drawing from Indian thought, he developed the concept of the critical insider, arguing that criticism of a culture becomes genuine and worthy of acceptance when it comes from one living within it. His evocative writing portrayed relationships shaped by the flux of contemporary India. He won the highest literary honours in India, including the Jnanpith, and was shortlisted for the Booker prize. He headed the National Book Trust and Sahitya Akademi, and served as vice-chancellor of Mahatma Gandhi University, Kottayam. Travelling across the world, Ananthamurthy served as a cultural ambassador who represented India through its ideas and metaphors. He did not shy away from unpopular stands, and remained a daring writer and provocateur till the very end. Suragi tells the story of his life. 'Suragi' is the flower that leaves behind a sweet fragrance long after its freshness is no more.

Kama Sutra Kamasutram, generally known to the Western world as Kama Sutra, is an ancient Hindu text widely considered to be the standard work on love in Sanskrit literature. The text was composed by Vatsyayana, (pronounced Vaatsyaa-yan), as a brief summary of various earlier works belonging to a tradition known generically as Kama Shastra, the science of love. Kama is literally desire. Sutra signifies a thread, or discourse threaded on a series of aphorisms. Tradition holds that the author was a celibate scholar. He is believed to have lived sometime between the 1st to 6th centuries AD, probably during the great cultural flowering of the Gupta period.

Alice Snow, a thirteen-year-old orphan, is abducted from her adopted home by a strange man claiming that her real mother is alive, and a frantic FBI manhunt ensues.

This book is about resistance in everyday life, illustrated through empirical contexts from different parts of the world. Resistance is a widespread phenomenon in biological, social and psychological domains of human cultural development. Yet, it is not well articulated in the academic literature and, when it is, resistance is most often considered counter-productive. Simple evaluations of resistance as positive or negative are avoided in this volume; instead it is conceptualised as a vital process for human development and well-being. While resistance is usually treated as an extraordinary occurrence, the focus here is on everyday resistance as an intentional process where new meaning constructions emerge in thinking, feeling, acting or simply living with others. Resistance is thus conceived as a meaning-making activity that operates at the intersection of personal and collective systems. The contributors deal with strategies for handling dissent by individuals or groups, specifically dissent through resistance. Resistance can be a location of intense personal, interpersonal and cultural negotiation, and that is the primary reason for interest in this phenomenon. Ordinary life events contain innumerable instances of agency and resistance. This volume discusses their manifestations, and it is therefore of interest for academics and researchers of cultural psychology, cultural studies, anthropology, sociology, and human development.
