A masterful collection about intimacy, loneliness, and time, each inspired by different works of art, spanning the entirety of the great Italian writer's career. In *Stories with Pictures*, Antonio Tabucchi responds to photographs, drawings, and paintings from his dual homelands of Italy and Portugal, among other European countries. The stories in this collection spring forth from the shadows of Tabucchi's imagination, as he steps into worlds just hidden from view. From inscrutable masks of pre-Columbian gods, stamps of bright parrots and postcards of yellow cities, portraits of devilish Portuguese nuns, the way to these remote landscapes appear like a "train emerging from a thick curtain of heat." As we peer through the curtain, what we find on the other side rings distinctly human, a world charged with melancholic longing for time gone by. "Sight, hearing, voice, word" Tabucchi writes, "this flow isn't in one direction, the current is back and forth." Reading these stories, one feels the pendulum current, and the desire in this remarkable author to hold the real in the surreal.

Dr Mike Moreno's 17 Day Diet is a revolutionary new weight-loss programme that activates your skinny gene so that you burn fat day in and day out. The diet is structured around four 17-day cycles: Accelerate- the rapid weight loss portion that helps flush sugar and fat storage from your system; Activate-the metabolic restart portion with alternating low and high calorie days to help shed body fat; Achieve - this phase is about learning to control portions and introducing new fitness routines; Arrive - A combination of the first three cycles to keep good habits up for good. Each cycle changes your calorie count and the food that you're eating. The variation that Dr. Mike calls 'body confusion' is designed to keep your metabolism guessing. This is not a diet that relies on a tiny list of approved foods, gruelling exercise routines, or unrealistic calorie counts that leave you hungry and unfulfilled. Each phase comes with extensive lists of what dieters can and can't eat while on the phase, but also offers acceptable cheats. He advises readers not to drink while on the diet, but concedes that if they absolutely have to then they should at least drink red wine. Dr Mike knows that a diet can only work if it's compatible with the real world, and so he's designed the programme with usability as a top priority.

An enthralling story of courage and resilience, centring on 10-year-old Tommy, it will fascinate children who might not know much about this secret escape route into Canada that was used by as many as 100,000 people. Ten-year-old Tommy roams the cotton fields of Alabama owned by the notorious Captain Archer. Intimidating guards with fierce dogs protect the land to prevent any slaves from leaving. That is until a supernatural spirit visits Tommy offering a way out. With his banjo slung over his shoulder, Peg Leg Joe guides Tommy, his family and other slaves out of Southern USA, and into Canada through the legendary Underground Railroads. The young boy is forced to mature through this testing period and allow his strong will to guide himself and others to safety under the guidance of Peg Leg Joe. Homoeopathic remedies for all types of ailments and illnesses contracted by children, ideal for helping parents decide which medicine to use.

In this fascinatingly complex thriller, two people, each shattered by their past, team up to solve a series of killings and abductions—unspeakable crimes that turn out to be merely the surface of something far more sinister. When a woman is beheaded in a park outside Rome and her six-year-old son goes missing, the police arrest the woman's husband and await his confession. But the city's Chief of Major Crimes has his doubts and assigns two of Italy's top analytical minds to the case: Deputy Captain Colomba Caselli, a fierce, warrior-like detective still reeling from a horrific mass killing she survived, and Dante Torre, a man who spent his childhood trapped inside a concrete silo. Fed through the gloved hand of a masked kidnapper who called himself "the Father," Dante emerged from his ordeal with crippling claustrophobia but, also, with an unquenchable thirst for knowledge. All evidence suggests that the Father is back at work and wants a reunion with Dante. But when Colomba and Dante begin

unraveling the truth, they find themselves wanted for murder. Now Dante and Colomba must travel down a number of dark tunnels, both literal and figurative, as they confront the question that may solve it all: what lies beneath the water in a remote Italian quarry? And what might that revelation mean for ten children who have recently gone missing? Kill the Father boasts a brilliantly layered plot that offers new and more haunting revelations at every turn. Not since Thomas Harris's *The Silence of the Lambs* has there been as intriguing a pairing of hard-charging female detective and "damaged" savant, and not since Jo Nesbo has there been a foreign thriller talent as promising.

Relationships fall apart, marriages fail, couples break up – it happens to us all. Time corrodes passion and the routines of daily life kill the excitement that surrounds the emotion of the first encounter. The difficulty of uniting sexual pleasure with love, which Freud considered to be the most common neurosis in any love life, has become emblematic of a truth that seems undeniable: desire is destined to die if its object is not constantly renewed, if we do not change partner, if it is closed for too long in the restrictive chamber of the same bond. And yet what happens to these bonds when one of the two partners betrays the other, when the promise fails, when there is another emotional experience cloaked in secrecy and deceit? What happens if the traitor then begs forgiveness? Are they asking to be loved again and, having declared that it is not like it used to be, now want everything to go back to how it was? Should we make fun

of lovers in their attempts to make love last? Or should we try to face up to the experience of betrayal, with the offence caused by the person we love most? Should we not perhaps attempt to praise forgiveness in love?
