In an age of myriad computer fonts and instant communication, your handwriting style is increasingly a very personal creation. In this book, Margaret Shepherd, America's premier calligrapher, shows you that calligraphy is not simply a craft you can learn, but an elegant art form that you can make your own. Calligraphy remains perennially popular, often adorning wedding invitations, diplomas, and commercial signs. Whether it is Roman, Gothic, Celtic, Bookhand, or Italic style, calligraphy conveys class and elegance. Margaret Shepherd makes this ancient art form accessible in a completely hand-lettered technical guide that will: * Provide context for calligraphy as an art, exploring the rich tradition of hand-lettering and mapping the evolution of the most popular styles. * Give detailed technical advice on choosing pens, paper, and inks, setting up your workspace, mastering various pen angles, along with step-by-step illustrations to guide you as you practice. * Explain which alphabets are appropriate for different forms of writing. For example, the Roman alphabet works well for short, unpunctuated passages, while the Italic alphabet is more suited to informal everyday communication. * Encourage you to personalize your lettering by using variant strokes and interpreting how you would like the words to look on the page. * Inspire you with carefully chosen illustrations and examples, which bring letters to life. In Margaret Shepherd's own words, "Calligraphy trains not only your eye and hand, but your mind as well." Learn Calligraphy is the authoritative primer for this age-old craft, and will help develop a new appreciation for lettering as you discover your creative personality.

This volume examines various aspects of art and literature throughout history; the section pertaining to Marcus Aurelius begins on page 190.

Colleagues and students honor Prof. Rachel Hachlili with this festschrift, which offers eighteen essays on the archaeology, architecture, and iconography of ancient Judaism. They demonstrate how widely Hachlili's lifetime of research resonates with everyone interested in this field of scholarship.

Our all-time best selling book is now available in a revised and expanded second edition. Thinking with Type is the definitive guide to using typography in visual communication, from the printed page to the computer screen. This revised edition includes forty-eight pages of new content, including the latest information on style sheets for print and the web, the use of ornaments and captions, lining and non-lining numerals, the use of small caps and enlarged capitals, as well as information on captions, font licensing, mixing typefaces, and hand lettering. Throughout the book, visual examples show how to be inventive within systems of typographic form--what the rules are and how to break them. Thinking with Type is a type book for everyone: designers, writers, editors, students, and anyone else who works with words. The popular companion website to Thinking with Type (www.thinkingwithtype.com.) has been revised to reflect the new material in this second edition.

"Art of Mentoring" seriesIn the book that he was born to write, provocateur and best-selling author Christopher Hitchens inspires future generations of radicals, gadflies, mavericks, rebels, angry young (wo)men, and dissidents. Who better to speak to that person who finds him or herself in a contrarian position than Hitchens, who has made a career of disagreeing in profound and entertaining ways. This book explores the entire range of "contrary positions"-from noble dissident to gratuitous pain in the butt. In an age of overly polite debate bending over backward to reach a happy consensus within an increasingly centrist political dialogue, Hitchens pointedly pitches himself in contrast. He bemoans the loss of the skills of dialectical thinking evident in contemporary society. He understands the importance of disagreement-to personal integrity, to informed discussion, to true progress-heck, to democracy itself. Epigrammatic, spunky, witty, in your face, timeless and timely, this book is everything you would expect from a mentoring contrarian.

Typography is always one of the designer's first considerations when it comes to making a statement, and in recent years the world of lettering and type has exploded in an unprecedented wave of creative discovery. Contemporary artists, typesetters, and designers of all kinds are exploring new horizons in illustrated and hand-drawn lettering, digitally rendered lettering, and 3D lettering. This collection—large in scope but petite in size—surveys the recent lettering renaissance, showcasing a diverse range of talent in gorgeous, eye-catching examples and profiling today's innovators. In a stunning little package that expertly combines a handmade feel with a modern aesthetic, this is the ultimate inspirational collection of contemporary lettering for design buffs and type enthusiasts alike.

Typography has jumped off the printed page to stand on its own as branding, sculpture, and even architecture. *Lettering Large* examines this phenomenon through a diverse collection of images collected from a vast range of sources around the world. As technology has made construction and production of monumental letters possible, the demand for their design has grown exponentially. This book is the first to chronicle letters as presences in the urban landscape. Preeminent graphic design and typographic commentator and historian Steve Heller teams with Mirko Ilić, a noted graphic designer, to select the most dramatic and telling examples culled from sites across the United States and throughout Europe and Asia.

Artists' Letters is a treasure trove of carefully selected letters written by great artists, providing the reader with a unique insight into their characters and a glimpse into their lives. Arranged thematically, it includes writings and musings on love, work, daily life, money, travel and the creative process. On the theme of friendship, for example, letters provide evidence of a creative community between peers, with support and mutual appreciation that helps to dispel the myth of the artist as solitary genius. Letters between Vincent van Gogh and Paul Gauguin show an ongoing conversation and exchange of ideas. We see mutual admiration between Claude Monet and Berthe Morisot, and Picasso's quick notes to Jean Cocteau illustrate their closeness. Correspondence, some of which includes sketches and drawings, is reproduced with the transcript and some background and contextual information alongside. The book brings together a

collection of treasures found in letters, which in our digital age are an increasingly lost art.
