This story is about accepting the path that in some ways

were predestined; despite the distance and challenges. To find that special person who will give life meaning; create stability and will mean more than anything in the universe

A #1 New York Times and Sunday Times bestseller The long-awaited sequel to 12 RULES FOR LIFE, which has sold over 5 million copies around the world In 12 Rules for Life, acclaimed public thinker and clinical psychologist Jordan B. Peterson offered an antidote to the chaos in our lives: eternal truths applied to modern anxieties. His insights have helped millions of readers and resonated powerfully around the world. Now in this much-anticipated sequel, Peterson goes further, showing that part of life's meaning comes from reaching out into the domain beyond what we know, and adapting to an ever-transforming world. While an excess of chaos threatens us with uncertainty, an excess of order leads to a lack of curiosity and creative vitality. Beyond Order therefore calls on us to balance the two fundamental principles of reality - order and chaos - and reveals the profound meaning that can be found on the path that divides them. In times of instability and suffering, Peterson reminds us that there are sources of strength on which we can all draw: insights borrowed from psychology, philosophy, and humanity's greatest myths and stories. Drawing on the hard-won truths of ancient wisdom, as well as deeply personal lessons from his own life and clinical practice, Peterson offers twelve new principles to guide readers towards a more courageous, truthful and meaningful life. She was broken. He was lonely. Both were trying to emerge from the ruins of their past. Dr Avni, a first-year

postgraduate student in medicine, was gathering the broken pieces of her heart, trying to find a new meaning for her life. Dr Aakash, a senior, was trying to lose himself in the chaos of the world, perhaps in his quest to find himself. Somewhere along the journey, they found each other. Their unconditional love washed away all their pain and seemed to open the path to eternal happiness. It appeared that they had finally found their destination until fate decided to throw a challenge where they had no choice but to let go. Despite that, she couldn't let go of her insecurities and fears, and he couldn't let go of her. Love Beyond the Horizon is a journey of love, longing, and loss; a story of unconditional love that transcends time; and of unfathomable destiny that has its own plans.

A man named Jesus, whom is considered the Christ by countless people around the world to this day, lost his life at the hands of barbarians while residing in Canaan, where he devoted his life to making those around him aware they had the potential to become gods. Despite the accumulation of so many technological innovations over the past two millennium that were supposed to ease the daily hardship of people everywhere, so more time could be devoted to pursuits that cultivate the mind, evidence indicates that the size of the Homo-sapien brain, male and female alike, has persistently decreased over this passage of time. The pain, and suffering, endured by Jesus was supposed to serve as a wake up call to the savages in his midst, and the generations to follow, that they had much to learn about what he means to be civilized, as we see amply evidence of to this very

day.

All the tales are loosely based on experiences by both authors with ghosts during their paranormal research over many, many years. Every tale wrote about in these fictional tales of ghosts and their afterlife are imagined in a "what if" and "could this be true" situation of strange and exciting twists and turns that leaves the reader wondering what is around the next corner or on the next page for the characters of each story. Each story comes from the minds and imaginations of Daniel Norvell and Sandra Wells in regards to several theories used today in mainstream paranormal research. The fact is, you already know how to find yourself; you have just gotten distracted and disoriented. Once refocused, you will realize that you not only have the ability to find yourself, you have the ability to free yourself.

Whether you choose to do so or not is entirely up to you. But upon completion of your journey through these chapters, there will be no more confusion, no more lack of empowerment, and no more blaming others. You will know exactly what must be done. And should you choose to devote yourself to the ongoing journey of self-realization, you will develop a tremendous sense of respect for who you really are.
