Expanding on Proven Success with Horngren's Financial and Managerial Accounting Horngren's Financial and Managerial Accounting presents the core content of the accounting course in a fresh format designed to help today's learners succeed. The Eleventh Edition expands on the proven success of the significant revision to the Horngren franchise and uses what the authors have learned from focus groups, market feedback, and colleagues to create livelier classrooms, provide meaningful learning tools, and give professors resources to help students inside and outside the class. First, the authors ensured that content was clear, consistent, and above all, accurate. Every chapter is reviewed to ensure that students understand what they are reading and that there is consistency from chapter to chapter. The author team worked every single accounting problem and employed a team of accounting professors from across the nation to review for accuracy. This edition continues the focus on student success and provides resources for professors to create an active and engaging classroom. Through MyAccountingLab, students have the opportunity to watch author recorded solution videos, practice the accounting cycle using an interactive tutorial, and watch in-depth author-driven animated

today's learners succeed. As teachers first, the author team knows the importance of delivering a reader experience free of obstacles. Their pedagogy and content uses leading methods in teaching readers critical foundational topics and concentrates on improving individual results--all tested in class by the authors themselves. With this in mind, the 6th Edition continues to focus on readability and comprehension and takes this a step further in the managerial chapters by employing a new theme to help readers see how managerial accounting is used as a tool to help all business people make decisions. By providing more meaningful learning tools, this title helps readers clear hurdles, like never before. Also available with MyLab Accounting MyLab(tm) Accounting is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. The book provides a comprehensive introduction to the main principles of financial accounting, management accounting, and the core elements of financial management. With a focus on how accounting information can be used to improve the quality of decision making by managers.

Horngren's Cost Accounting defines the cost accounting market and continues to innovate today by consistently integrating the most current practice and theory into the text. This acclaimed, market-leading text emphasizes the basic theme of "different costs for different purposes," and reaches beyond cost accounting procedures to consider concepts, analyses, and management. The 16th Edition incorporates the latest research and most up-to-date thinking into all relevant chapters, so that students are prepared for the rewards and challenges they will face in the professional cost accounting world of today and tomorrow.
