From crinkly leaves to a fuzzy blanket, oversized touch-and-feel elements introduce preschoolers to the lively world of Peter Rabbit.

Suppose your country began to change. Suppose that without your noticing, it became dangerous for some people to live in Germany any longer. Suppose you found, to your complete surprise, that your own father was one of those people. That is what happened to Anna in 1933. She was nine years old when it began, too busy with her schoolwork and tobogganing to take much notice of political posters, but out of them glared the face of Adolf Hitler, the man who would soon change the whole of Europe - starting with her own small life. Anna suddenly found things moving too fast for her to understand. One day, her father was unaccountably missing. Then she herself and her brother Max were being rushed by their mother, in alarming secrecy, away from everything they knew - home and schoolmates and well-loved toys - right out of Germany...

A witch tries to make her sick cat better with a specially-brewed potion.

Anna is not sure who Hitler is, but she sees his face on posters all over Berlin. Then one morning, Anna and her brother awake to find her father gone! Her mother explains that their father has had to leave and soon they will secretly join him. Anna just doesn't understand. Why do their parents keep insisting that Germany is no longer safe for Jews like them? Because of Hitler, Anna must leave everything behind. Based on the
