If you are a beginner, a crochet pattern can certainly look like a foreign language. The first step in learning how to crochet is to learn the basics of crochet. When mastering a very basic crochet needle, there are a few easy-to-learn crochet needles like basketball points, popcorn points, and checkerboard prints! Here, in this book, you will get an insight into all of the things you need to know about the hobby of crochet. The book gives detailed explanations and instructions, as well as images of all the steps you need to know to become a successful crocheter. So, no matter if you are just a beginner or have some experience in crochet, you will learn some new things from this book, and you will improve your crochet skills once you go through this book and practice it the presented steps. You will first learn how to do the most basic stitches, and then you will move forward to the more complex, but still doable stitches. The basic stitches are basic because they are the most commonly used ones, and using only those stitches can lead to extraordinary resulting products. However, there are times when the patterns require some other kinds of stitches. Also, you will find some tips and tricks that you would probably learn over the course of years of crocheting, but it is way better when someone tells you their mistakes in advance so that you don't make them. I hope that you will find crochet very satisfying because of all the relaxation and the outcome it gives. Also, I hope that once you learn and acquire the skills, you will use them throughout your life because skills like these don't disappear, with years, you feel the urge to learn more things like these because they help you cope with so many things in your life that the experience itself is priceless. This book covers the following topics: ?Background of crocheting ?How to read stitch patterns? ?Crochet tools and materials ?Understanding the crochet hook ?Types of crochet ?Tips to get started ?How to work crochet for right-handed people ?How to work crochet for left-handed people ?Basic crochet stitches ?More basic crochet stitches ?Some expert crochet stitches ?Ten most common mistakes in crochet ?... And much more Create your own history with crochet and pass it on to your family and other loved ones. I well remember sitting at my grandmother's knee while she taught my brother and me how to crochet, taking the time to correct us when mistakes were made and applaud us for our successes. Too little time is taken today to hand down traditions to families, so perhaps this is one you can start. Take the time and make it something special. Remember, this is a true form of hand needle-art that has been used for generations. Why let it end in our generation? What a shame it would be that our future could exist without the loveliness of crochet. Be creative. Pass it on. Become part of living history. Be a part of your family's history, and leave them those heirlooms and legacies they deserve. I wish you all happy crocheting! Ready to get started? Click "Buy Now"!

* 55% OFF for Bookstores! NOW at \$39.95 instead of 49.95 * Would you like to learn the Macrame Technique or to Crochet? Your Customers Will Never Stop to Use Awesome Book! My grandmothers were not lace makers, but embroiderers, and they transmitted to me the love for the ancient manual works called "female arts", such as crochet, needles, fork, macramé, knots, weaves, embroidery, etc. Macrame

and crochet are very popular hobbies. And despite being different techniques, each of them offers very similar sensations and rewards to those who practice it. So where to start? The irons are many, the measures are complicated, the schemes seem incomprehensible. That's why I want to help you and accompany you in this magical world of female arts. A beginner always imagines that there are millions of secret and dark techniques, but in reality, with patience and dedication you will see that it will be easier than you think to make your first creations. In this Collection of 2 books - Crochet for beginners - Macrame You will find everything you need to start creating with wool, crochet, or making splendid macrame accessories and decorating your home with tapestries and pots of knots made by you. It is fascinating to think how by weaving a thread in different ways, with a combination of a few basic stitches, it is possible to create such different objects. Thinking that what was initially just a thread gathered in a ball, after months of work has become the doily or blanket in my hands, always leaves me amazed. Learning is not difficult. To start you must have desire and enthusiasm and you will discover that once trained, your hands will be able to give birth to many things; beautiful or not at the beginning it doesn't matter, Exercise is the key to everything. But it NOW and let your customers get addicted to this amazing book

A Fun Way to Learn to Crochet for Kids by Rita Weiss and Jean Leinhauser introduces a new method of teaching young children the simple basics of crochet. For each crochet stitch or technique, an actual-size drawing is presented so that the child can place her work on the drawing to be sure that what she is doing is correct. Kid-friendly explanations and instructions accompany the illustrations. After learning the basics, children are invited to practice their new skills on five simple projects: In a Hurry Headband, Sacks for Your Stuff, Tablet or E-Reader Sack, All Stripes Scarf, and Roll-Up Holder for Your Hooks or Pencils.

Have you decided to learn how to crochet and don't know where to start? Crochet is an ancient art that embodies an incredible tradition of knowledge and craftsmanship. I remember that my grandmother was sitting on the sofa and, while watching television in a completely natural and automatic way, she managed almost by magic, from a "thread" and a "underwire", to create wonderful masterpieces, which she usually then gave as a gift. Crochet is beautiful but mistakes are easy. It can happen to anyone, both those who are beginners (don't forget the advice) and those who are experts. In this guide, I have listed 5 of the most common crochet mistakes I have made, which others are making and many others will make. I hope they are useful to make you understand if you do it too. Correcting mistakes isn't difficult, just get started. You will learn the basic crochet stitches thanks to simple instructions and clear images and you will start the first creations that with a little exercise and patience, you should be able to know in a short time, perhaps adding a little of your creativity and imagination to it. Up to the doily challenge, a timeless classic. To answer the initial question... To learn you must have the desire and enthusiasm, the certainty that once trained to hold that thread and that hook, our hands will be able to give birth to many things; nice or not at the beginning it doesn't matter. Exercise is the key to everything. In summary, even if you are a beginner but want to start, you only need a crochet hook, a thread and this book to open the dance of the hands! What are you doing? Have you decided to learn how to crochet and don't know where to start? Crochet is an ancient art that embodies an incredible tradition of knowledge and craftsmanship. I remember that my grandmother was sitting on the sofa and, while watching television in a completely natural and automatic way, she managed almost by magic, from a "thread" and a "underwire", to create wonderful masterpieces, which she usually then gave as a gift. Crochet is beautiful but mistakes are easy. It can happen to anyone, both those who are beginners (don't forget the advice) and those who are experts. In this guide, I have listed 5 of the most common crochet mistakes I have made, which others are making and many others will make. I hope they are useful to make you understand if you do it too. Correcting mistakes isn't difficult, just get started. You will learn the basic crochet stitches thanks to simple instructions and clear images and you will start the first creations that with a little exercise and patience, you should be able to know in a short time, perhaps adding a little of your creativity and imagination to it. Up to the doily challenge, a timeless classic. To answer the initial question... To learn you must have the desire and enthusiasm, the certainty that once trained to hold that thread and that hook, our hands will be able to give birth to many things; nice or not at the beginning it doesn't matter. Exercise is the key to everything. In summary, even if you are a beginner but want to start, you only need a crochet hook, a thread and this book to open the dance of the hands! What are you doing? Do you try or not?

Have you ever wanted to crochet Afghan or throw but felt like it was too big of a job? Do you think it's impossible for a beginner to put together something so big? Would you like to create a special and meaningful gift for someone? With this book, we'll teach you the basics of crocheting and guide you through making your very first Afghan. We'll start you off with the history of both crafts and a simple how-to guide on the basics. Once you've mastered those, you're ready to get started! Ever wonder where the term Afghan comes from? We'll cover the equipment you'll need and then show you with clear and simple instructions and illustrations the stitches and techniques you need to create a beautiful heirloom Afghan. Inside you will find a review of the main crochet stitches and materials often used in crochet projects, in case you are new to the craft, or are looking for a refresher. We've included several easy Afghan and throw patterns perfect for the beginner. Ready to move on from there? You'll find some challenging patterns as well. Even if you've never picked up a crochet hook or knitting needle before you will be able to crochet or knit your very own Afghan and throw by the time you finish this book. Complete with illustrations we'll guide you through the basics and help you discover how to make your very own Afghan. This is the perfect book for any beginner or novice crocheter or knitter wanting to create their very first Afghan. Comments From Other Readers "I've been crocheting for years. My 12 year old wanted to learn and I thought a blanket would be a good way to start her out. This book provides fresh patterns and projects that are perfect for new and advanced crocheters and knitters. It is a beginner-friendly that allows the crafter to build skills and confidence. It contains easy-to-follow instructions that are clear enough to make amazing stitches. I would recommend it to anyone!" - Kelli (Manitoba, Canada) "My Grandmother used to always make beautiful afghans for me and I was always regretting not learning from her. I was so happy to find this ebook! I'm working on an afghan right now and seeing some great progress. The instructions are clearly written and are very helpful. This ebook is ideal for anyone that wants a beginner guide to this traditional craft. I loved that it included both crocheting and knitting! I think my Grandmother would be proud!" - Emma (New York, USA) Tags: homemade, yarn, crochet, beginners crochet, Christmas, holiday, winter, knit, Crocheting, Crochet, Afghan, knitting, one day crocheting, Christmas projects, Crochet Projects, Christmas Gifts, DIY gifts, crochet afghan, afghan crochet projects, how to crochet, needlework, knitting, cross-stitching, one day projects, one day crochet, afghans, throws, blankets, DIY crochet
