L'autrice è stata per anni insegnante di lingua Inglese presso l'istituto tecnico commerciale "R. Serra" di Cesena, dove risiede. Fin da ragazza amava scrivere poesie, amore che non ha mai abbandonato perché l'ispirazione è sempre sorta spontanea e irrimediabile in base a fatti o sentimenti profondamente percepiti. Da quando è in pensione, viaggia molto curando molteplici interessi, non ultimo quello per le Aurore Boreali che la portano ogni inverno oltre il Circolo Polare Artico per assistere a questo incredibile fenomeno della Natura. Da circa sette anni studia e balla il tango argentino che sente come il modo a lei congeniale di esprimere la musica attraverso il ballo. Va spesso a Buenos Aires, culla del vero tango argentino, dove si perfeziona approfondendo anche l'aspetto maggiormente legato alla relazione di sé con l'altro e con gli altri. Ovviamente non potevano mancare in questa raccolta, poesie ispirate dal tango e dai "tangueros" con cui ha ballato in tutti questi anni. Si diletta, inoltre a scrivere poesie in Inglese, in Spagnolo e anche in dialetto Siciliano che è un altro dei suoi molteplici amori. A hilarious and sweetly philosophical twist on a classic tale-three penguin pals refuse to enter the ark two by two.

"Pierluigi Cappello's poems seem all to have been written in pencil: elegies for fading memories, they threaten impermanence on the page. And yet the words hold, so assured are they in their leave-taking. What results is a startling optimism, a cool resignation. 'The future is what remains, what's left of all that's been called upon' he writes in the poem 'Shadows'--and then, as if in revolt: 'to the rifling past of 'summoned faces, I add my own'--"

Snuggle up with your favorite nursery rhymes, drift into the magical worlds of all your most treasured fairy-tale characters, and find new stories and adventures to fill imaginations every bedtime of the year Sweet dreams.

On the bridge across the icy river he starts a secret society and has adventures. But one night he discovers that his father's bed is also empty and will have to come terms with his father's new-found love. The harsh reality of Joel's world comes vividly to life and leaves the reader spellbound.

This essay is an attempt to reconcile the disturbing contradiction between the striving for order in nature and in man and the principle of entropy implicit in the second law of thermodynamics - between the tendency toward greater organization and the general trend of the material universe toward death and disorder.

Noah is running away from his problems the day he takes the untrodden path through the forest - or at least that's what he thinks. When he comes across a very unusual toyshop and meets the even more unusual toymaker, he's not sure what to expect. But the toymaker has a story to tell, a story full of adventure, wonder and broken promises. And Noah travels with him on a journey that will change his life for ever. A thought-provoking fable from the author of the bestselling *Boy in the Striped Pyjamas*.

When Spiky loses his spikes, he must learn to share his softer side. Spiky lives in the dark of the forest, where he spends his days being very, very bad, bullying the other forest creatures and sharpening the spikes on his body. Those spikes are handy for keeping everybody at a distance, and that's just how Spiky likes it! But then one day the unthinkable happens: Spiky starts losing his spikes! Soon he is left looking as soft and as pink as a soft, pink marshmallow. What will Spiky do, now that he can no longer scare away the other forest creatures? Will he have to (gulp!) make friends? It's a good thing Bernardo the bunny comes along

to show him how it's done. First published in Italy, this charming story of friendship will have children giggling until the very end.

Una raccolta di prose e interventi di un grande scrittore, un libello prezioso, agile ma densissimo, in cui Pierluigi Cappello racchiude con estrema semplicità e fascino letterario il suo personale concetto di poesia. Una ricerca della "realtà ignota" nascosta nella "realtà nota", così come accade nella celebre fotografia di José Enrique Azevedo: lo scatto di una violenta tempesta nelle Azzorre, con le forti onde che sbattono sulle scogliere, scopre il profilo di un vecchio, la barba d'acqua e i folti capelli bianchi di schiuma. È Nettuno, il dio del mare. Una rivelazione: da quel "saper vedere le cose" emerge una realtà carica di simbolismi, un senso poetico che Cappello cerca di osservare da varie angolazioni in questi scritti, incuneati tra il saggio, il racconto e la prosa d'arte. Dal medioevo dantesco alla guerra di Troia alla Germania nazista, da Ungaretti a D'Annunzio a Pasolini, il poeta friulano solleva il velo della verità apparente per accompagnarci attraverso le forme nuove di un mondo che non abbiamo mai visto prima.

Rebecca's parents were born to very different families. One wealthy, one all but destitute, they were united only by their striking mutual beauty. But the sole child to bless their great romantic fairy tale is a daughter of startling ugliness. The shock of having given birth to such a monster leads the mother to withdraw both herself and her daughter from the world. Only by keeping her child indoors, away from strangers' eyes, can she protect her from their disgust. But against all odds, with a little help from some remarkable friends, Rebecca discovers a talent for music that proves that inner beauty can outshine any other. *A Life Apart* is an irresistible modern fable that will resonate with anyone who has ever felt that they don't belong.

This volume is based on a poem by Edward Lear, published in 1877, that was illustrated and organized afterwards by Lica Sainciuc over a long period of 1978-1988-2008 into a book, in which the last also used old drawings by Edward Lear. "A lyrical and erotic reimagining of the gay Greek-Alexandrian poet C.P. Cavafy's three-day trip to Paris in 1897 . . . dizzying, fevered and beautiful." —The Millions Winner of the 2019 National Translation Award In June 1897, the young Constantine Cavafy arrives in Paris on the last stop of a long European tour, a trip that will deeply shape his future and push him toward his poetic inclination. With this lyrical novel, tinged with a hallucinatory eroticism that unfolds over three unforgettable days, celebrated Greek author Ersi Sotiropoulos depicts Cavafy in the midst of a journey of self-discovery across a continent on the brink of massive change. He is by turns exhilarated and tormented by his homosexuality; the Greek-Turkish War has ended in Greece's defeat and humiliation; France is torn by the Dreyfus Affair, and Cavafy's native Alexandria has surrendered to the indolent rhythms of the East. A stunning portrait of a budding author—before he became one of the 20th century's greatest poets—that illuminates the complex relationship of art, life, and the erotic desires that trigger creativity. "A perfect book." ?Edmund White, author of *A Boy's Own Story* "The novel is as sensual as it is erudite, a stirring intimate exploration of the private, earthy place where creation commences." ?The Wall Street Journal "A remarkable novel . . . both a radiant work of the imagination and a fitting tribute to the greatest Greek poet of the twentieth century." ?The Times Literary Supplement "Engaging and original . . . powerfully erotic . . . This is a hallucinatory work of art, in every sense." ?The Literary Review

The sequel to his famous book, "More Notes of a Dirty Old Man" reprints rare Bukowski columns unseen in decades.

Our species is misnamed. Though sapiens defines human beings as "wise" what humans do especially well is to prospect the future. We are homo prospectus. In this book, Martin E. P. Seligman, Peter Railton, Roy F. Baumeister, and Chandra Sripada argue it is anticipating and evaluating future possibilities for the guidance of thought and

action that is the cornerstone of human success. Much of the history of psychology has been dominated by a framework in which people's behavior is driven by past history (memory) and present circumstances (perception and motivation). *Homo Prospectus* reassesses this idea, pushing focus to the future front and center and opening discussion of a new field of Psychology and Neuroscience. The authors delve into four modes in which prospection operates: the implicit mind, deliberate thought, mind-wandering, and collective (social) imagination. They then explore prospection's role in some of life's most enduring questions: Why do people think about the future? Do we have free will? What is the nature of intuition, and how might it function in ethics? How does emotion function in human psychology? Is there a common causal process in different psychopathologies? Does our creativity change with age? In this remarkable convergence of research in philosophy, statistics, decision theory, psychology, and neuroscience, *Homo Prospectus* shows how human prospection fundamentally reshapes our understanding of key cognitive processes, thereby improving individual and social functioning. It aims to galvanize interest in this new science from scholars in psychology, neuroscience, and philosophy, as well as an educated public curious about what makes humanity what it is.

L'emigrazione è una fuga dolorosa e atroce, un folle atto di sradicamento, un movimento contrario al normale corso che la vita di un numero sempre maggiore di persone dovrebbe invece seguire. Giovanni Greci, con la sua analisi precisa, ci porta con sé alla scoperta della vasta letteratura per ragazzi che ha l'emigrazione e tutto ciò che ruota intorno ad essa come tema centrale. Ci consente così di conoscere chi l'ha affrontata in prima persona, che siano personaggi reali o romanzati, e le svariate vicende generatesi in quei contesti. Ai lettori sembrerà di viaggiare verso l'America con una sacca piena di speranza e voglia di riscatto, poi si sentiranno travolti dalle masse in viaggio dal Sud al Nord del mondo per cambiare la propria vita, soffriranno insieme a chi è troppo piccolo per immaginare di intraprendere un viaggio di fuga dal proprio Paese, eppure lo deve fare come unica possibilità di salvezza. Attraverso queste e moltissime altre traiettorie ed emozioni, l'autore traccia una mappa letteraria completa, da sottoporre ai più giovani come metodo di comprensione e sensibilizzazione che apre gli occhi sul mondo e fa riflettere sul passato, ma anche su un presente migratorio sempre più drammatico. Giovanni Greci è stato responsabile della Biblioteca

Il tango è sensualità, seduzione, passione. Fatto di regole, gesti e sguardi, è un ballo tra anime, non solo tra corpi, è gioco di forme, di combinazioni possibili, e per Mario, il tanghèro protagonista di questa raccolta, rappresenta un microcosmo in cui gravitano donne fatali e sanguigne, maestri esotici, fotografi aggressivi, principianti allo sbaraglio. Tra vicende reali e surreali, milonghe affollate e personaggi bizzarri, mocassini aerodinamici e posture impeccabili, il tango diviene sentimento, "pensieri tristi che si ballano" in quell'abbraccio fra uomo e donna perfetto come perfette devono essere le scarpe, amatissime dalle ballerine, con i tacchi vertiginosi e i laccetti colorati. Attraverso i diciassette racconti di Vado a comprarmi le scarpe da tango si compone, così, un viaggio

musicale che indaga con passo leggero e ritmo serrato la comunicazione umana, le relazioni emotive, la vita nelle sue intense e delicate geometrie.
