A year's worth of vital industry data plus analysis that helps you plan for the future. Statistics for Evidence-Based Practice in Nursing, Second Edition presents statistics in a readable, user-friendly manner for both graduate students and the professional nurse. Originally published in 1991, although written in the 1970s when the New Orthodoxy was exerting its most powerful influence upon students of the period, this book examines what changed and what did not change in Germany as a result of the Revolution of 1918. It discusses in particular, aspects of German life which the Social Democrats had singled out for change, and specifically political, land, and educational reform and the liberalization of the cultural and artistic climate.

This book gives a full account of the development process for automotive transmissions. Main topics: - Overview of the traffic – vehicle – transmission system - Mediating the power flow in vehicles - Selecting the ratios - Vehicle transmission systems - basic design principles - Typical designs of vehicle transmissions - Layout and design of important components, e.g. gearshifting mechanisms, moving-off elements, pumps, retarders - Transmission control units - Product development process, Manufacturing technology of vehicle transmissions, Reliability and testing The book covers manual, automated manual and automatic transmissions as well as continuously variable transmissions and hybrid drives for passenger cars and commercial vehicles. Furthermore, final drives, power take-offs and transfer gearboxes for 4-WD-vehicles are considered. Since the release of the first edition in 1999 there have been a lot of changes in the field of vehicles and transmissions. About 40% of the second edition's content is new or revised with new data.

Automotive Transmissions Fundamentals, Selection, Design and Application Springer Science & Business Media

Krause Publications' Standard Catalog series is available by specific marque, in individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The I-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flammang values each model according to the popular 1-6 grading system

invented by Old Cars magazine.

For 31 years, The Dallas Mavericks had seasons end in disappointment. Every year, they tried again to find the right combination, only to find another dead end. But in the 2010-11 season, the Mavericks finally found the right mix around their superstar, Dirk Nowitzki, and shocked the basketball world by winning their first NBA Championship. Through extensive interviews and covering the Mavericks as a passionate journalist, Sturm illuminates what exactly brought the Mavericks together as a team. THIS YEAR IS DIFFERENT covers all the important details of the Dallas Mavericks' 2011 championship season, including: The transformation of the Dallas Mavericks franchise from perennial loser to NBA powerhouse. Dirk Nowitzki's career-long battle to cement his dynasty with an NBA championship, including a bitter loss in the 2006 Finals to Dwyane Wade's Miami Heat. Tracing the ups and downs of the 2011 campaign, as the Mavs soared to the top of the standings, only to suffer critical injuries mid-season and a string of losses which threatened their playoff hopes. A game-by-game recap of the Mavericks' 2011 playoff run, as they battled through the quarter-, semi-, and Western Conference Finals for a chance to compete for the NBA championship. The epic story of the 2011 NBA Finals, as Nowitzki and the Mavs took on Miami's "Big Three," in a rematch of Dallas' heartbreaking loss in the 2006 Finals, and how the Mavericks overcame all odds to win their first NBA Championship. Now available in paperback! Lewis captures the wide variety of famous and obscure British car makers in this unique encyclopedic collection. Brief histories plus descriptions, specs, performance figures, production numbers and dates, and photographs combine to deliver this classic look at the variety of British-manufactured cars of the 1980s. Contains production numbers and dates, specs, body types, and historical notes on all makes.

A fully illustrated and affectionate look at British luxury cars of the 1950s and '60s with appeal to classic car enthusiasts and those interested in the history of the British car industry. Model units help teachers use specific pieces of literature to enhance children's understanding of a basic concept or a literary element.

Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

When Chase Morsey Jr. joins Ford Motor Co. in 1948, he has no idea the part he'll play in automotive history. Morsey's arrival comes as Henry Ford II and other titans in the industry are about to kill the vaunted V-8 engine. He sees it as his sole mission to talk them out of it. In *The Man Who Saved the V-8*, he shares the never-before-told story of how his crusade saved the engine that would go on to power iconic cars like the Ford Thunderbird and Mustang. "To this day, I have no idea how a young, newly hired manager like myself...had the nerve to challenge the most powerful men inside Ford Motor Company and tell them they were wrong," Morsey says. "But that is exactly what I did." The twenty-nine-year-old executive embarks on massive market research. He works with manufacturing experts to find ways to produce the V-8 engine more efficiently. After finding success, he goes on to continue playing a central role in some of the most pivotal decisions that would ensure Ford remains one of the powerhouses in the automotive industry. *The Man Who Saved the V-8* tells the story of his successes and lessons learned.

From the author of the celebrated classic *Louder Than Hell* comes an oral history of the badass Heavy Metal lifestyle—the debauchery, demolition, and headbanging dedication—featuring metalhead musicians from Black Sabbath and Judas Priest to Twisted Sister and Quiet Riot to Disturbed, Megadeth, Throwdown and more. In his song “You Can’t Kill Rock and Roll” Ozzy Osbourne sings, “Rock and roll is my religion and my law.” This is the mantra of the metal legends who populate *Raising Hell*—artists from Black Sabbath, Judas Priest, Slipknot, Slayer, and Lamb of God to Twisted Sister, Quiet Riot, Disturbed, Megadeth, and many more! It’s also the guiding principle for underground voices like Misery Index, Gorgoroth, Municipal Waste, and Throwdown. Through the decades, the metal scene has been populated by colorful individuals who have thwarted convention and lived by their own rules. For many, vice has been virtue, and the opportunity to record albums and tour has been an invitation to push boundaries and blow the lid off a Pandora’s box of riotous experiences: thievery, vandalism, hedonism, the occult, stage mishaps, mosh pit atrocities, and general insanity. To the figures in this book, metal is a means of banding together to stick a big middle

finger to a society that had already decided they didn't belong. Whether they were oddballs who didn't fit in or angry kids from troubled backgrounds, metal gave them a sense of identity. Drawing from 150-plus first-hand interviews with vocalists, guitarists, bassists, keyboardists, and drummers, music journalist Jon Wiederhorn offers this collection of wild shenanigans from metal's heaviest and most iconic acts—the parties, the tours, the mosh pits, the rage, the joy, the sex, the drugs . . . the heavy metal life! Horns up!
